(57) **CLAIM**

The ornamental design for an article of clothing for enuresis, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an article of clothing for enuresis illustrating my new design in a normal configuration;

FIG. 2 is a front view of the article of clothing for enuresis in the normal configuration;

FIG. 3 is a rear view of the article of clothing for enuresis in the normal configuration;

FIG. 4 is a left side view of the article of clothing for enuresis in the normal configuration;

FIG. 5 is a right side view of the article of clothing for enuresis in the normal configuration;

FIG. 6 is a top view of the article of clothing for enuresis in the normal configuration;

FIG. 7 is a bottom view of the article of clothing for enuresis in the normal configuration;

FIG. 8 is a front view of the article of clothing for enuresis in an inverted (that is, inside-out) configuration;

FIG. 9 is a rear view of the article of clothing for enuresis in the inverted configuration;

FIG. 10 is a left side view of the article of clothing for enuresis in the inverted configuration;

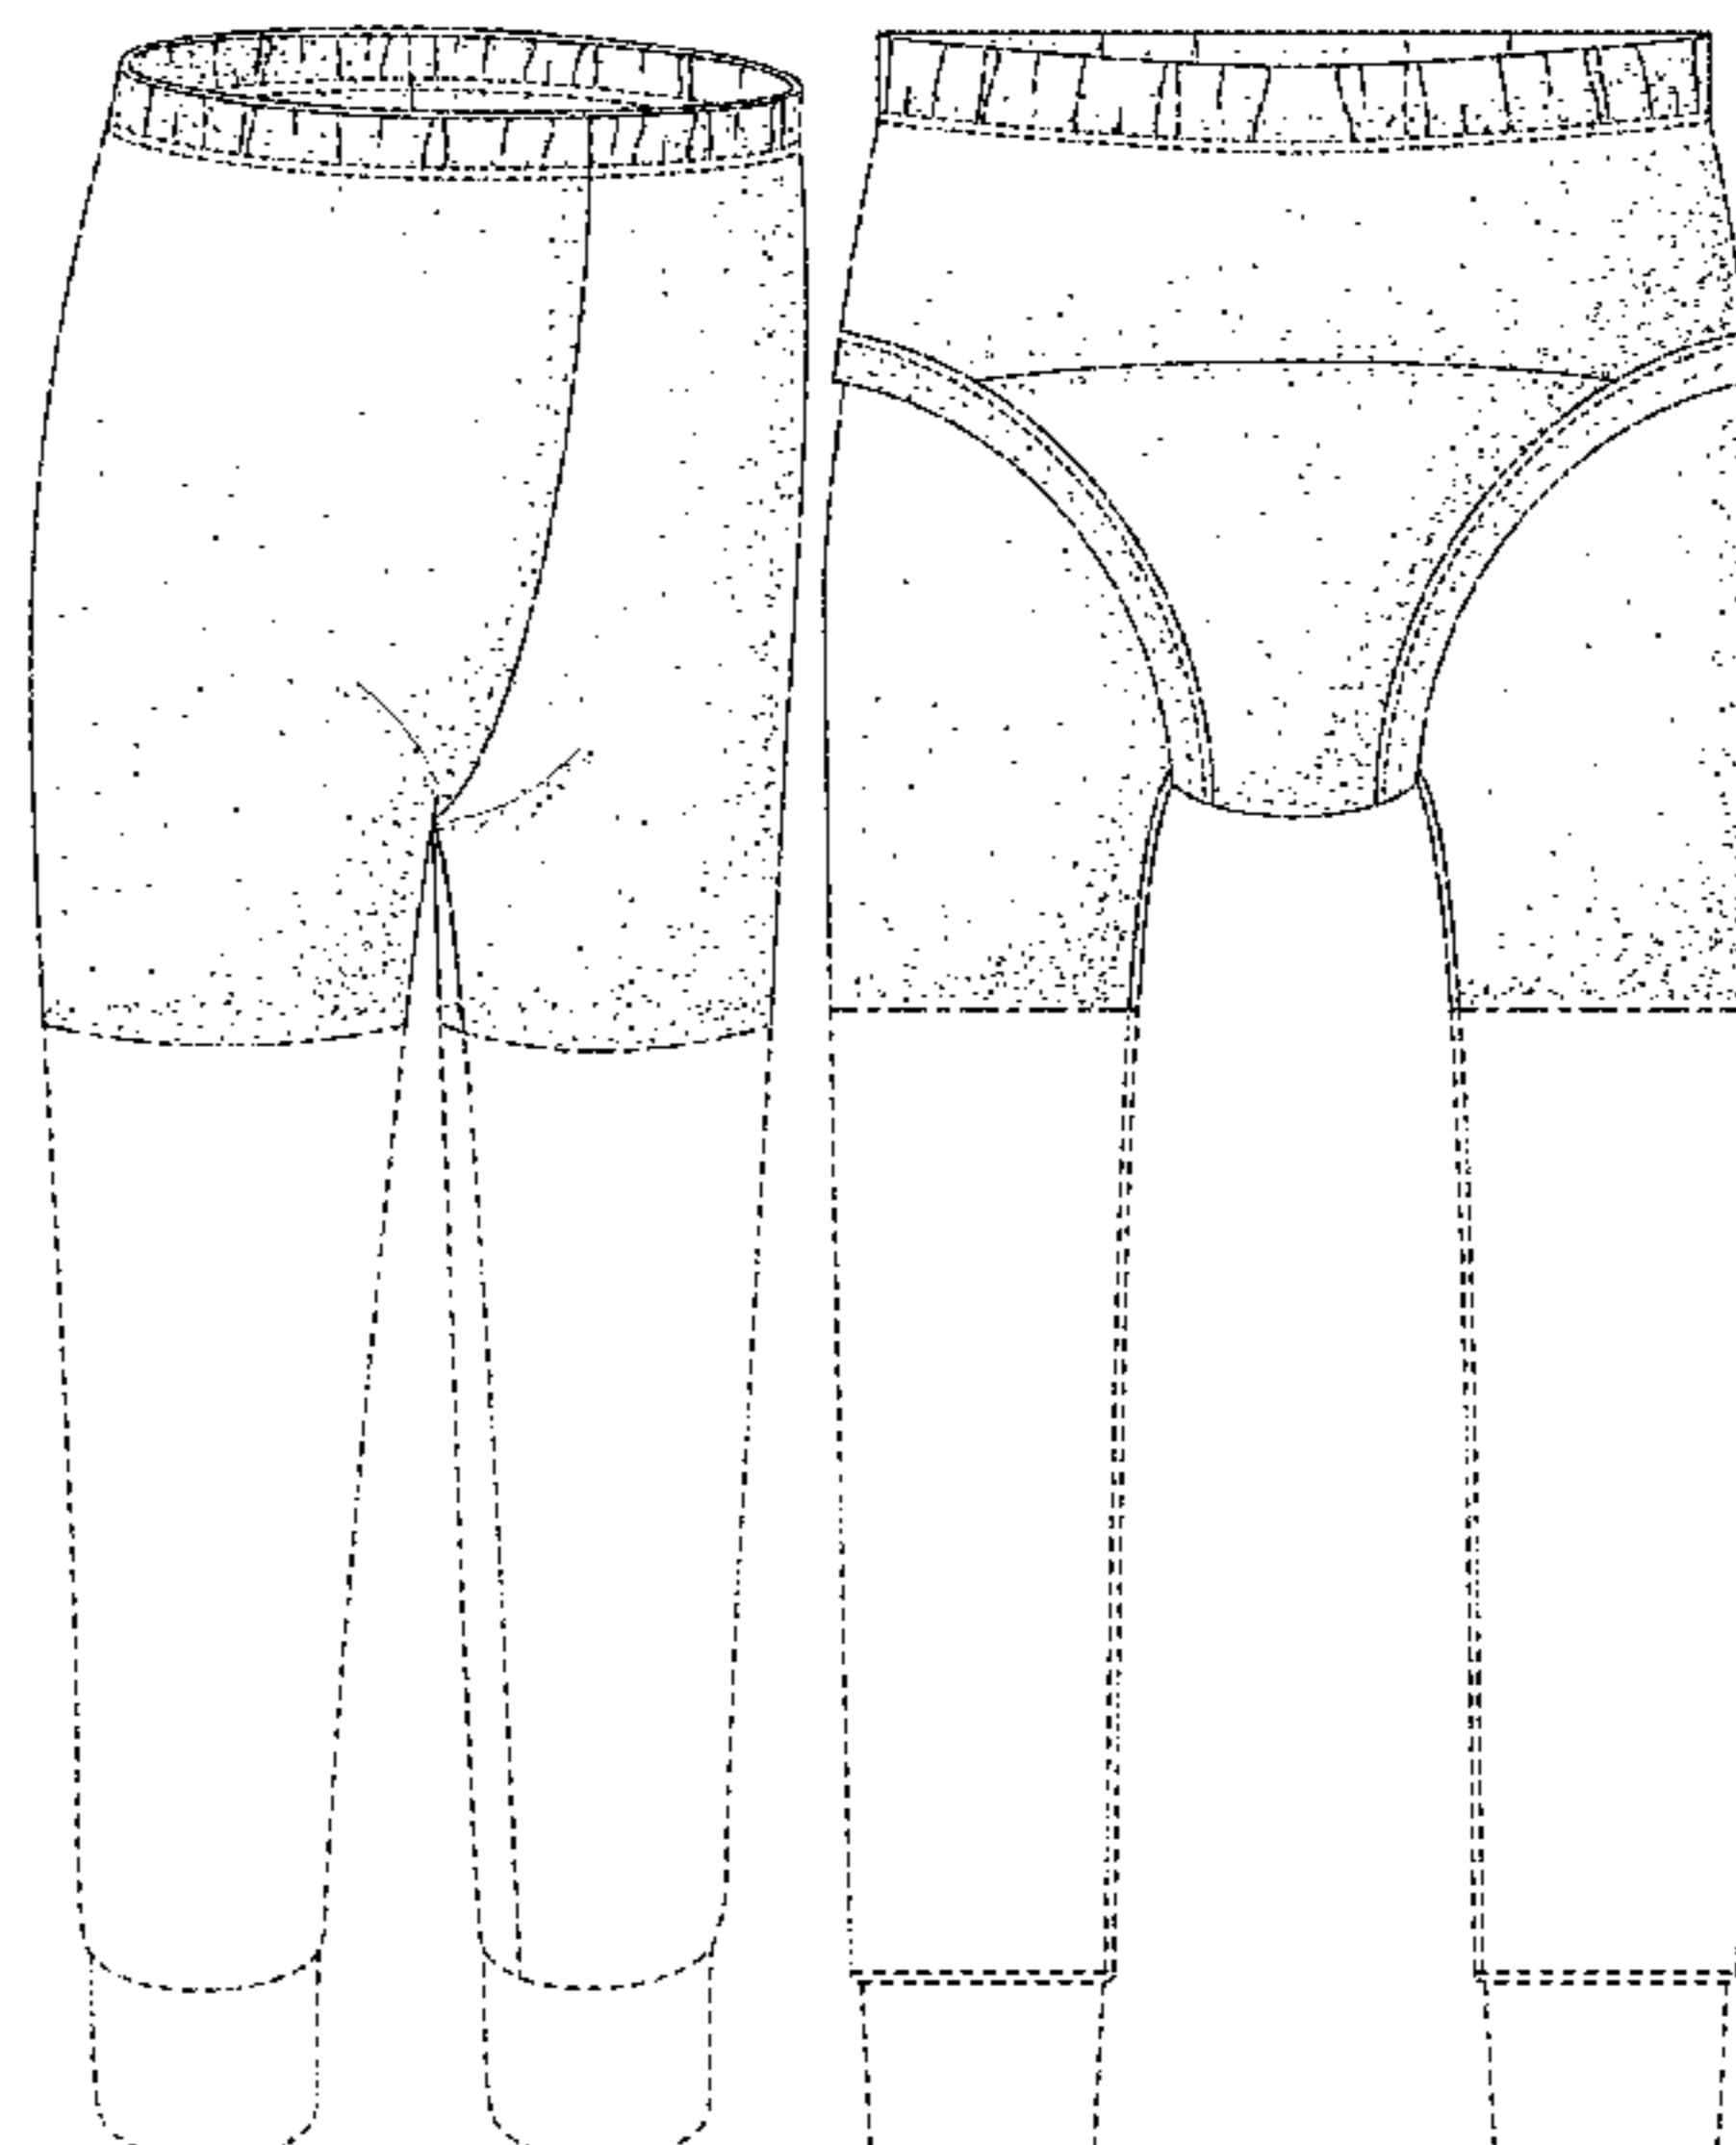

FIG. 11 is a right side view of the article of clothing for enuresis in the inverted configuration;

FIG. 12 is a top view of the article of clothing for enuresis in the inverted configuration; and,

FIG. 13 is a bottom view of the article of clothing for enuresis in the inverted configuration.

Long-short broken lines illustrate boundaries that form no part of the claimed design. Evenly-sized broken lines on the lower portions of the legs illustrate features that form no part of the claimed design.

1 Claim, 11 Drawing Sheets
