(57) **CLAIM**

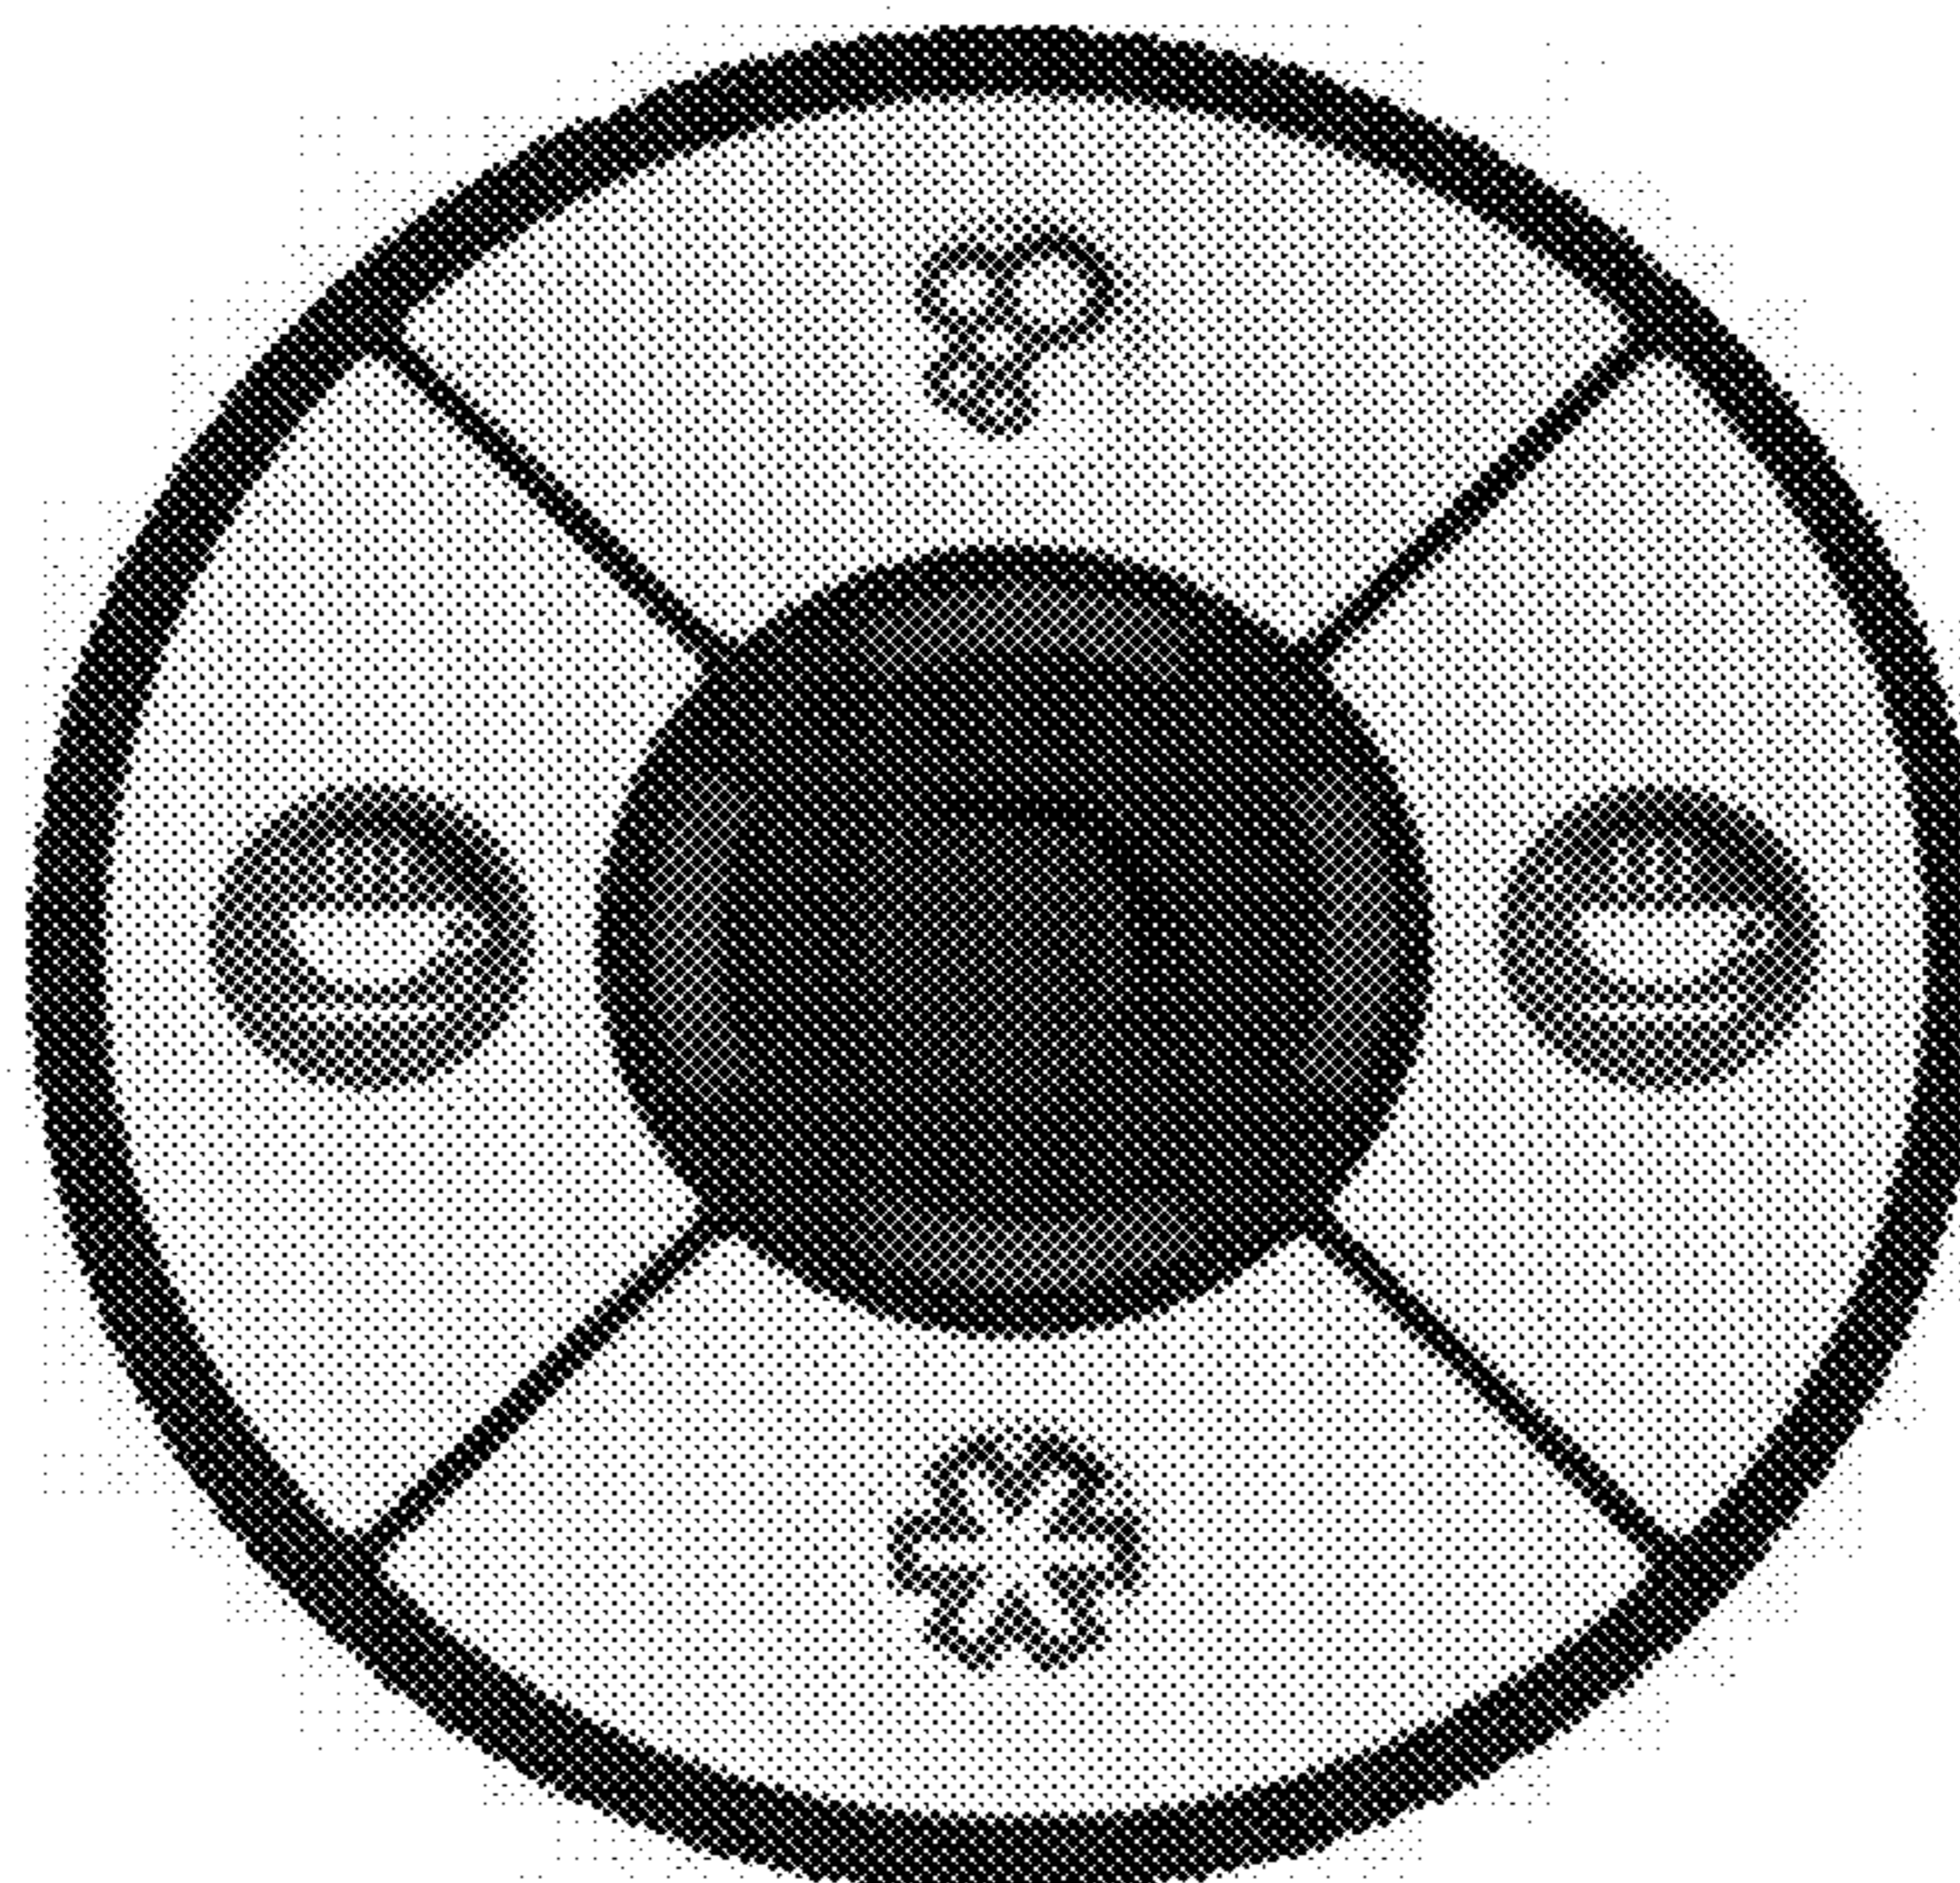

The ornamental design for a "dispensing device panel", as
shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photo-
graph executed in color. Copies of this patent with color
drawing(s)/photograph(s) will be provided by the Office
upon request and payment of the necessary fee.

The FIGURE is a front view of a dispensing device panel
including four outer semicircular sections each having an
icon placed within a convex, circular portion of the semi-
circular sections, with the additionally shown four colored
semicircular portions and the circular element at the center
being flat.
