(57) **CLAIM**

The ornamental design for a signal warning and displaying lamp, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a signal warning and displaying lamp according to the first embodiment of our new design, the rear elevational view being a mirror image of the front elevational view;

FIG. 2 is a right side elevational view thereof, the left side elevational view being a mirror image of the right side elevational view;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a front elevational view of a signal warning and displaying lamp according to the second embodiment of our new design, the rear elevational view being a mirror image of the front elevational view;

FIG. 6 is a right side elevational view thereof, the left side elevational view being a mirror image of the right side elevational view;

FIG. 7 is a top plan view thereof; and,

FIG. 8 is a bottom plan view thereof.

The broken lines (where present) in all figures illustrate portions of the signal warning and displaying lamp that form no part of the claimed design.
