(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

1.1 is a front image of a display screen with animated graphical user interface showing our new design;

1.2 is a second image thereof;

1.3 is a third image thereof;

1.4 is a fourth image thereof;

1.5 is a fifth image thereof;

1.6 is a sixth image thereof;

1.7 is a seventh image thereof;

1.8 is an eighth image thereof;

1.9 is a ninth image thereof;

1.10 is a tenth image thereof;

1.11 is an eleventh image thereof;

1.12 is a top view thereof;

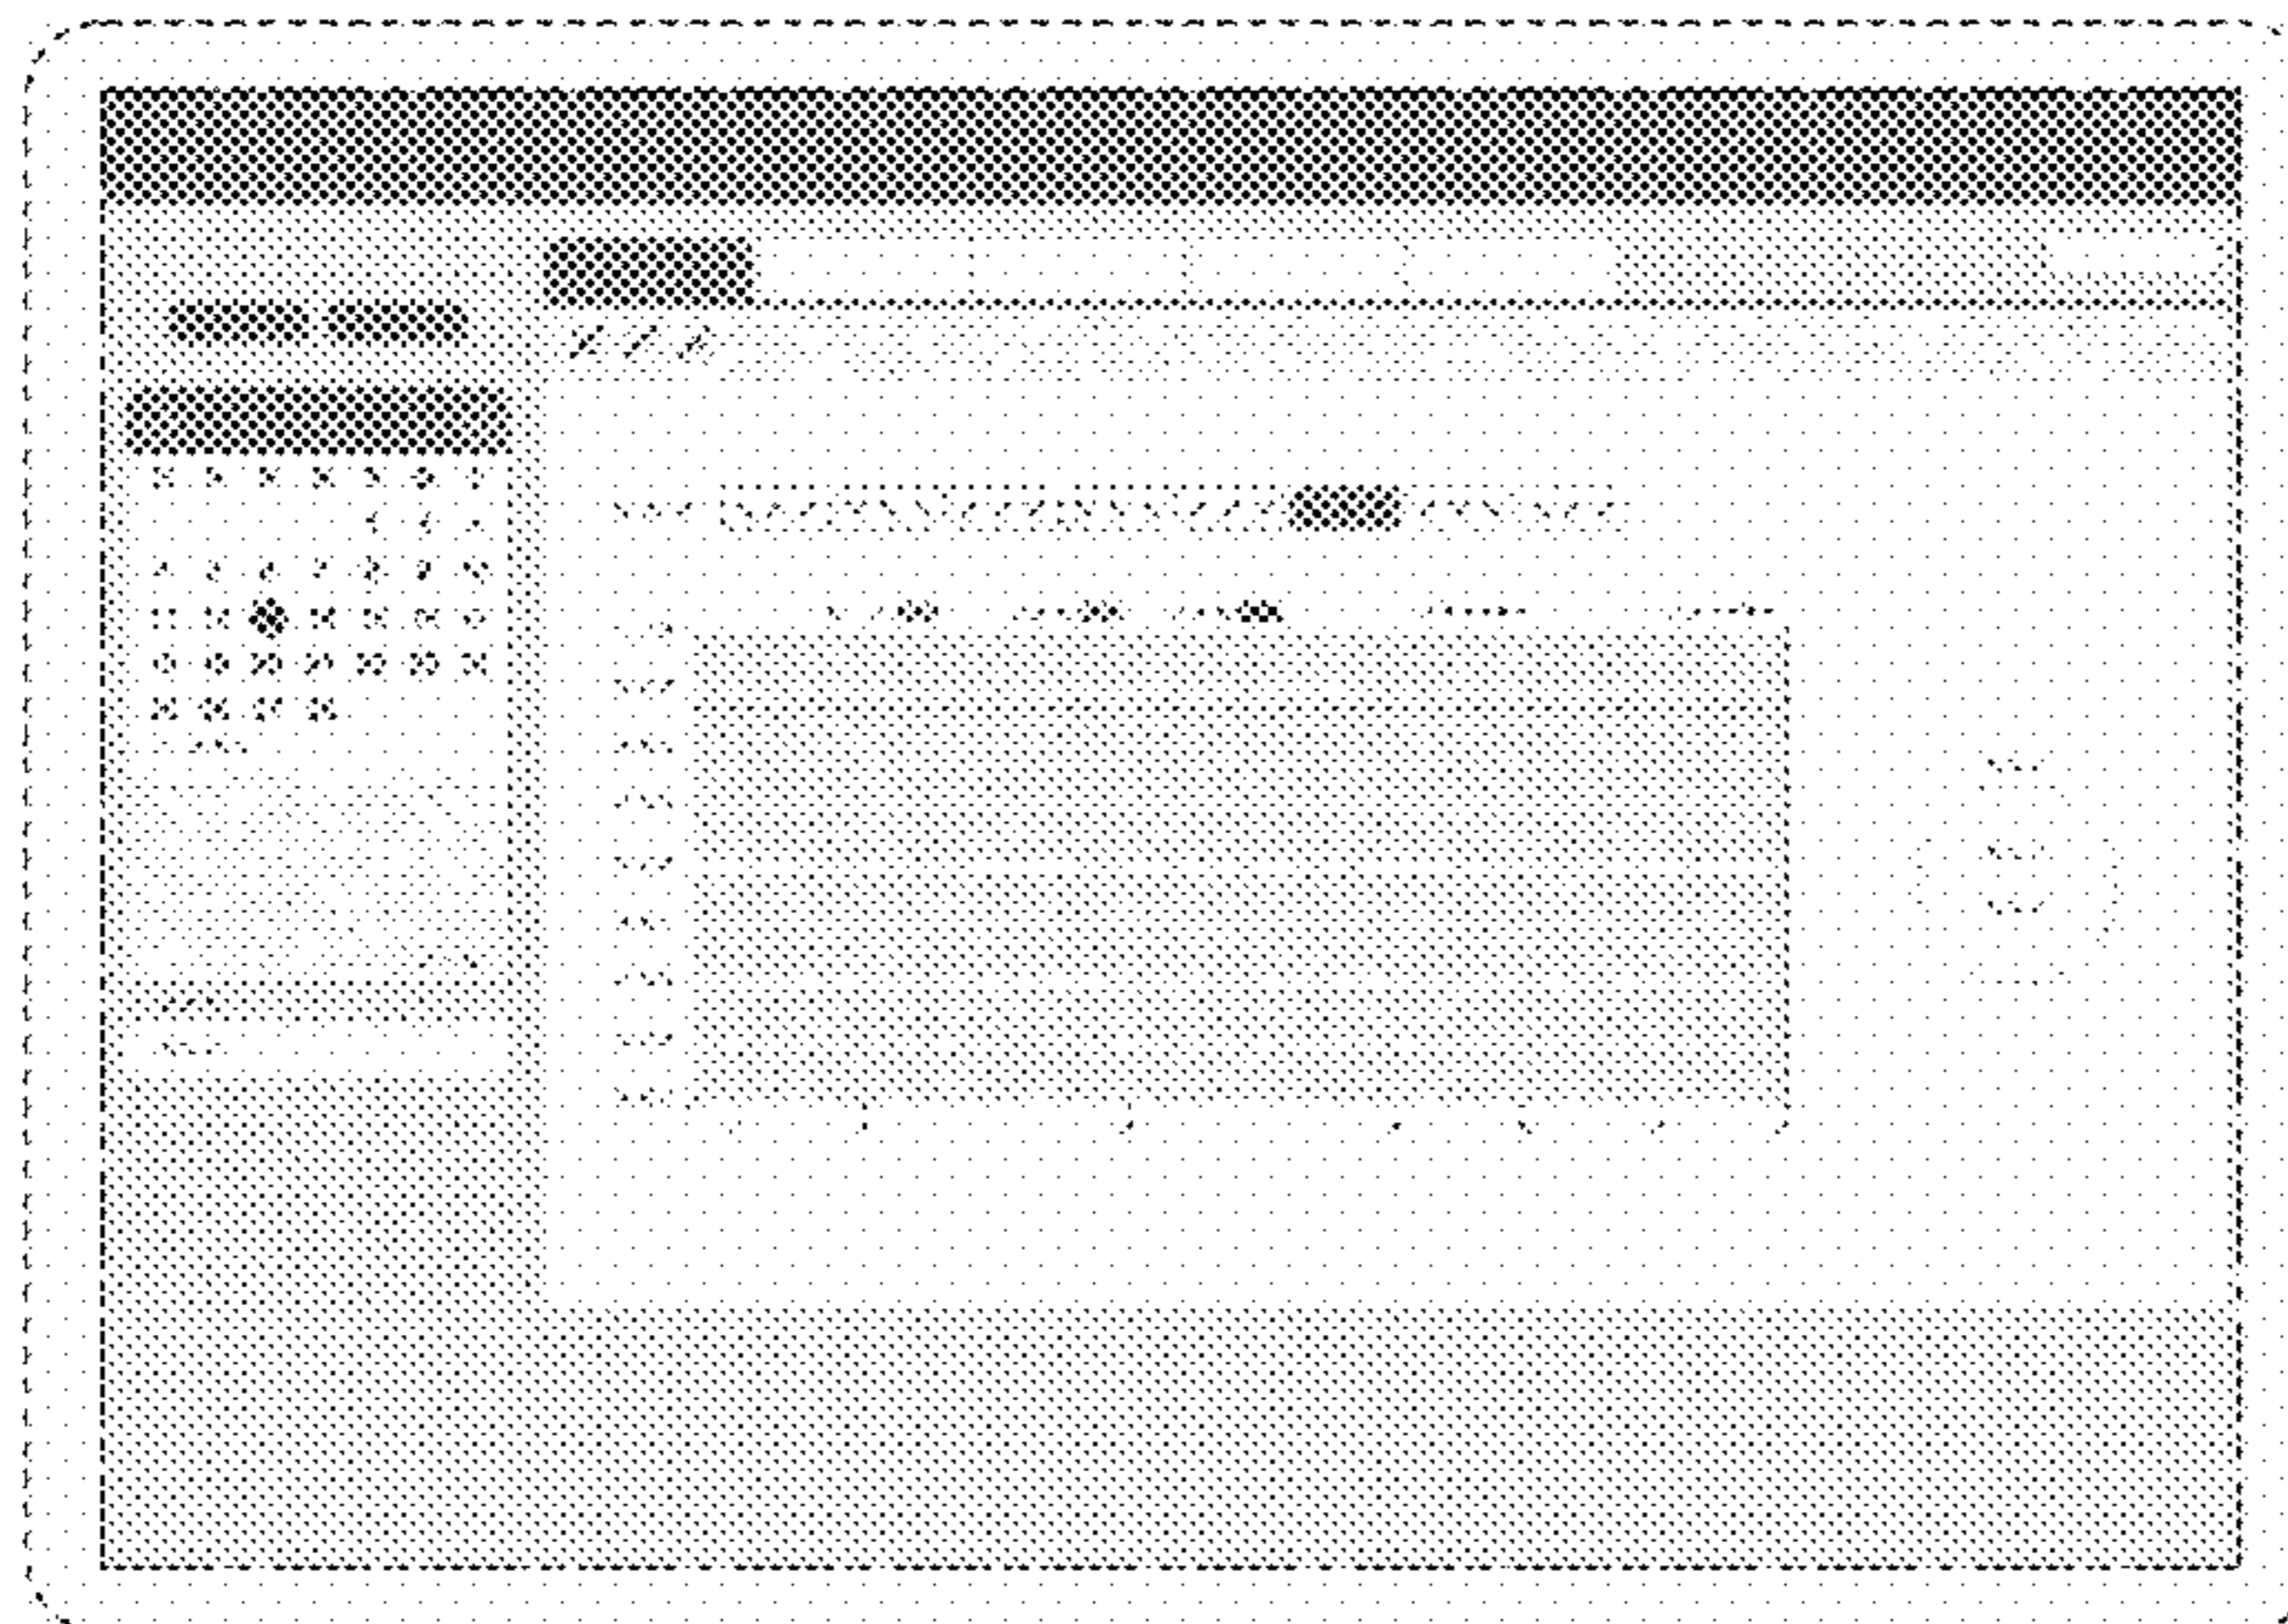

1.13 is a right view thereof, the left view being a mirror image thereof; and

1.14 is a back view thereof.

No protection is sought for the matters shown in broken lines and dash-dot lines on the reproductions; the dash-dot lines show boundaries between the screen and parts seeking the protection and the other parts of the display; the left views are mirror images of the right views; the bottom views are symmetrical with the top views; design 1 is a display screen with animated graphical user interface for a portable information device used in buildings and facilities; the display screen with animated graphical user interface consists of a calendar part on the left, an upper and a middle tab parts and information display parts surrounded on the other areas; the views **1.1** through **1.11** show sequences of the display screen with animated graphical user interface when manipulating the tab parts.

The appearance of the transitional image sequentially transitions between the images shown in Reproductions **1.1** through **1.14**. The process or period that one image transitions to another image; forms no part of the claimed design.

(Continued)

In the reproductions, the outermost broken lines are for the purpose of illustrating portions of a display screen with animated graphical user interface that forms no part of the claimed design. The dash-dot broken lines are for the purpose of illustrating the boundaries of the claim and form no part of the claimed design.

1 Claim, 14 Drawing Sheets
