(57) **CLAIM**

The ornamental design for tablet computer with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence for a tablet computer with animated graphical user interface showing the new design; FIG. 2 is a front view of a second image thereof; and, FIG. 3 is a front view of a third image thereof. The appearance of the image transitions sequentially between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design. The broken lines shown in the drawings depict the tablet computer and form no part of the claimed design.
