(57) **CLAIM**

The ornamental design for a rack for hanging and drying footwear and accessories, as shown and described herein.

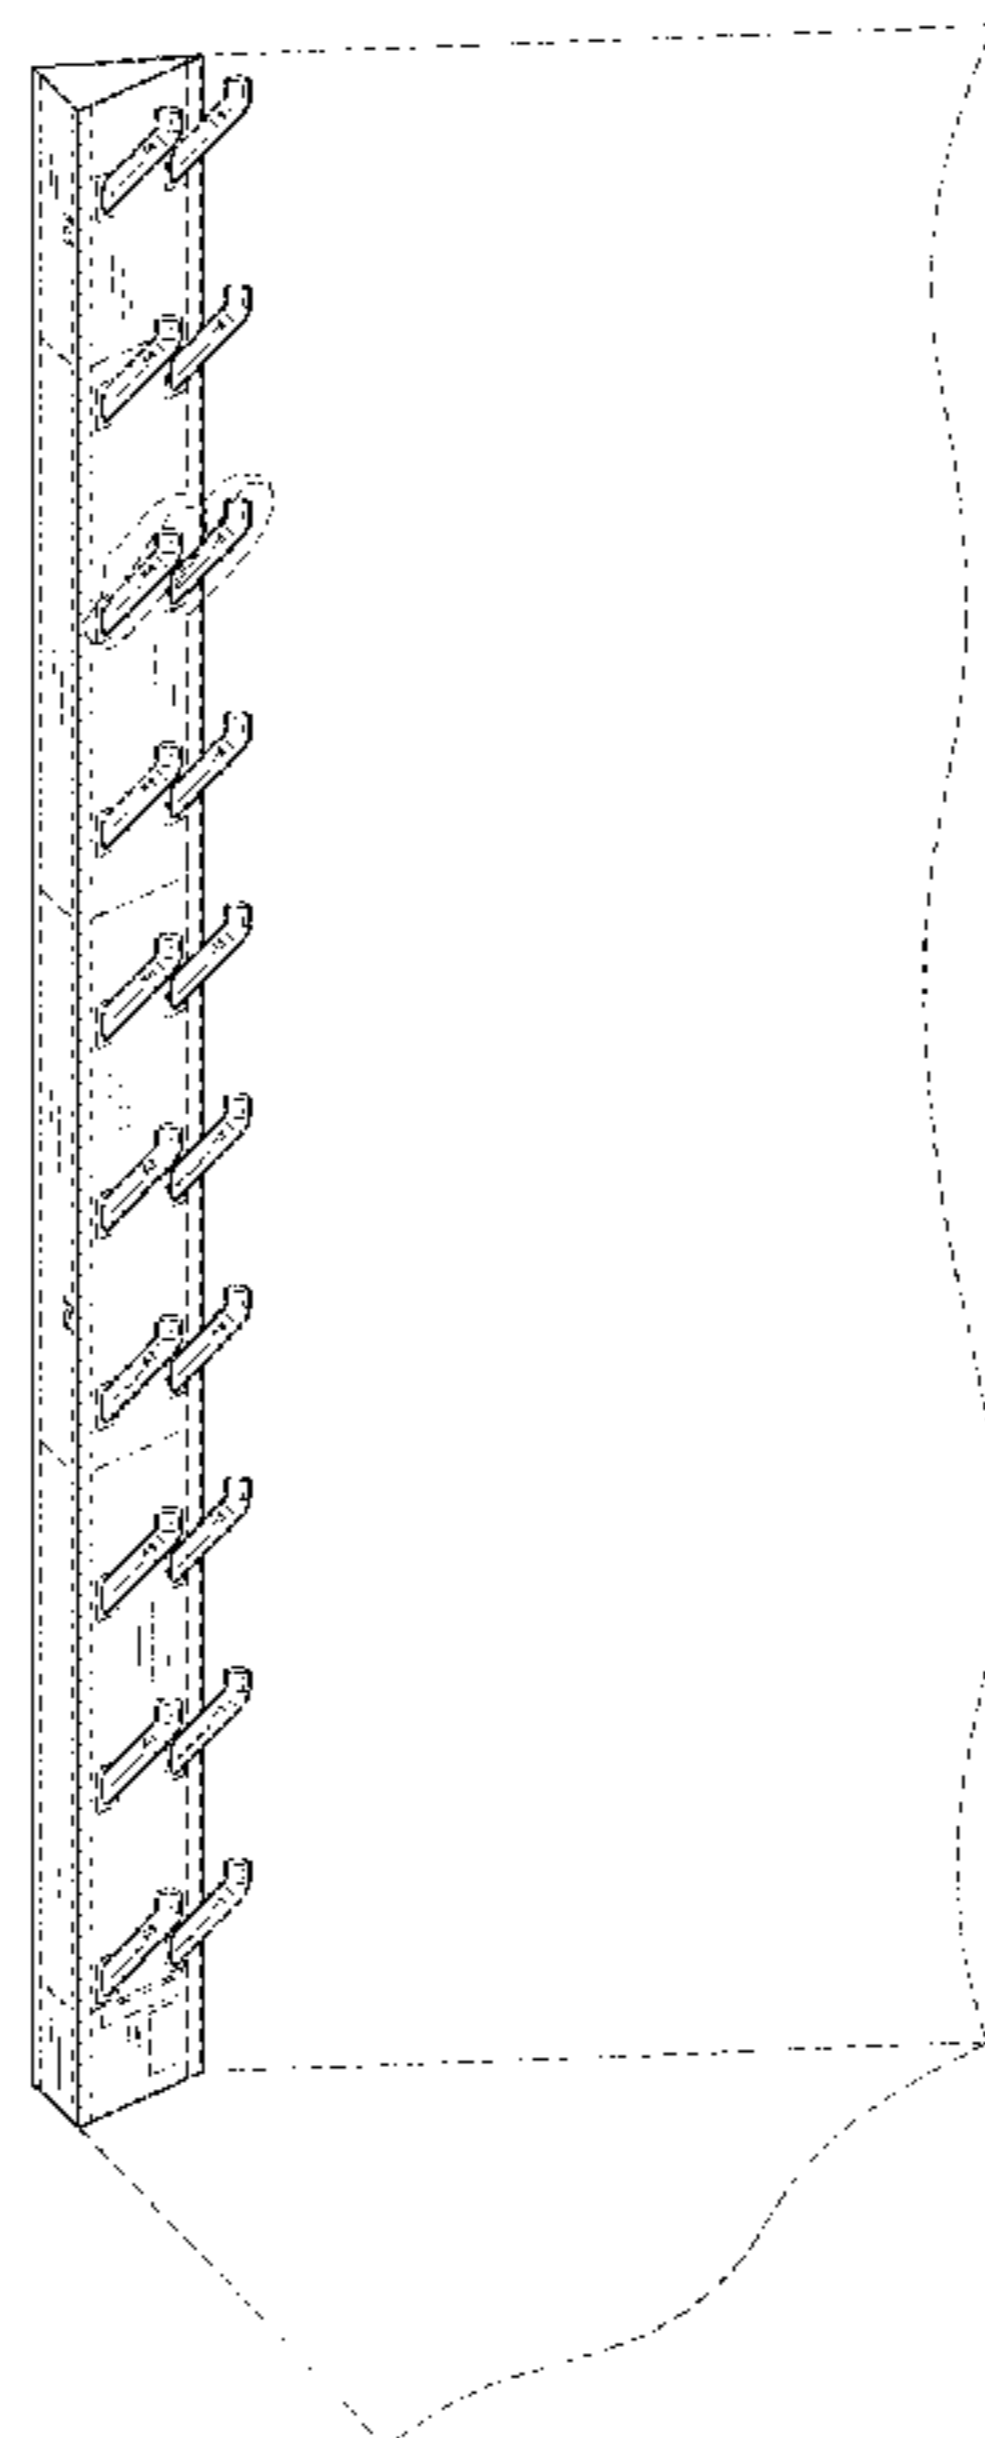

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a rack for hanging and drying footwear and accessories of this invention.

FIG. 2 is a front elevational view of the rack of FIG. 1; FIG. 3 is a left side elevational view of the rack of FIG. 1, the right side elevational view being a mirror image thereof; FIG. 4 is a rear elevational view of the rack of FIG. 1; FIG. 5 is a top elevational view of the rack of FIG. 1; FIG. 6 is a bottom elevational view of the rack of FIG. 1; FIG. 7 is a partially exploded front elevational view of a second embodiment of this invention, the second embodiment being identical to the first embodiment except that the second embodiment includes posts of differing lengths and a removable tray for holding a deodorizer or fragrance disk; FIG. 8 is a rear perspective view of the second embodiment that illustrates the special relationship between the removable tray and a motor/blower unit located within the rack; and,

FIG. 9 is a perspective view of a third embodiment of a rack of this invention, the third embodiment being a modular version of the first embodiment.
