(57) **CLAIM**

The ornamental design for display panel or portion thereof with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display panel or portion thereof with a graphical user interface showing a first embodiment of our design;
 FIG. 2 is a front view of a display panel or portion thereof with a graphical user interface showing a second embodiment thereof;
 FIG. 3 is a front view of a display panel or portion thereof with a graphical user interface showing a third embodiment thereof;
 FIG. 4 is a front view of a display panel or portion thereof with a graphical user interface showing a fourth embodiment thereof;
 FIG. 5 is a front view of a display panel or portion thereof with a graphical user interface showing a fifth embodiment thereof; and,
 FIG. 6 is a front view of a display panel or portion thereof with a graphical user interface showing a sixth embodiment thereof.
 The broken lines depicting a display panel or portion thereof are included for the purpose of illustrating environmental structure and form no part of the design. The broken lines depicting portions of a graphical user interface are included for illustrating environmental aspects of a display panel or portion thereof with a graphical user interface and form no part of the design.
