(57) **CLAIM**

An ornamental design for a dual-sided game wheel, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a new design for a dual-sided game wheel that has a main dual-sided rotating game wheel with a series of front pegs aligned along a series of front panels and with a series of rear pegs aligned along a series of rear panels and a bracket with a front pointer and a rear pointer;

FIG. 2 is a front view thereof, showing the series of front panels and the series of front pegs spaced therebetween;

FIG. 3 is a top thereof;

FIG. 4 is a bottom view thereof;

FIG. 5 is a left view thereof;

FIG. 6 is a right thereof; and,

FIG. 7 is a rear view thereof, showing the series rear panels and the series of rear pegs spaced therebetween.

The solid line showing illustrates the claimed features within the design for the claimed article of manufacture.

The broken lines shown in the drawings depict portions of the dual-sided game wheel that form no part of the claimed design.

The shading is provided to illustrate contour and material type only and is not an indication of texture, gloss, etc.
