FIG. 1 is a front view of a first image of a design for a display screen with graphical user interface of an incubator shown on a monitor. The first image includes an “I weigh” button, represented by Z, which may be displayed on a scale screen during a weighing procedure.

FIG. 2 is a front view of a second image of the display screen with graphical user interface of an incubator of FIG. 1 shown on the monitor. The second image comprises an award ribbon including weight information, represented as A, date information, represented as m, and time information, represented as n. The second image may transition from the first image upon a user clicking the “I weigh” button of the first image.

FIG. 3 is an illustration of a back view of the monitor of FIG. 1 shown for illustration purposes.

FIG. 4 is an illustration of a top view of the monitor of FIG. 1 shown for illustration purposes.

FIG. 5 is an illustration of a bottom view of the monitor of FIG. 1 shown for illustration purposes.

FIG. 6 is an illustration of a right side view of the monitor of FIG. 1 shown for illustration purposes; and,

FIG. 7 is an illustration of a left side view of the monitor of FIG. 1 shown for illustration purposes.
