FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design in accordance with a first embodiment; and, FIG. 2 is a front view of a display screen or portion thereof with graphical user interface showing our new design in accordance with a second embodiment.

The outermost sharp-cornered broken line rectangle illustrates a display screen. The broken lines within this rectangle illustrate portions of the graphical user interface. The broken lines shown outside of the rectangle illustrate a mobile electronic device as the environment of the display screen. The broken lines form no part of the claimed design.
