(57) **CLAIM**

The ornamental design for an oscillating power tool, as shown and described.

DESCRIPTION

Cross reference is made to copending U.S. design patent application Ser. No. 29/636,475 entitled "Oscillating Power Tool" by Monroy et al., which was filed on even date herewith.

FIG. 1 is a perspective view of an oscillating power tool showing our new design;

FIG. 2 is a front elevational view of the oscillating power tool of FIG. 1;

FIG. 3 is a rear elevational view of the oscillating power tool of FIG. 1;

FIG. 4 is a left side elevational view of the oscillating power tool of FIG. 1;

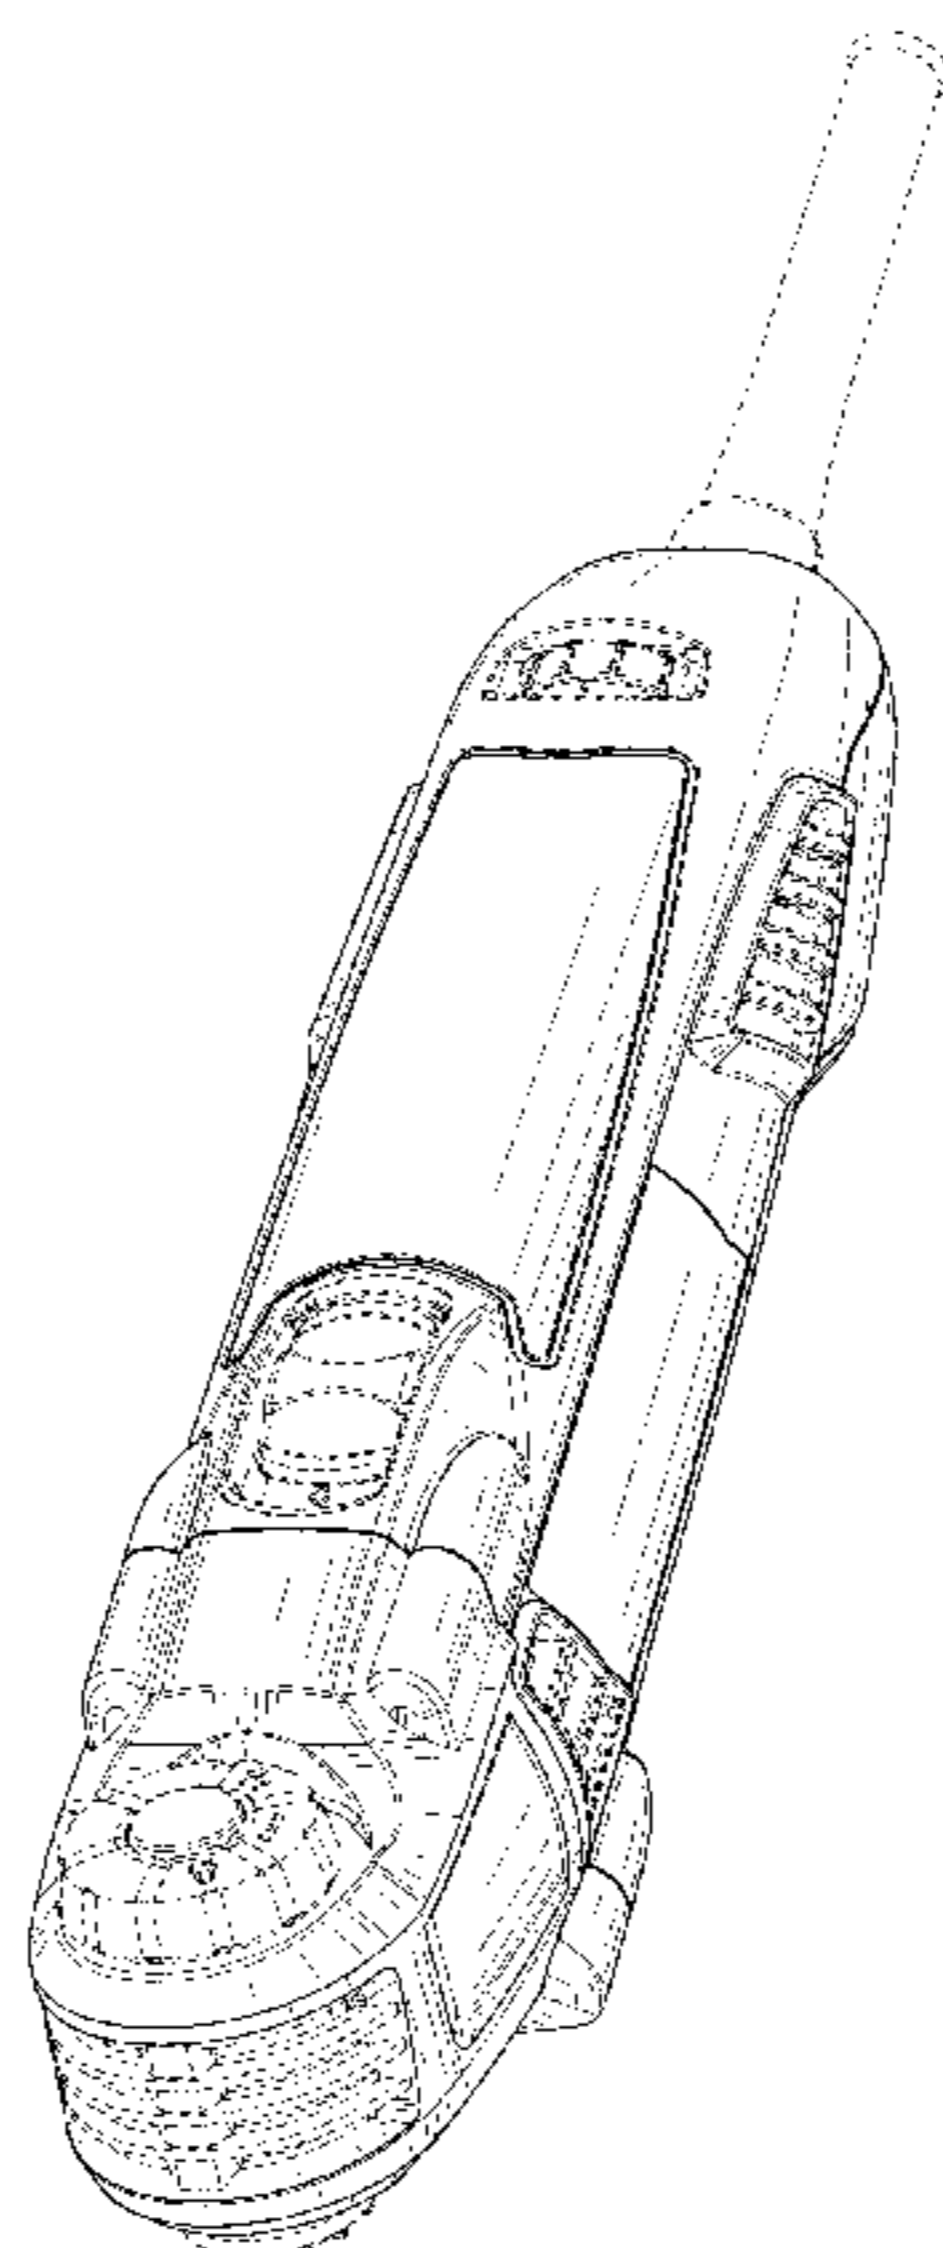

FIG. 5 is a right side elevational view of the oscillating power tool of FIG. 1;

FIG. 6 is a top plan view of the oscillating power tool of FIG. 1; and,

FIG. 7 is a bottom plan view of the oscillating power tool of FIG. 1.

The broken lines shown in the drawings illustrate portions of the oscillating power tool that form no part of the claimed design.
