(57) **CLAIM**

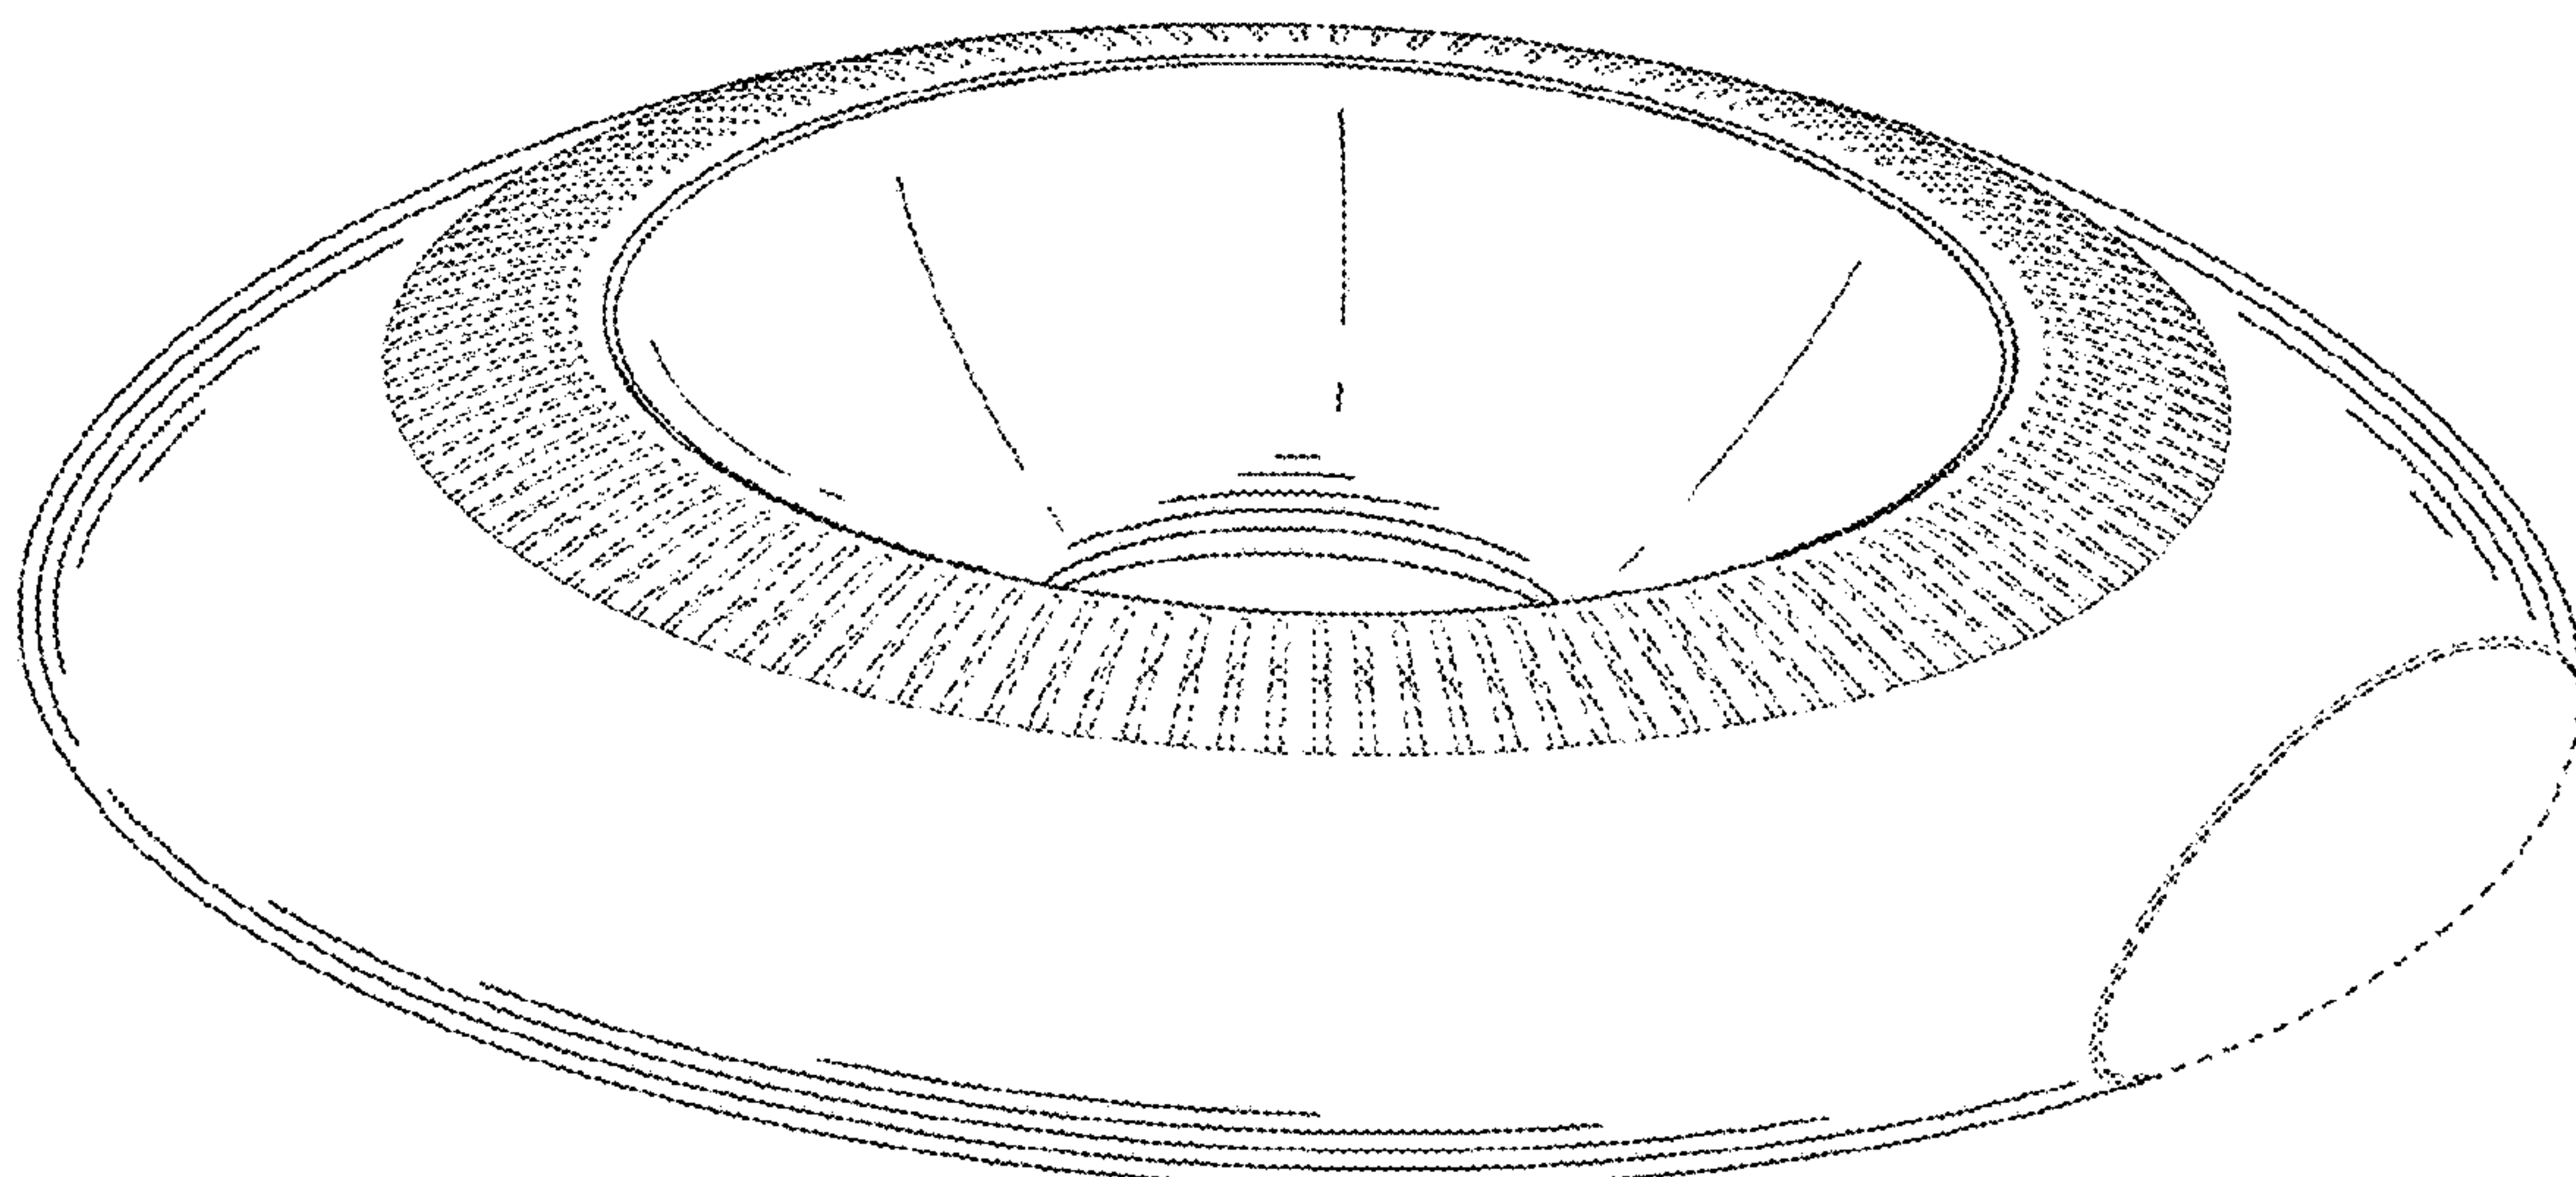

The ornamental design for a pedestal for unmanned aerial vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view showing our new design for a pedestal for unmanned aerial vehicle;
FIG. 2 is a rear elevation view of the pedestal;
FIG. 3 is a left side elevation view of the pedestal;
FIG. 4 is a right side elevation view of the pedestal;
FIG. 5 is a top plan view of the pedestal;
FIG. 6 is a bottom plan view of the pedestal;
FIG. 7 is a perspective view of the pedestal;
FIG. 8 is a perspective view of the pedestal, which an opening of the pedestal is in open state; and,
FIG. 9 is a perspective view showing the pedestal in upside down position.

The broken lines in the drawings represent the unclaimed ventilation openings, showing the environment, and portions of the pedestal for unmanned aerial vehicle which form no part of the claimed design.

1 Claim, 9 Drawing Sheets
