(57) **CLAIM**

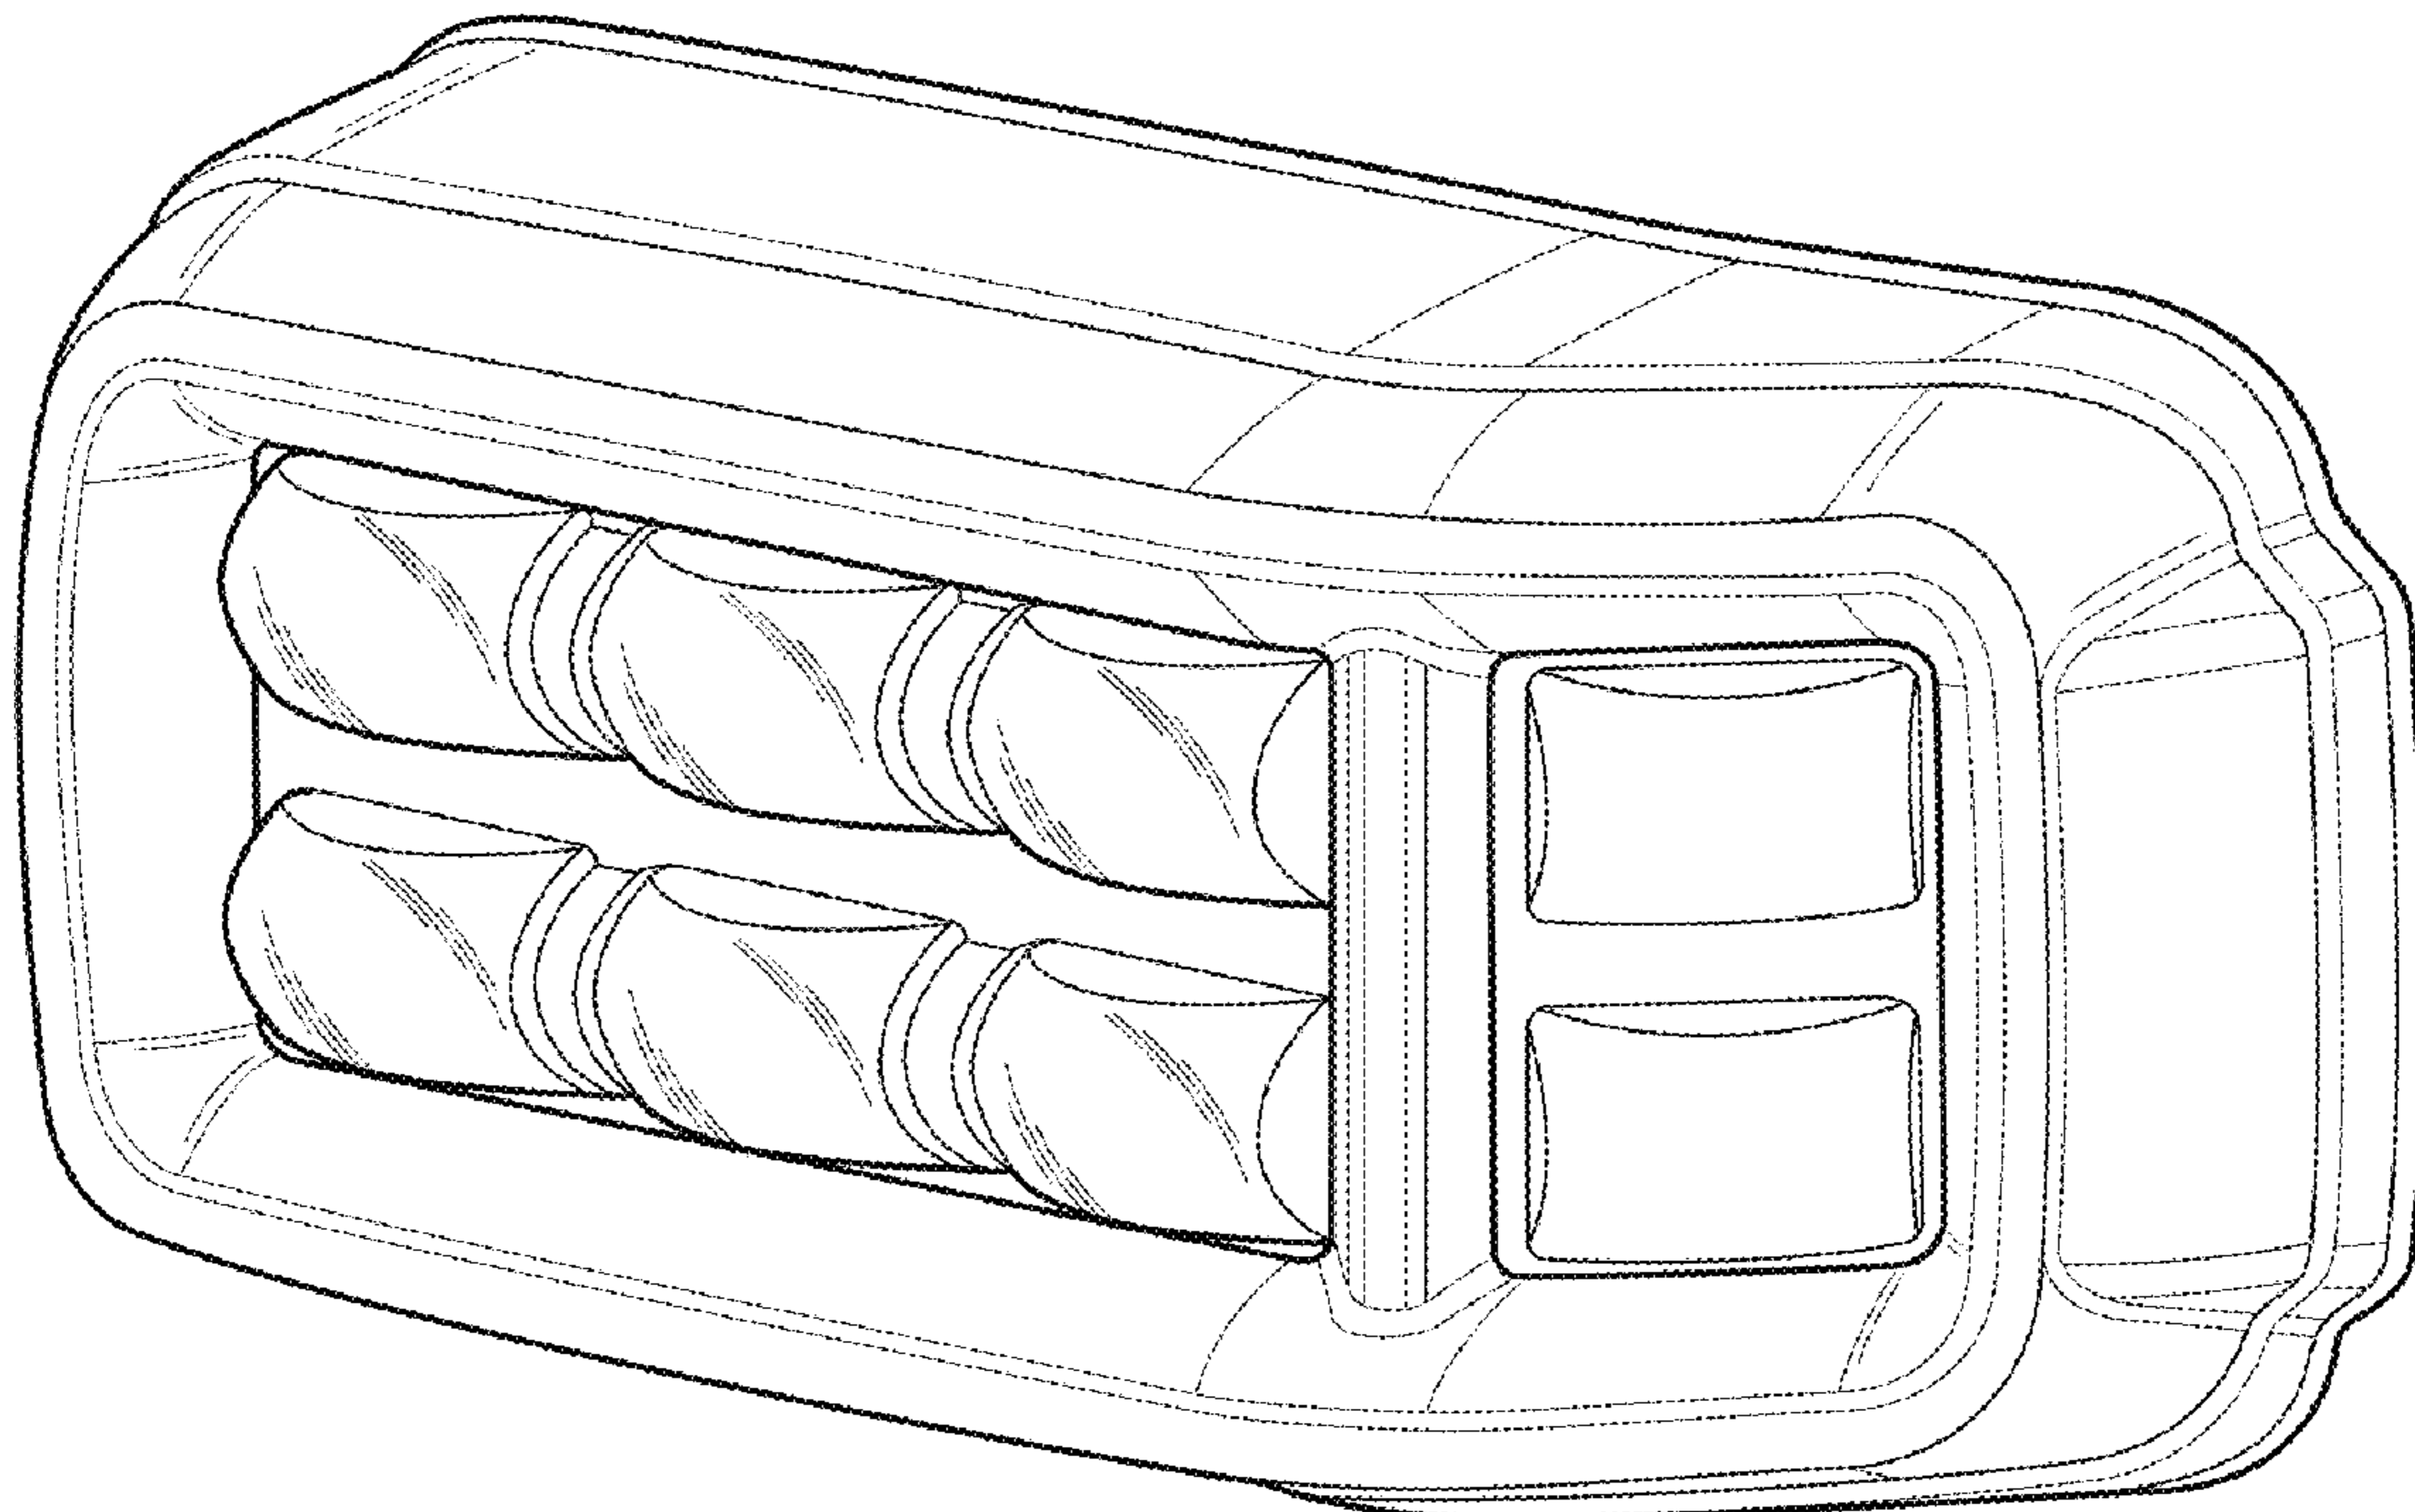

The ornamental design for a bumper upper with cornering lamp, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the bumper upper with cornering lamp design of the present invention;
FIG. 2 is a rear perspective view of the bumper upper with cornering lamp design of the present invention;
FIG. 3 is a front view of the bumper upper with cornering lamp design of the present invention;
FIG. 4 is a top view of the bumper upper with cornering lamp design of the present invention;
FIG. 5 is a bottom view of the bumper upper with cornering lamp design of the present invention;
FIG. 6 is a side view of the bumper upper with cornering lamp design of the present invention; and,
FIG. 7 is an opposite side view of the bumper upper with cornering lamp design of the present invention.

The broken lines shown in the drawings represent portions of the bumper upper with cornering lamp that form no part of the claimed design.
