The ornamental design for a high-strength partition top anchor, as shown and described.

See application file for complete search history.

**DESCRIPTION**

(56) **References Cited**

FIG. 1 is a perspective view of a high-strength partition top anchor formed of one piece of material according to an embodiment of the present invention;  
FIG. 2 is a front view of the high-strength partition top anchor of FIG. 1, the rear view being identical thereto;  
FIG. 3 is a left side view of the high-strength partition top anchor, the right side view being identical thereto;  
FIG. 4 is a top view of the high-strength partition top anchor;  
and,  
FIG. 5 is a bottom view thereof.
