(57) **CLAIM**

The ornamental design for a display panel or portion thereof
with a transitional mixed reality graphical user interface, as
shown and described.

DESCRIPTION

FIG. 1 is a front view of a display panel or portion thereof
with a transitional mixed reality graphical user interface
showing a first image in a sequence of our design;

FIG. 2 is a front view of a display panel or portion thereof
with a transitional mixed reality graphical user interface
showing a second image in the sequence thereof;

FIG. 3 is a front view of a display panel or portion thereof
with a transitional mixed reality graphical user interface
showing a third image in the sequence thereof; and,

FIG. 4 is a front view of a display panel or portion thereof
with a transitional mixed reality graphical user interface
showing a fourth image in the sequence thereof.

The appearance of the image sequentially transitions
between the images shown in FIGS. 1 through 4. This
process or period in which one image transitions into
another forms no part of the claimed design.

The outermost broken line rectangle illustrates a display
panel or portion thereof that forms no part of the claimed
design. The remaining broken lines illustrate portions of a
graphical user interface or a mixed reality environment, and
form no part of the claimed design.
