(57) **CLAIM**

The ornamental design of a front face of a vehicle steering wheel, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a front face for a vehicle steering wheel showing my new design;
FIG. 2 is a front and side perspective view thereof; and,
FIG. 3 is a front and opposite side perspective view thereof. Any broken lines immediately adjacent the shaded areas represent the bounds of the claimed design while all other broken lines are directed to environment and/or are for illustrative purposes only. The broken lines form no part of the claimed design. The back of the front face of a vehicle steering wheel and/or any other portion of the front face of a vehicle steering wheel not viewable in the drawings forms no part of the claimed design.
