(57) **CLAIM**

The ornamental design for an electric control device for power distribution, as shown and described.

**DESCRIPTION**

FIG. **1** is a front side view of a first embodiment of an electric control device for power distribution showing my new design without environment.

FIG. **2** is a front side view of the electric control device for power distribution shown in FIG. **1**, shown with environment.

FIG. **3** is a right side perspective view of FIG. **1**; and,

FIG. **4** is a right side perspective view of a second embodiment of an electric control device for power distribution showing my new design.

The broken lines depict the environment and form no part of the claimed design.
