See application file for complete search history.

FIG. 1 is a front elevation view of a first image of a display screen with animated icon showing the new design; FIG. 2 is a front elevation view of a second image thereof; FIG. 3 is a front elevation view of a third image thereof; FIG. 4 is a front elevation view of a fourth image thereof; FIG. 5 is a front elevation view of a fifth image thereof; FIG. 6 is a front elevation view of a sixth image thereof; FIG. 7 is a front elevation view of a seventh image thereof; and, FIG. 8 is a front elevation view of an eighth image thereof. The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-8. The process or period in which one image transitions to another image forms no part of the claimed design. The broken lines of uneven length show the display screen and form no part of the claimed design.
