(57) **CLAIM**

The ornamental design for a connection interface cube, as shown and described.

DESCRIPTION

FIG. 1 is a perspective front view of the ornamental design for a connection interface cube;
FIG. 2 is a perspective back view of the ornamental design for a connection interface cube;
FIG. 3 is a perspective down view of the ornamental design for a connection interface cube;
FIG. 4 is a first side view of the ornamental design for a connection interface cube;
FIG. 5 is a second side view of the ornamental design for a connection interface cube;
FIG. 6 is a third side view of the ornamental design for a connection interface cube;
FIG. 7 is a fourth side view of the ornamental design for a connection interface cube;
FIG. 8 is a top down view of the ornamental design for a connection interface cube; and,
FIG. 9 is a bottom view of the ornamental design for a connection interface cube.
The broken lines showing portions of the connection interface cube form no part of the claimed design.
