(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with graphical user interface according to a first embodiment of our new design; FIG. 2 is a front view of a display screen with graphical user interface according to a second embodiment of our new design; and,

FIG. 3 is a front view of a display screen with graphical user interface according to a third embodiment of our new design.

(Continued)

The dot-dash broken lines illustrate a display screen and form no part of the claimed design.
