(57) **CLAIM**

The ornamental design for a laser system display, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a laser system display showing our new design, where the laser system display is depicted in an operational state;
 FIG. 2 is an enlarged front plan view thereof;
 FIG. 3 is another perspective view thereof, wherein the laser system display is depicted in a first alternative operational state;
 FIG. 4 is another enlarged front plan view thereof, wherein the laser system display is depicted in the first alternative operational state;
 FIG. 5 is another perspective view thereof, wherein the laser system display is depicted in a second alternative operational state; and,
 FIG. 6 is another enlarged front plan view thereof, wherein the laser system display is depicted in the second alternative operational state.
 The broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design.

1 Claim, 6 Drawing Sheets
