**DESCRIPTION**

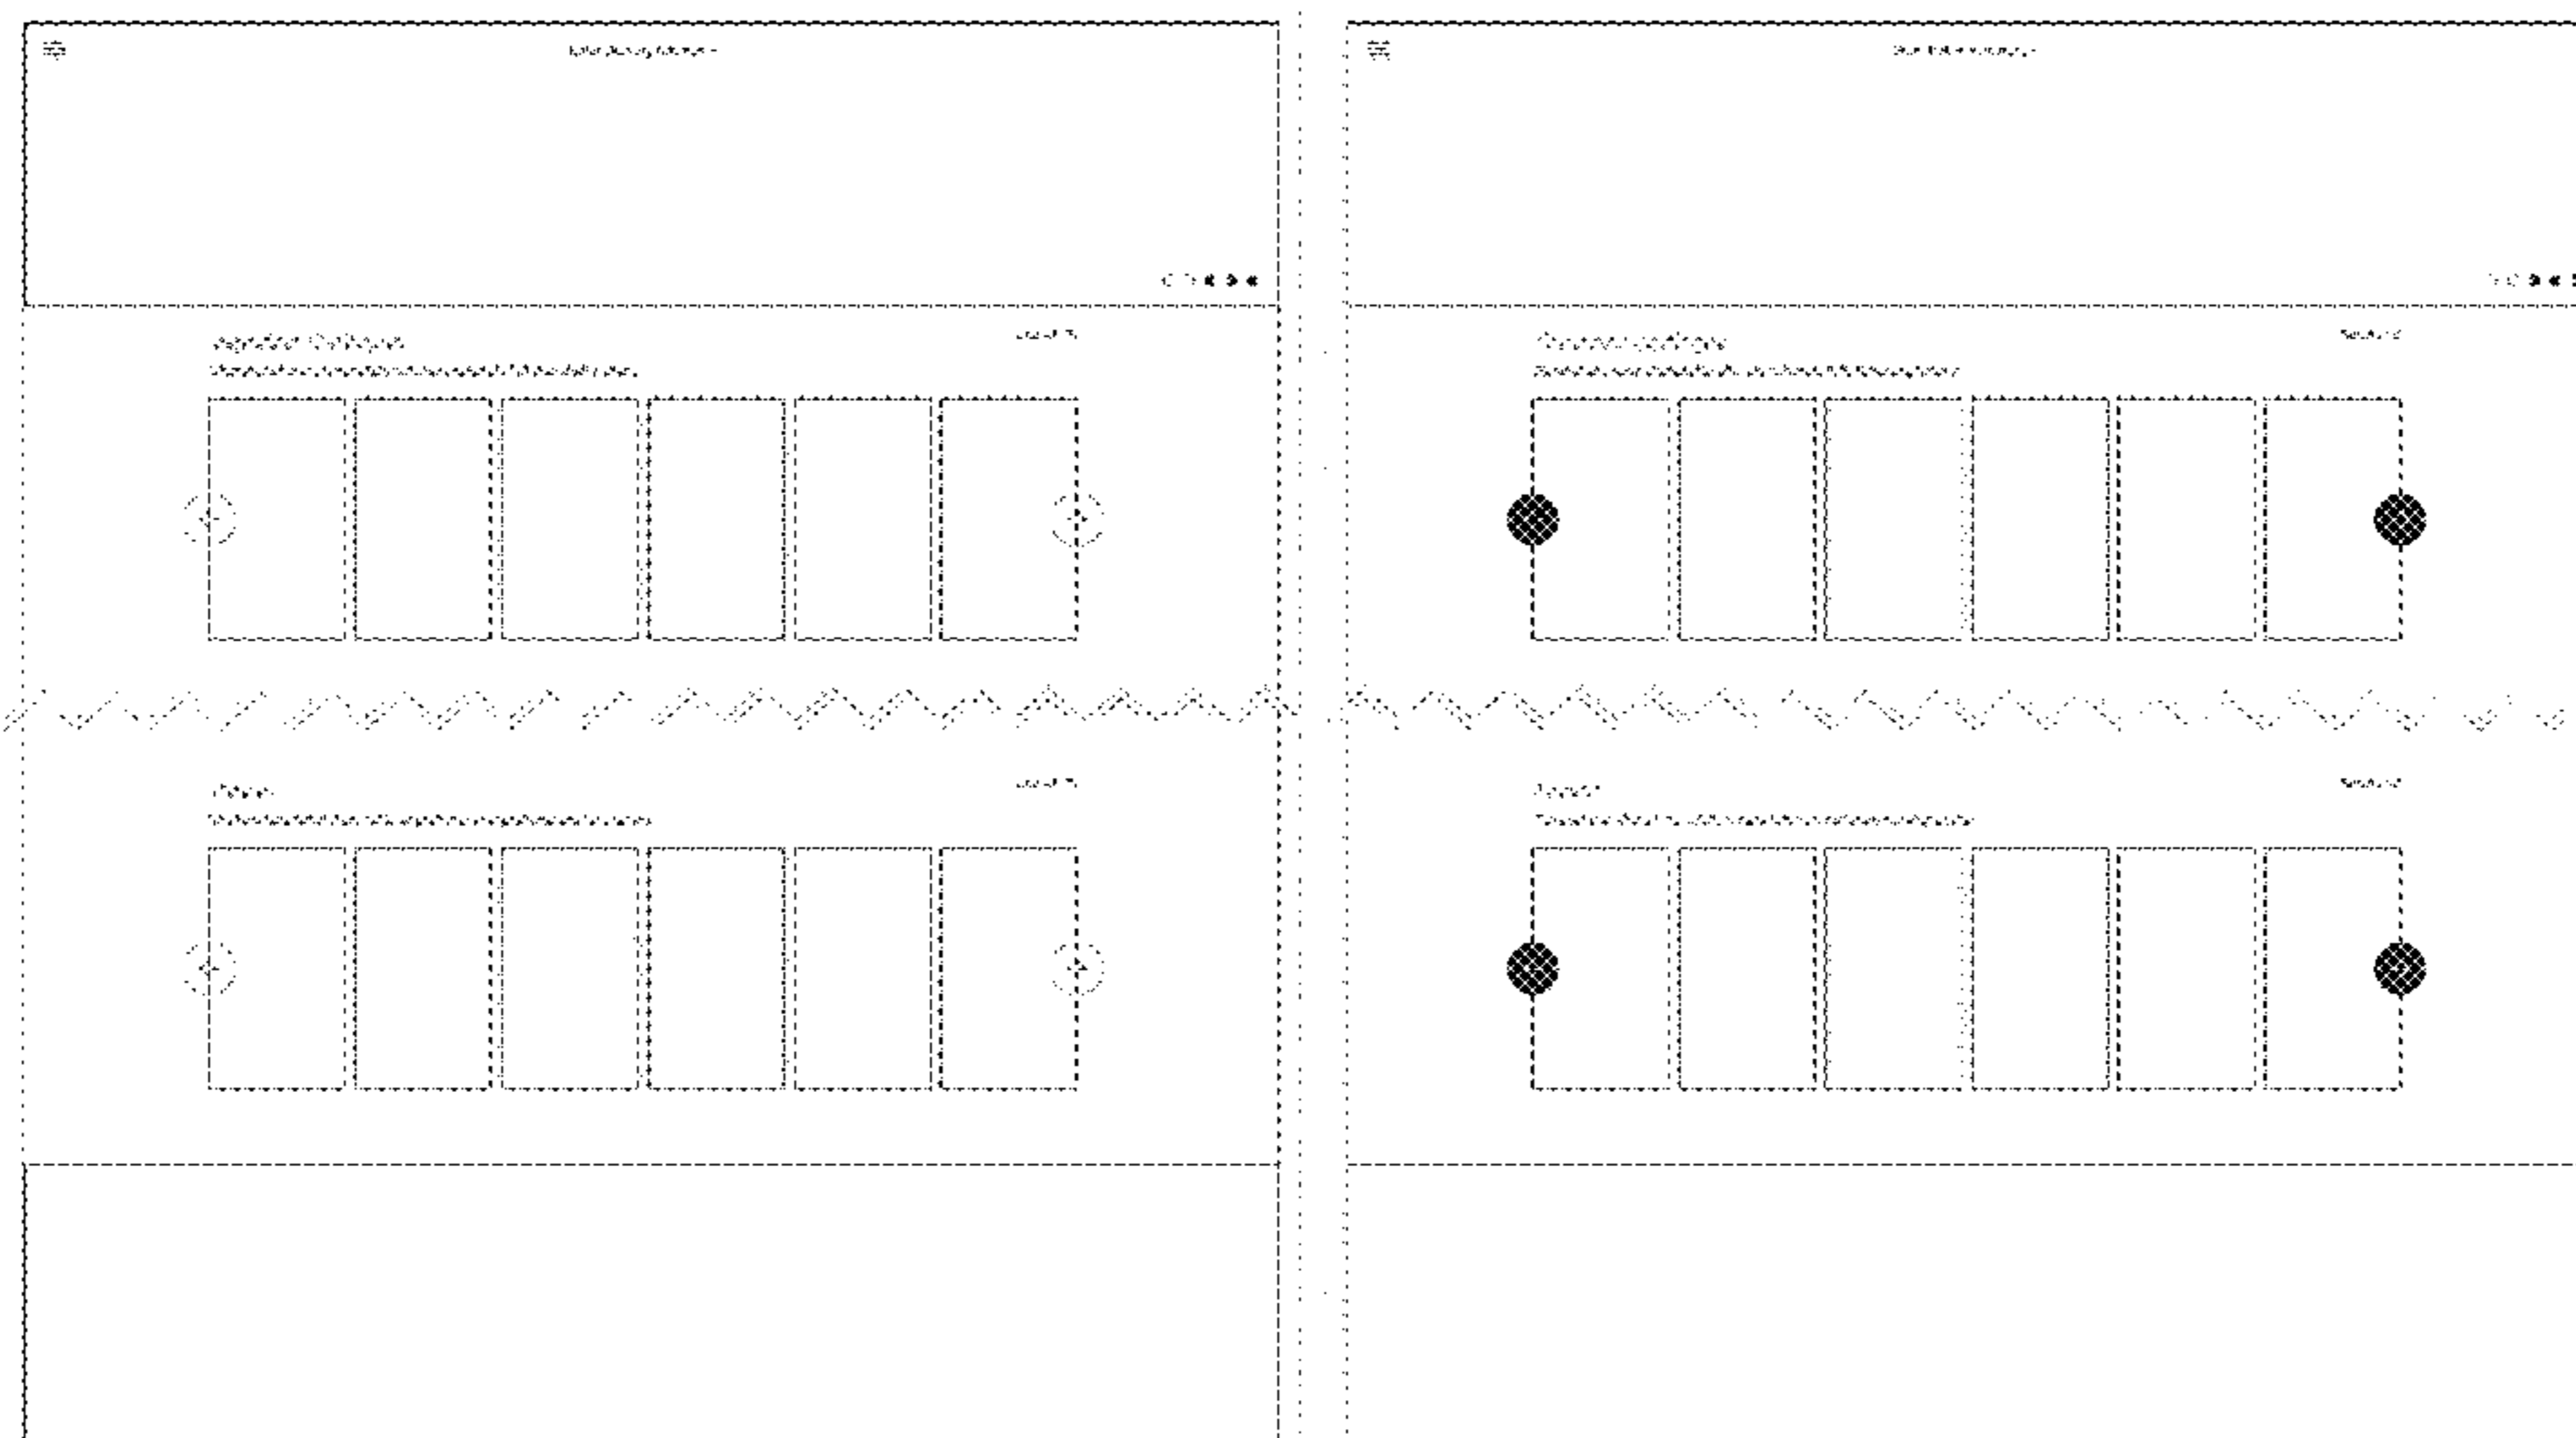

FIG. 1 is a front view of a display screen with a transitional graphical user interface for display, sale, and delivery of cannabis items; and,

FIG. 2 is a front view of a second image thereof.

The broken line showing of a display screen with graphical user interface is included for the purpose of showing portions of the article which form no part of the claim. The zig zag broken lines indicate break lines. The zig zag broken lines and portions between the zig zag broken lines form no part of the claim.

The subject matter in this patent includes a process or period in which an image changes into another image. This process or period forms no part of the claimed design.
