(57) **CLAIM**

The ornamental design for a storage container with interior tether and label, as shown and described.

DESCRIPTION

FIG. 1 shows a top plan view of a storage container with interior tether and label with a lid open and with an interior label stored in the container and a tether extended from the interior of the container;

FIG. 2 shows a top plan view thereof with the lid open and with the interior label extended from the container and the tether extended from the interior of the container;

FIG. 3 shows a top plan view thereof with the lid of the container closed and with the interior label and the tether stored in the container;

FIG. 4 shows a top perspective view thereof with the lid of the container closed and with the interior label and the tether stored in the container;

FIG. 5 shows a bottom perspective view thereof;

FIG. 6 shows a top plan view thereof with the lid of the container open and with the interior label and the tether stored in the container and a USB flash drive attached to the tether and stored within the container;

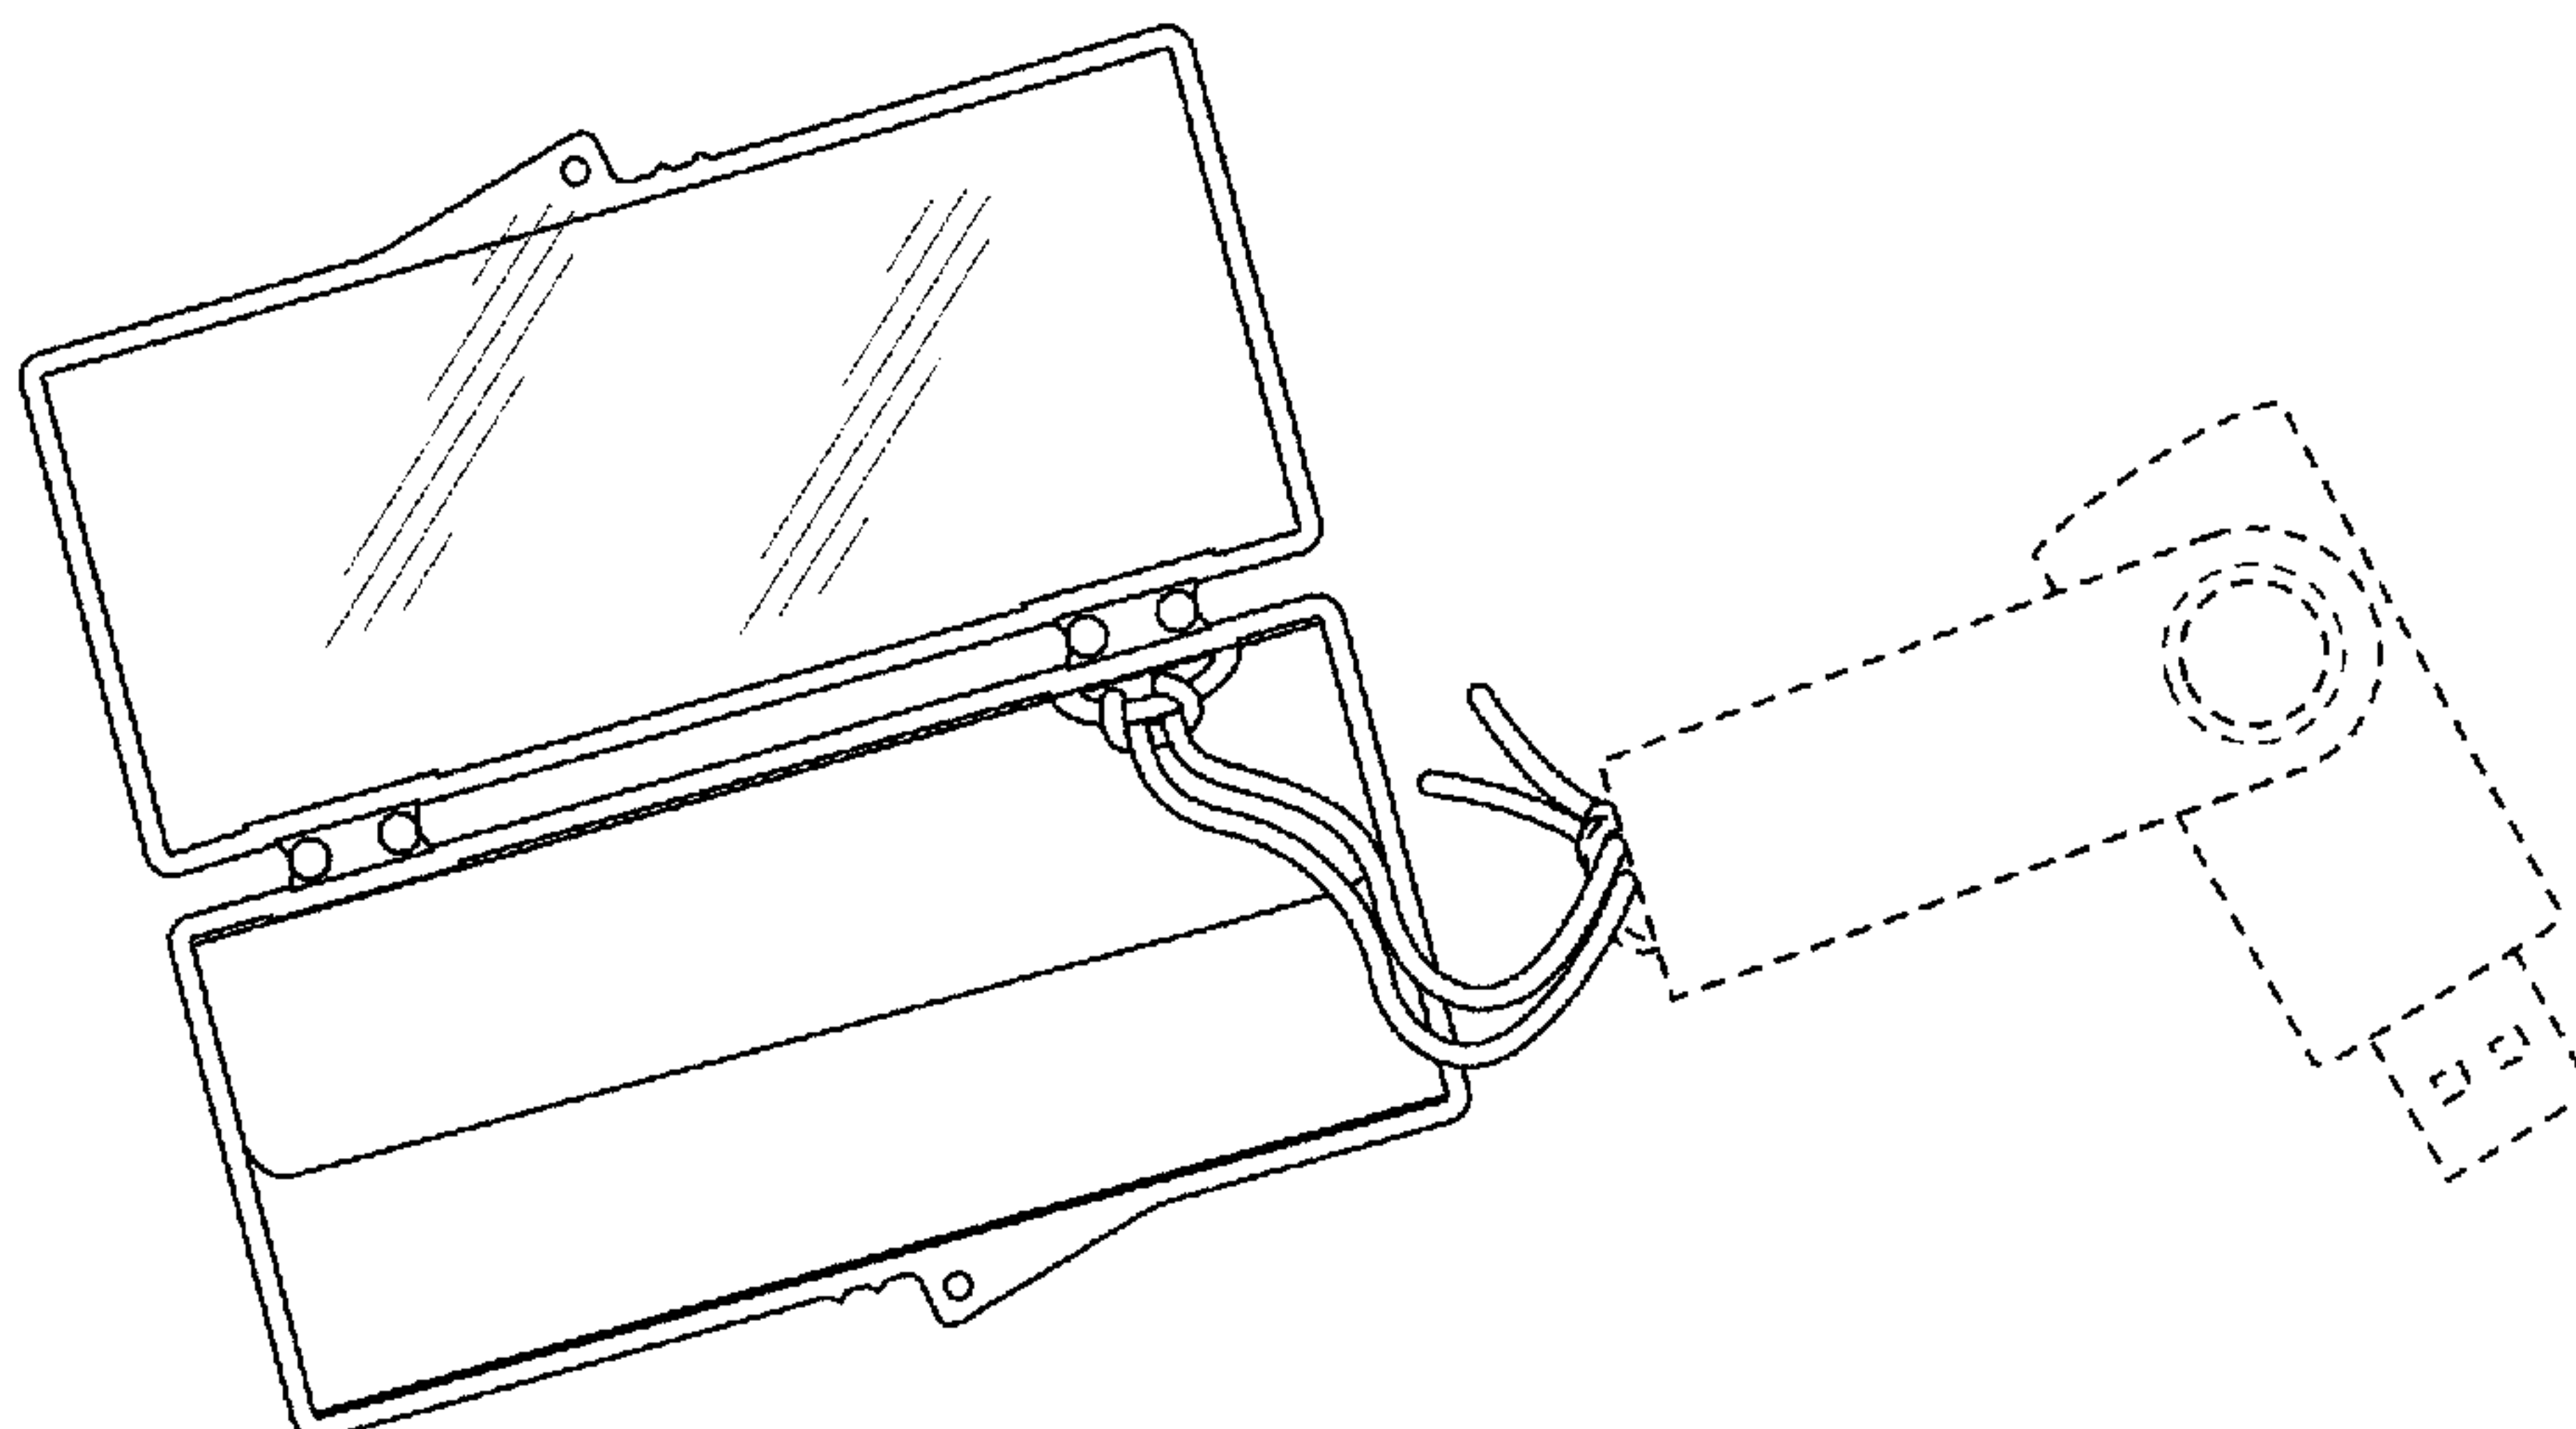

FIG. 7 shows a front elevation view thereof with the lid of the container open and with the interior label stored in the container and the tether extended from the interior of the container;

FIG. 8 shows a left side elevation view thereof with the lid of the container open and with the interior label extended from the container; and,

FIG. 9 shows a top plan view thereof with the lid of the container closed and with the interior label stored in the container and the tether extended from the interior of the container.

The broken lines illustrate environment and form no part of the claimed design.
