(57) **CLAIM**

The ornamental design for a micro LED display module
frame, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the ornamental design of the
present invention;
FIG. 2 is a front view of the ornamental design of the present
invention;
FIG. 3 is a rear view of the ornamental design of the present
invention;
FIG. 4 is a left side view of the ornamental design of the
present invention;
FIG. 5 is a right side view of the ornamental design of the
present invention;
FIG. 6 is a top view of the ornamental design of the present
invention; and,
FIG. 7 is a bottom view of the ornamental design of the
present invention.
