(57) **CLAIM**

The ornamental design for a centrifuge housing, as shown and described.

DESCRIPTION

FIG. 1 is a side view of the centrifuge housing, open; FIG. 2 is a front view of the centrifuge housing, open; FIG. 3 is a perspective view of the centrifuge housing, open; FIG. 4 is a top of the centrifuge housing, closed; FIG. 5 is a first side view of the centrifuge housing, closed; FIG. 6 is a front view of the centrifuge housing, closed; FIG. 7 is a second side view of the centrifuge housing, closed; FIG. 8 is a back view of the centrifuge housing, closed; FIG. 9 is a bottom view of the centrifuge housing; and, FIG. 10 is a perspective view of the centrifuge housing, closed.

The short-dash-short dash-long dash broken lines in FIG. 9 inside the perimeter of the article and outside of the perimeter of five legs depict the boundaries of the claim and form no part thereof. The evenly spaced broken lines in the drawings depict portions of the cartridge housing that form no part of the claimed design.
