(57) **CLAIM**

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire tread of the present application taken generally from the front and a first side of the tire;

FIG. 2 is a front view thereof (and the top, bottom, and rear views are the same based on the repeating nature of the tread design pattern throughout the circumference);

FIG. 3 is the first side view thereof (and the second side is the same as the first side);

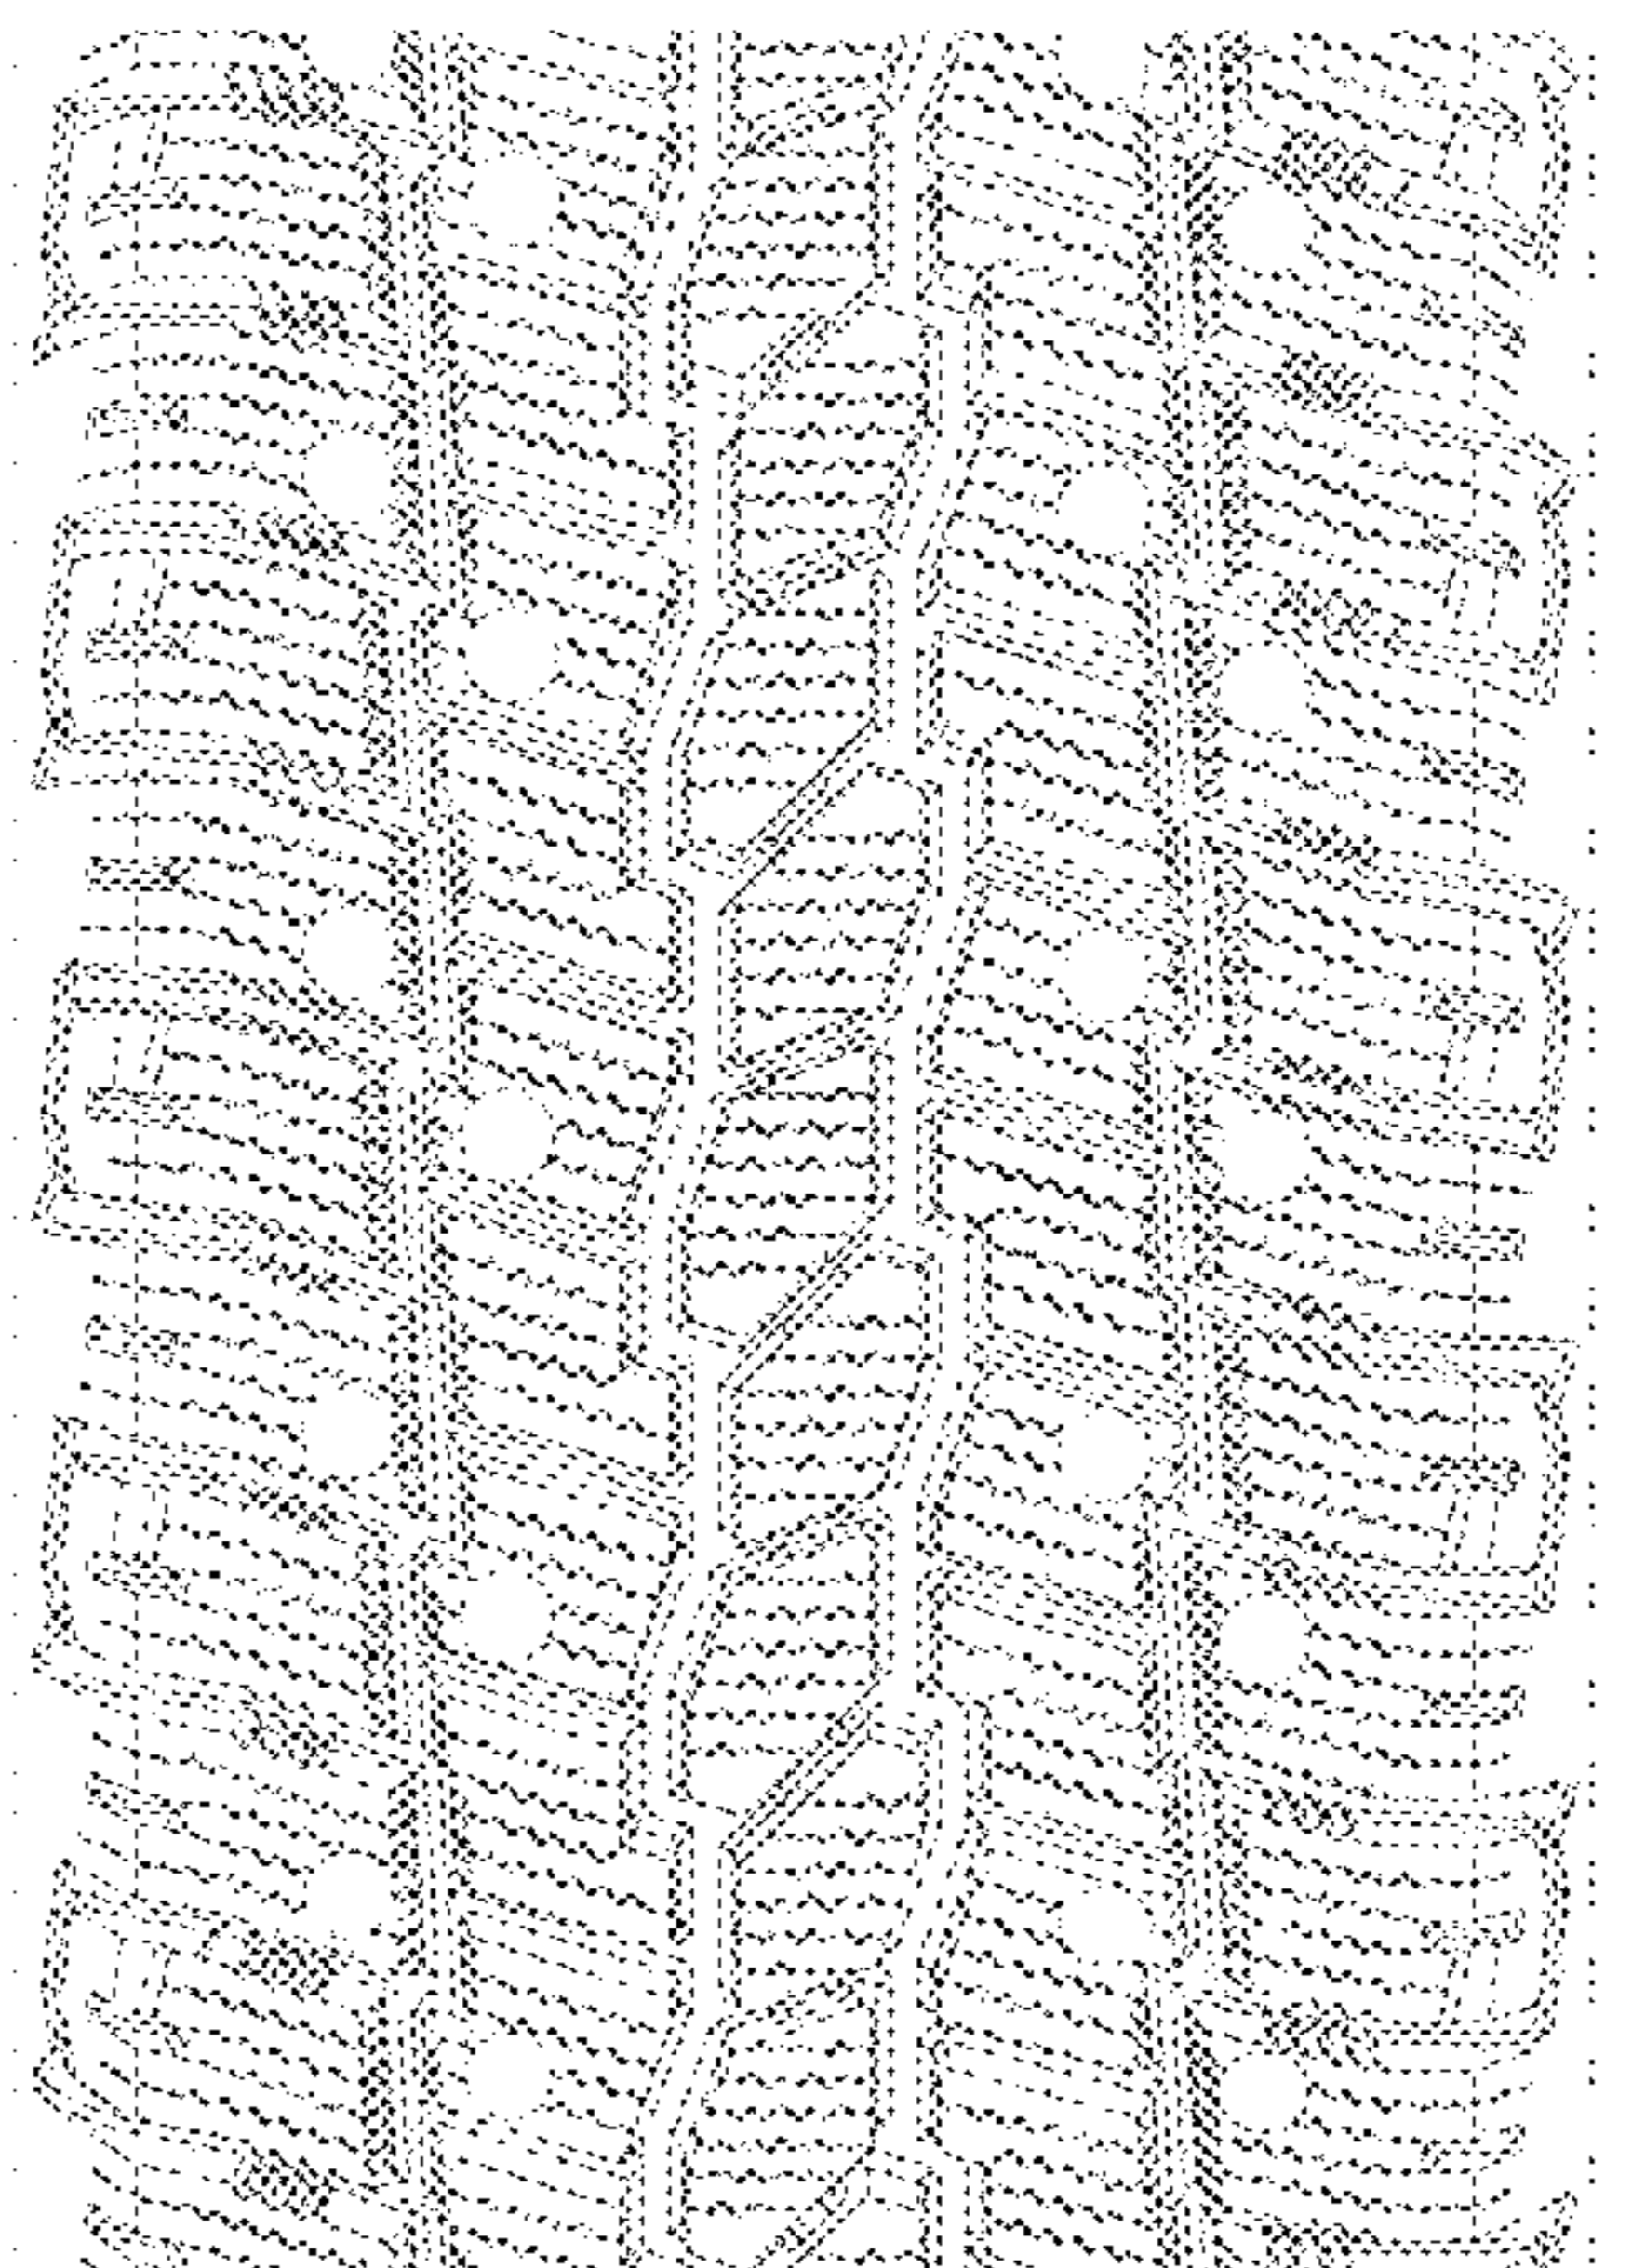

FIG. 4 is an enlarged, partial perspective view thereof taken generally from the front and the first side of the tire;

FIG. 5 is an enlarged, partial front view thereof; and,

FIG. 6 is an enlarged, partial side view thereof.

The claim comprises the tire tread as shown in solid lines. The broken lines, sidewall surfaces and tire interior form no part of the claim. The tread pattern is understood to repeat uniformly throughout the circumference of the tire.
