(57) **CLAIM**

The ornamental design for a combined rear and upper strap
for a headgear, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of a
combined rear and upper strap for a headgear, showing our
new design.

FIG. 2 is a rear, bottom and left side perspective view
thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a rear view thereof;

FIG. 5 is a right side view thereof;

FIG. 6 is a left side view thereof;

FIG. 7 is a bottom view thereof;

FIG. 8 is a top view thereof; and,

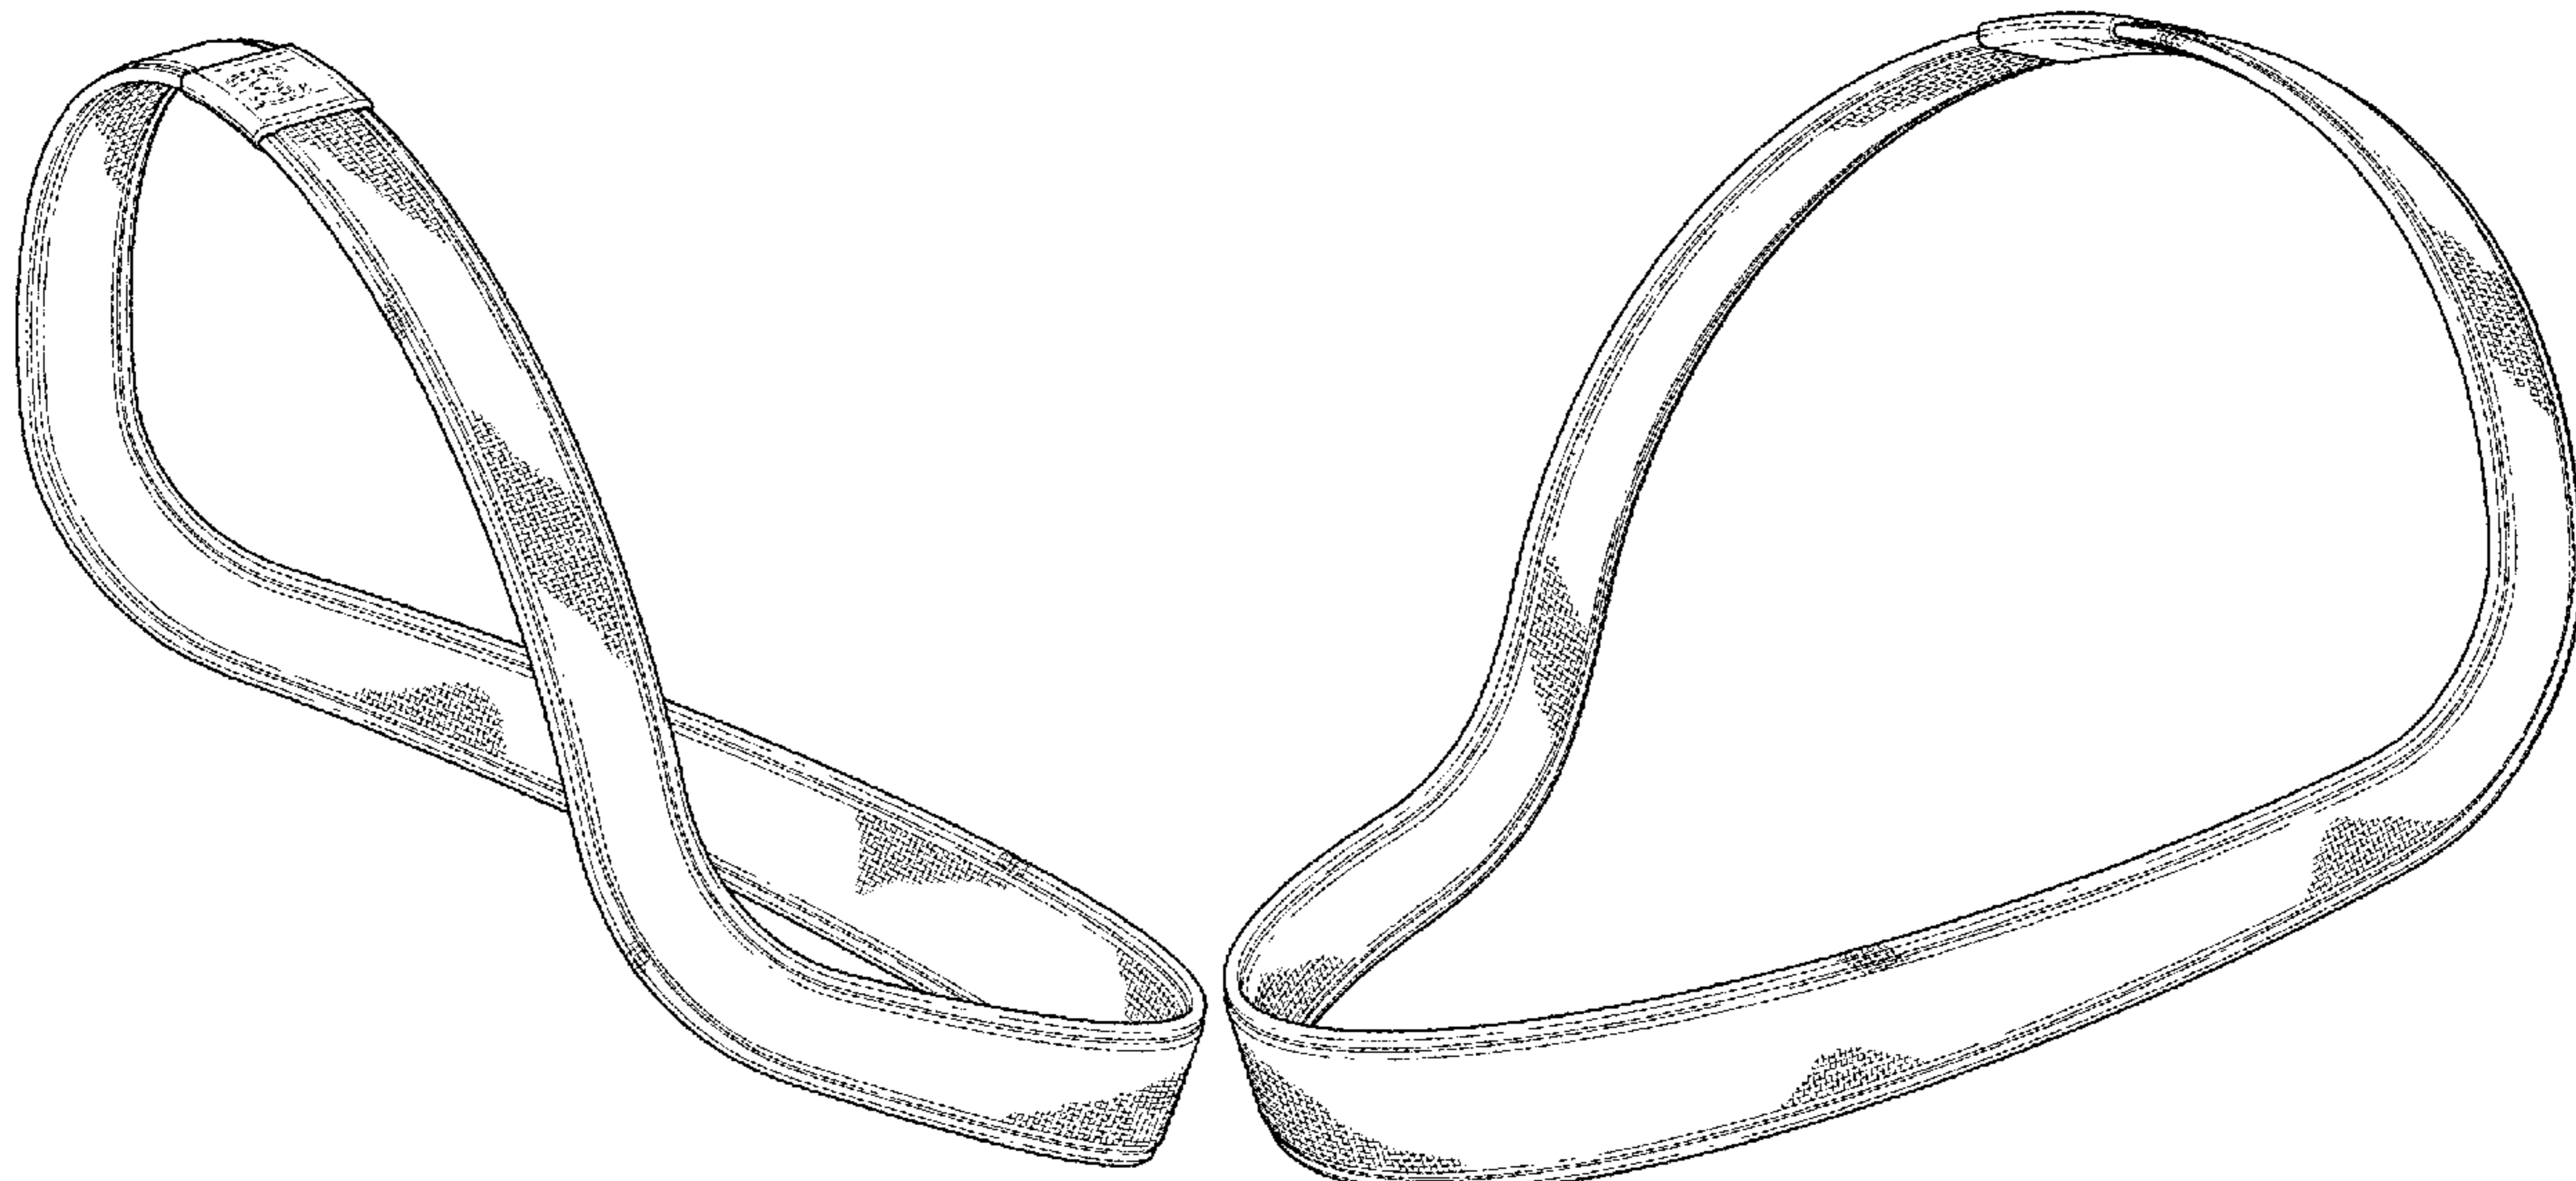

FIG. 9 is a sectional view thereof taken in the direction of
line 9-9 of FIG. 7.

The dashed lines in the drawings show portions of the
combined rear and upper strap for a headgear that form no
part of the claimed design.

The hatched surface treatment represents a fabric or textile
material. Hatching and line shading have been used in the
drawings to indicate a contrast in appearance.

The references to “left,” “right,” “front,” “rear,” “top,” and
“bottom” in the figure descriptions are not meant to require
certain in-use orientation; the combined rear and upper strap
for a headgear may be used in any suitable orientations.
