(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with icon, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. **1** is a front view of a display screen or portion thereof with icon in accordance with an embodiment of the invention; and,

FIG. **2** is a view of a display screen or portion thereof with icon in accordance with a second embodiment of the invention.

The broken line shows portions of the display screen or portion thereof for the purpose of illustrating environmental structure and form no part of the claimed design.
