See application file for complete search history.

The ornamental design for a display screen or portion thereof with digital visual code graphical user interface, as shown and described.

DESCRIPTION

(56) **References Cited**

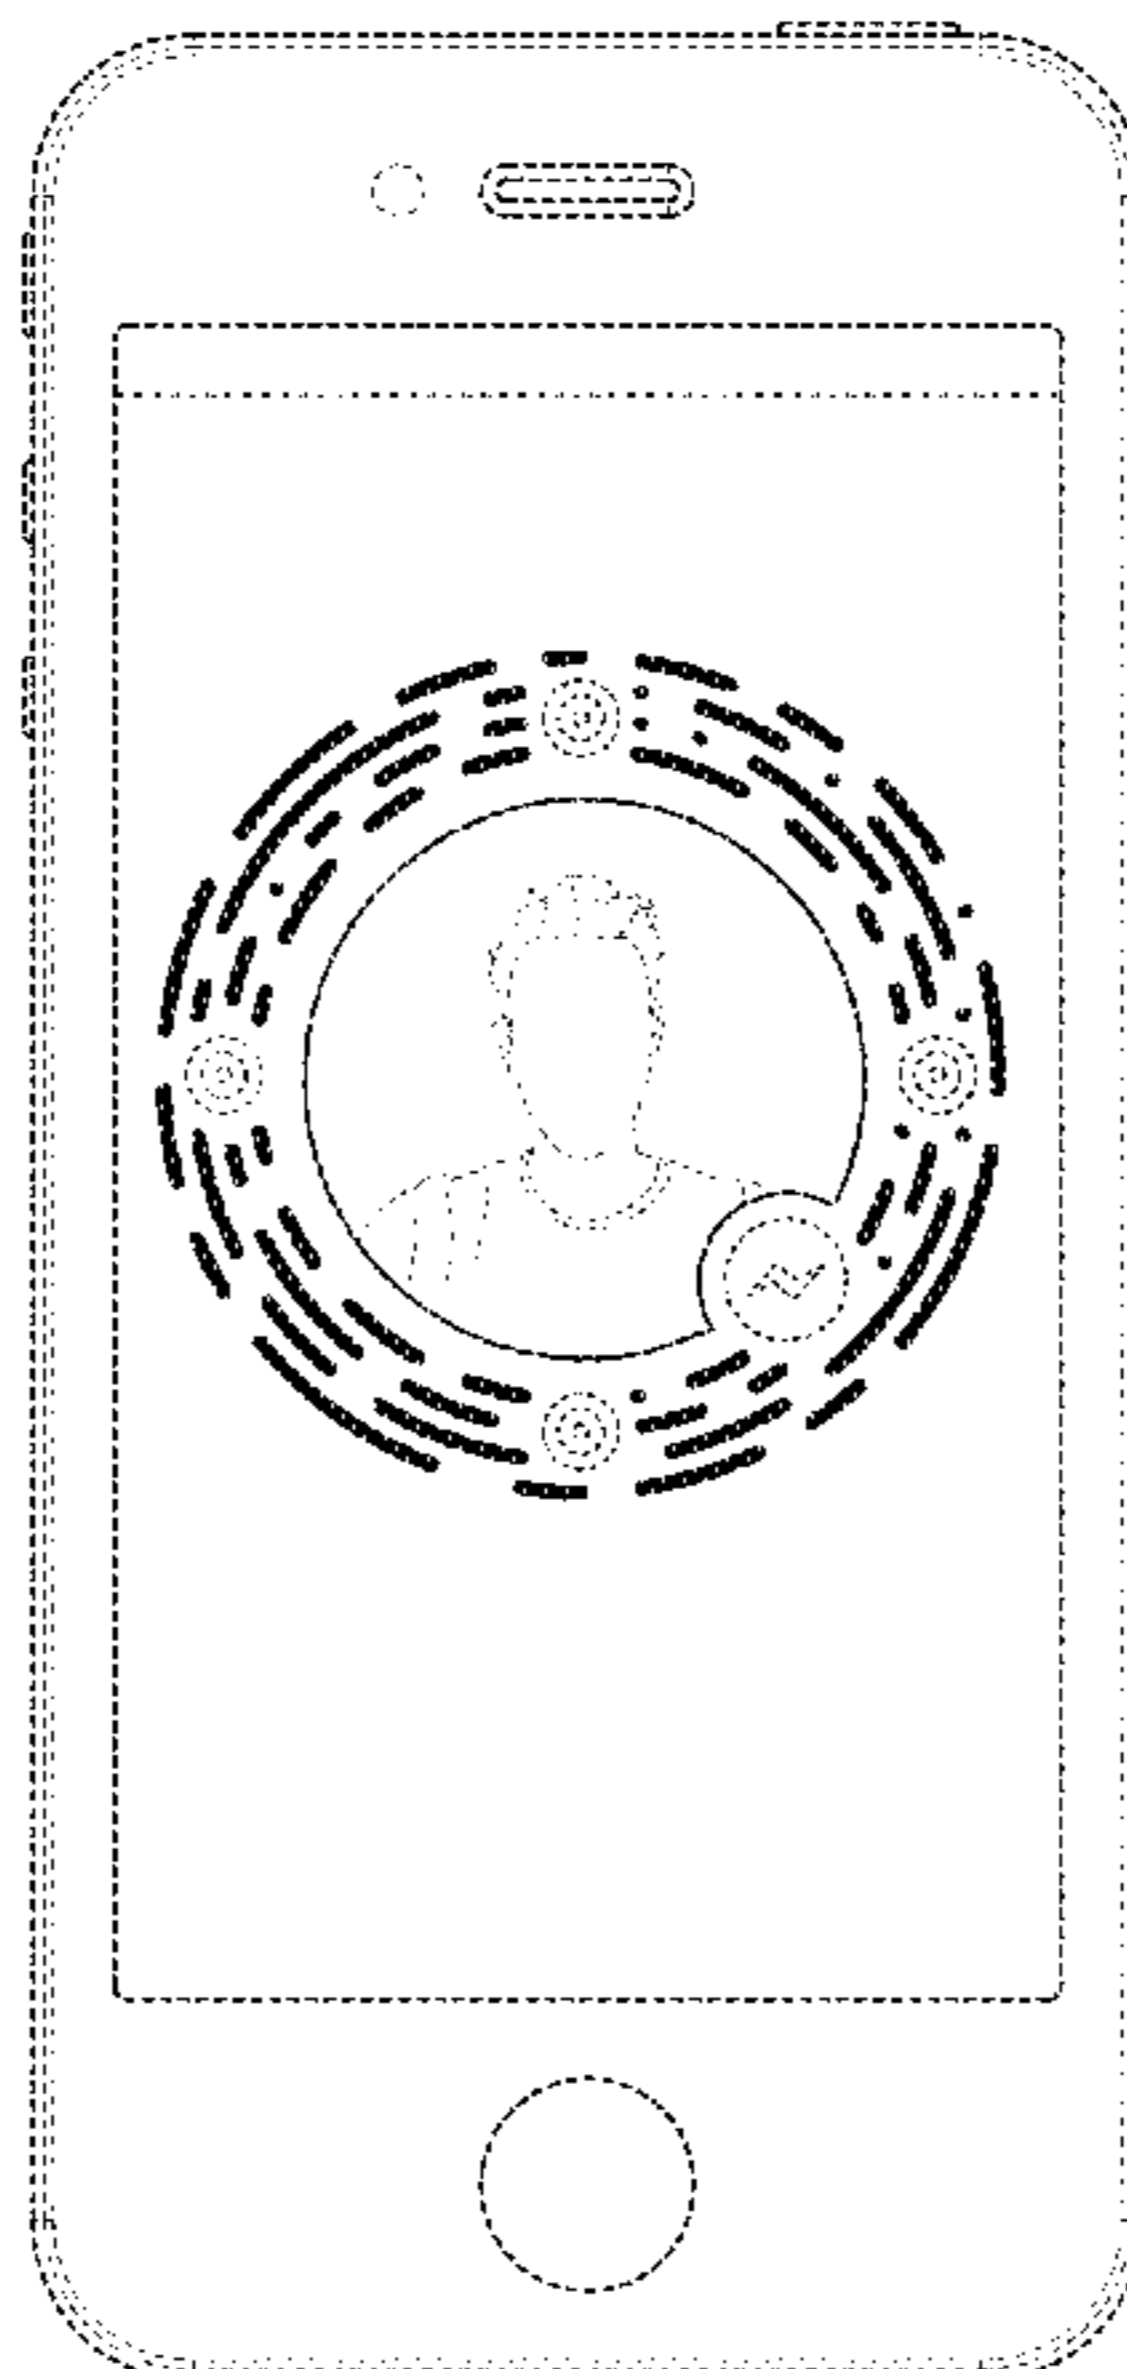

The FIGURE is a front view of a display screen or portion thereof with digital visual code graphical user interface showing our new design.

U.S. PATENT DOCUMENTS

The broken lines showing a display screen or portion thereof and the remainder of the graphical user interface represent environment and form no part of the claimed design.
