(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface of a first embodiment showing our new design; FIG. 2 is a front view of a display screen with graphical user interface of a second embodiment thereof; and, FIG. 3 is a front view of a display screen with graphical user interface of a third embodiment thereof.

The outermost broken line showing a display screen and other broken line numbers and letters showing elements of the graphical user interface illustrate portions of the article, and form no part of the claimed design.

1 Claim, 3 Drawing Sheets
