(57) **CLAIM**

The ornamental design for a display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of a display screen or portion thereof with transitional graphical user interface according to the claimed design; and, FIG. 2 is a front view of a second image thereof.

The appearance of the transition is sequential from FIG. 1 to FIG. 2. The process or period in which an image transitions to another image forms no part of the claimed design. The shading depicts a contrast in appearance.

The longer-dash broken lines illustrate an electronic device. The intermediate-length broken lines illustrate the perimeter of a display screen. The remaining broken lines illustrate features within the graphical user interface. The broken lines form no part of the claimed design.

1 Claim, 2 Drawing Sheets
