(57) **CLAIM**

The ornamental design for a vibration dampener, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a vibration dampener;
FIG. 2 is a front elevation view thereof, the rear elevation view being a mirror image thereof;
FIG. 3 is a right elevation view thereof;
FIG. 4 is a left elevation view thereof; and,
FIG. 5 is a top elevation view thereof, the bottom elevation view being a mirror image thereof.
The broken lines shown in the drawings depict strings of a tennis racket that form no part of the claimed invention.
