(57) **CLAIM**

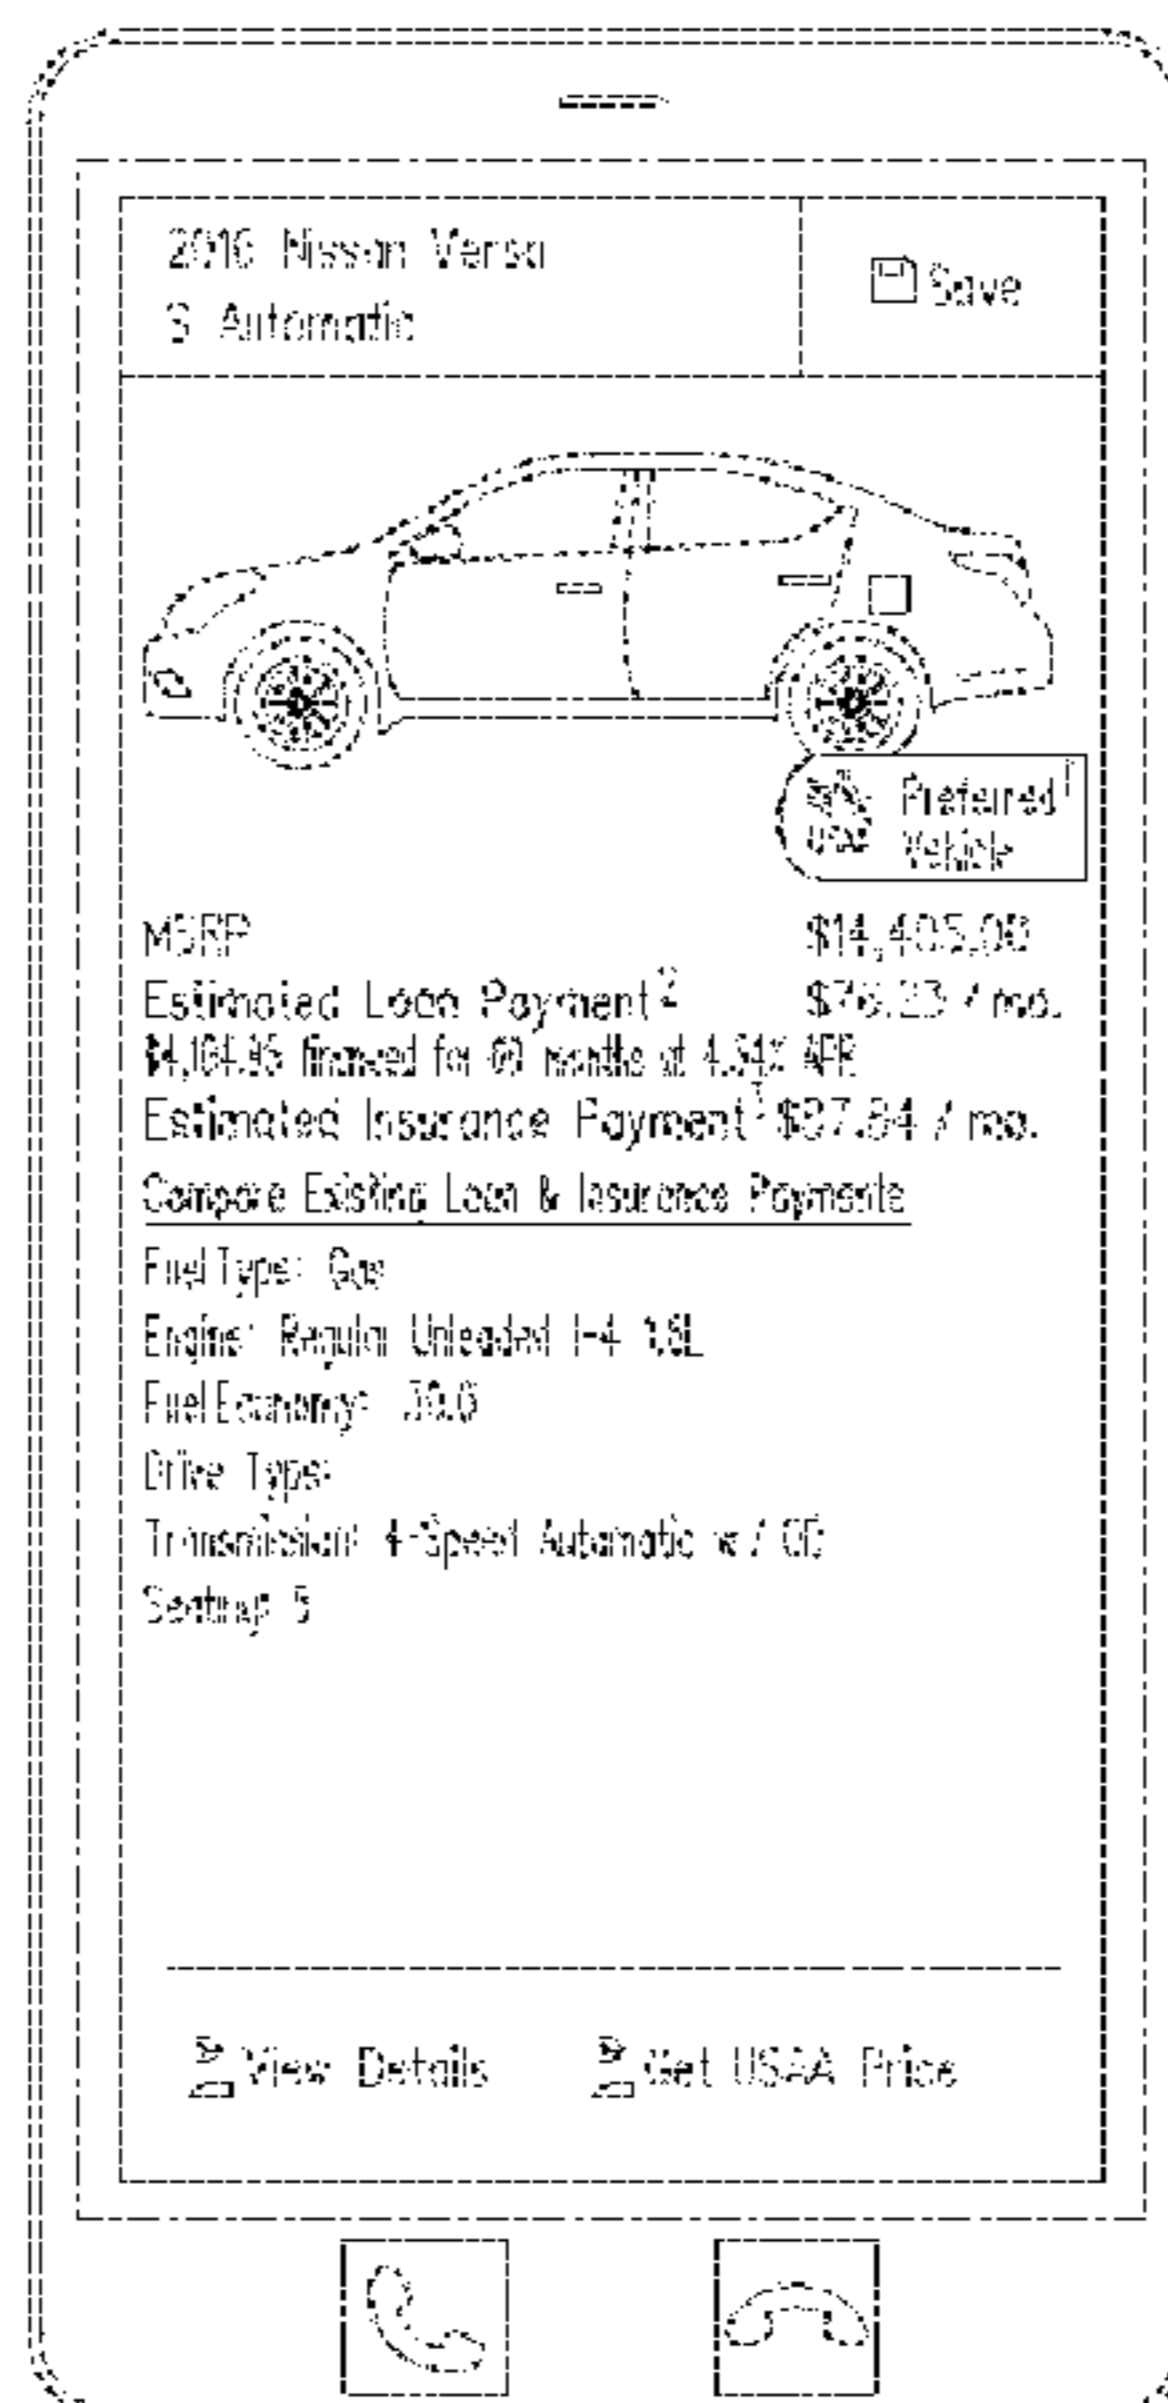

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with a graphical user interface (GUI) showing the new design.

The broken lines showing an electronic device illustrate environmental matter, whereas the dot-dash broken lines showing a display screen and regular broken lines within showing elements of the graphical user interface illustrate portions of the article. No subject matter depicted in broken lines forms part of the claimed design.
