(57) **CLAIM**

An ornamental design for a dual-sided game wheel, as
shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a new design for a
dual-sided game wheel that has a main dual-sided rotating
game wheel with a series of front pegs aligned along a series
of front panels and with a series of rear pegs aligned along
a series of rear panels and a bracket with a front pointer and
a rear pointer;

FIG. 2 is a front view thereof, showing the series of front
panels and the series of front pegs spaced therebetween;

FIG. 3 is a top thereof;

FIG. 4 is a bottom view thereof;

FIG. 5 is a left view thereof;

FIG. 6 is a right thereof; and,

FIG. 7 is a rear view thereof, showing the series rear panels
and the series of rear pegs spaced therebetween.

The solid line showing illustrates the claimed features within
the design for the claimed article of manufacture.

The broken lines shown in the drawings depict portions of
the dual-sided game wheel that form no part of the claimed
design.

The shading is provided to illustrate contour and material
type only and is not an indication of texture, gloss, etc.
