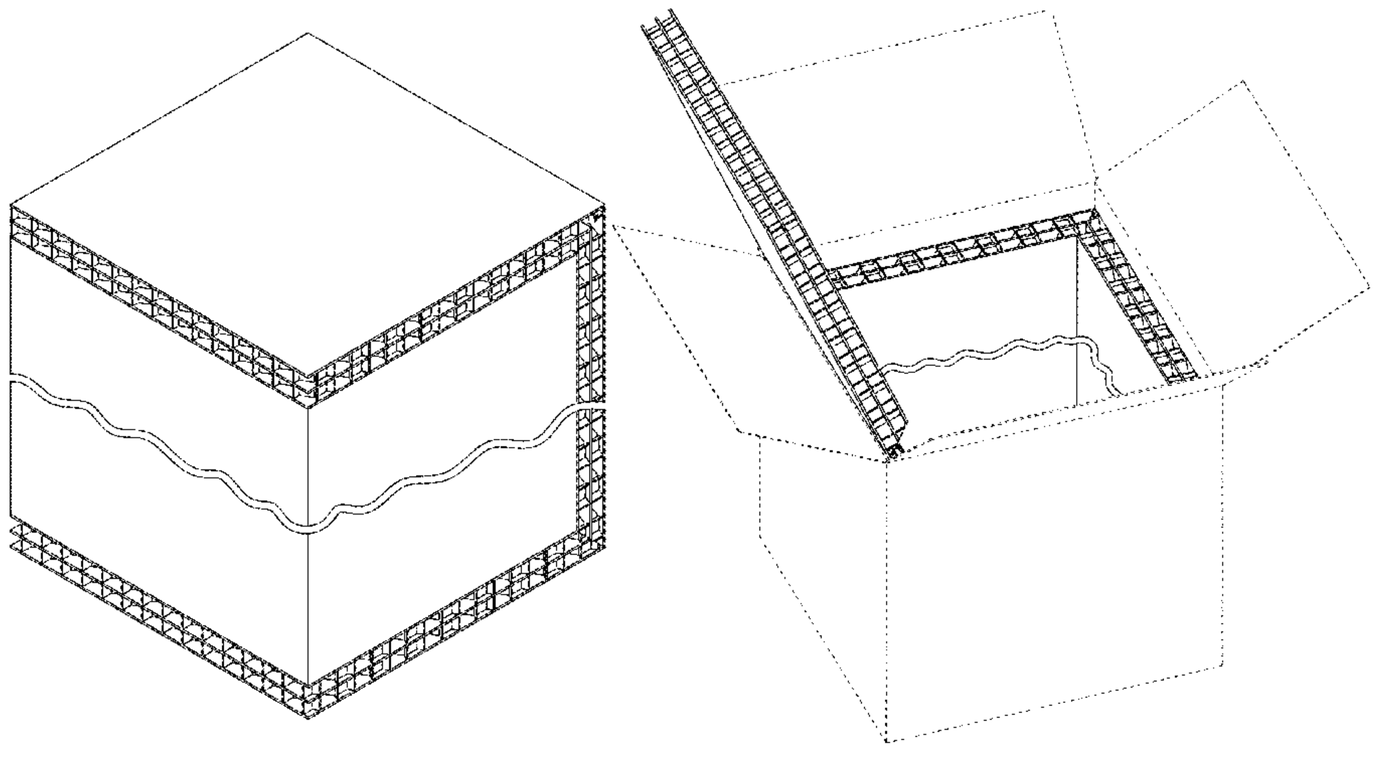
(57) **CLAIM**

The ornamental design for a container liner, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a container liner showing our new design;
FIG. **2** is a front elevation view of the container liner shown in FIG. **1**;
FIG. **3** is a rear elevation view of the container liner shown in FIG. **1**;
FIG. **4** is a left side elevation view of the container liner shown in FIG. **1**;
FIG. **5** is a right side elevation view of the container liner shown in FIG. **1**;
FIG. **6** is a top plan view of the container liner shown in FIG. **1**;
FIG. **7** is a bottom plan view of the container liner shown in FIG. **1**;
FIG. **8** is an extended view of the container liner shown in FIG. **1**; and,
FIG. **9** is a perspective and environmental view of the container liner shown in FIG. **1**.
The broken lines represent environmental subject matter of an exemplary container and form no part of the claim. The container liner is shown with a symbolic break in its length.

(Continued)



The appearance of any portion of the container liner between the break lines forms no part of the claimed design.

1 Claim, 9 Drawing Sheets
