DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of an electronic device with a group of graphical user interfaces showing the claimed design; FIG. 2 is a front view of another embodiment thereof; and, FIG. 3 is a front view of an alternate electronic device showing the group of graphical user interface of FIG. 1 applied thereto. The group of graphical user interface designs of FIG. 2 may be similarly applied thereto.

The broken lines in the figures show an electronic device having a display screen, or an alternate electronic device having a display screen, and form no part of the claimed design.
