(57) **CLAIM**

The ornamental design for a portion of a display screen with graphical user interface for an online portal, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image for a portion of a display screen with graphical user interface for an online portal showing our new design, which appears first in a sequence; and,

FIG. 2 is a front view of a second image for portion of a display screen with graphical user interface for an online portal showing our new design, which appears second in a sequence.

The appearance of the graphical user interface transitions sequentially among the images as shown in FIGS. 1 to 2. The process and period in which one image transitions to another image forms no part of the claimed design.
