(57) **CLAIM**

The ornamental design for an operating grip for endoscope, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of an operating grip for endoscope showing my new design; FIG. 2 is a top, front and right side perspective view thereof; FIG. 3 is a bottom, front and left side perspective view thereof; FIG. 4 is a front elevational view thereof; FIG. 5 is a rear elevational view thereof; FIG. 6 is a top plan view thereof; FIG. 7 is a bottom plan view thereof; FIG. 8 is a left side elevational view thereof; and FIG. 9 is a right side elevational view thereof. FIG. 10 is a cross-sectional view thereof taken along line 10-10 of FIG. 4 and a portion defined by an arrow A and an arrow B of FIG. 9, in which an internal structure thereof is not shown; and, FIG. 11 is a top, front and right side enlarged perspective view thereof in a state where the lever is removed. The broken lines showing the portions of the operating grip for endoscope in all views shown represent unclaimed subject matter and form no part of the claimed design.
