(57) **CLAIM**

The ornamental design for a combined display and operating device, as shown and described.

DESCRIPTION

Cross reference is made to copending U.S. design patent application Ser. No. 29/647,290 entitled “Display and Operating Device” by Haag, Frieder, which was filed on even date herewith; and U.S. design patent application Ser. No. 29/647,294 entitled “Display and Operating Device” by Haag, Frieder, which was filed on even date herewith.

FIG. 1 is a perspective view of a combined display and operating device showing my new design;

FIG. 2 is a front elevational view of the combined display and operating device of FIG. 1;

FIG. 3 is a rear elevational view of the combined display and operating device of FIG. 1;

FIG. 4 is a right side elevational view of the combined display and operating device of FIG. 1;

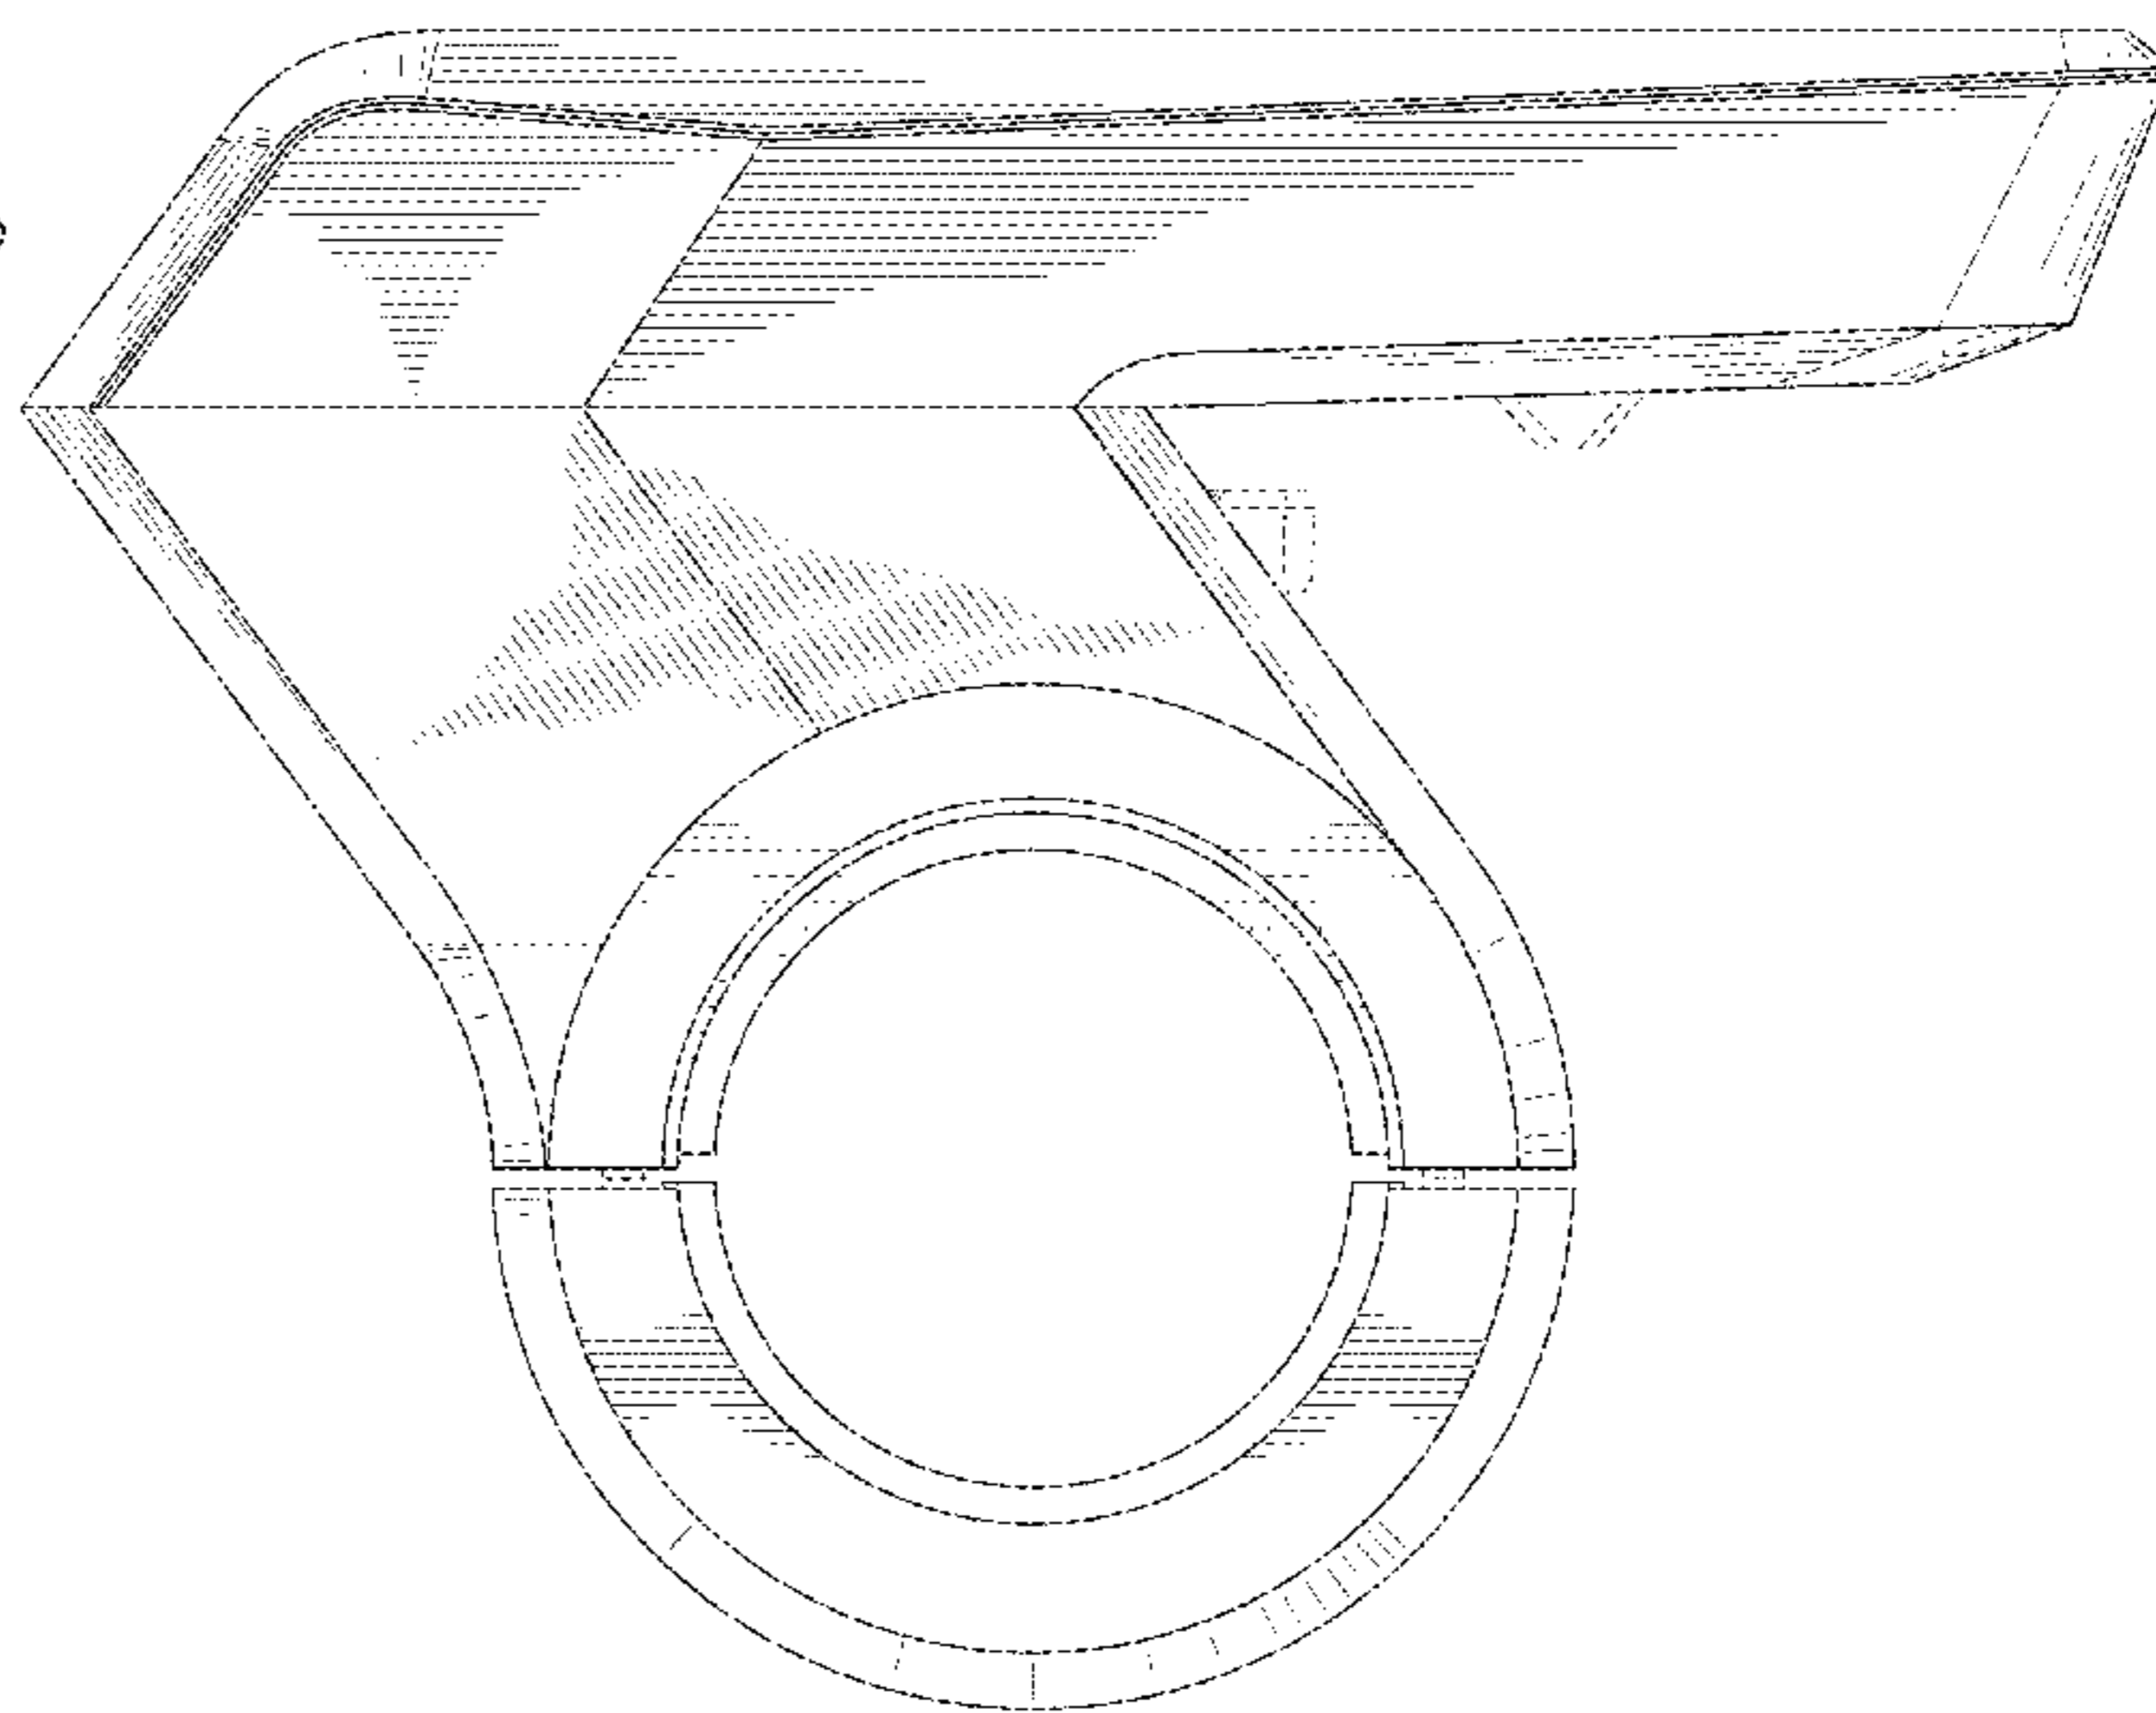

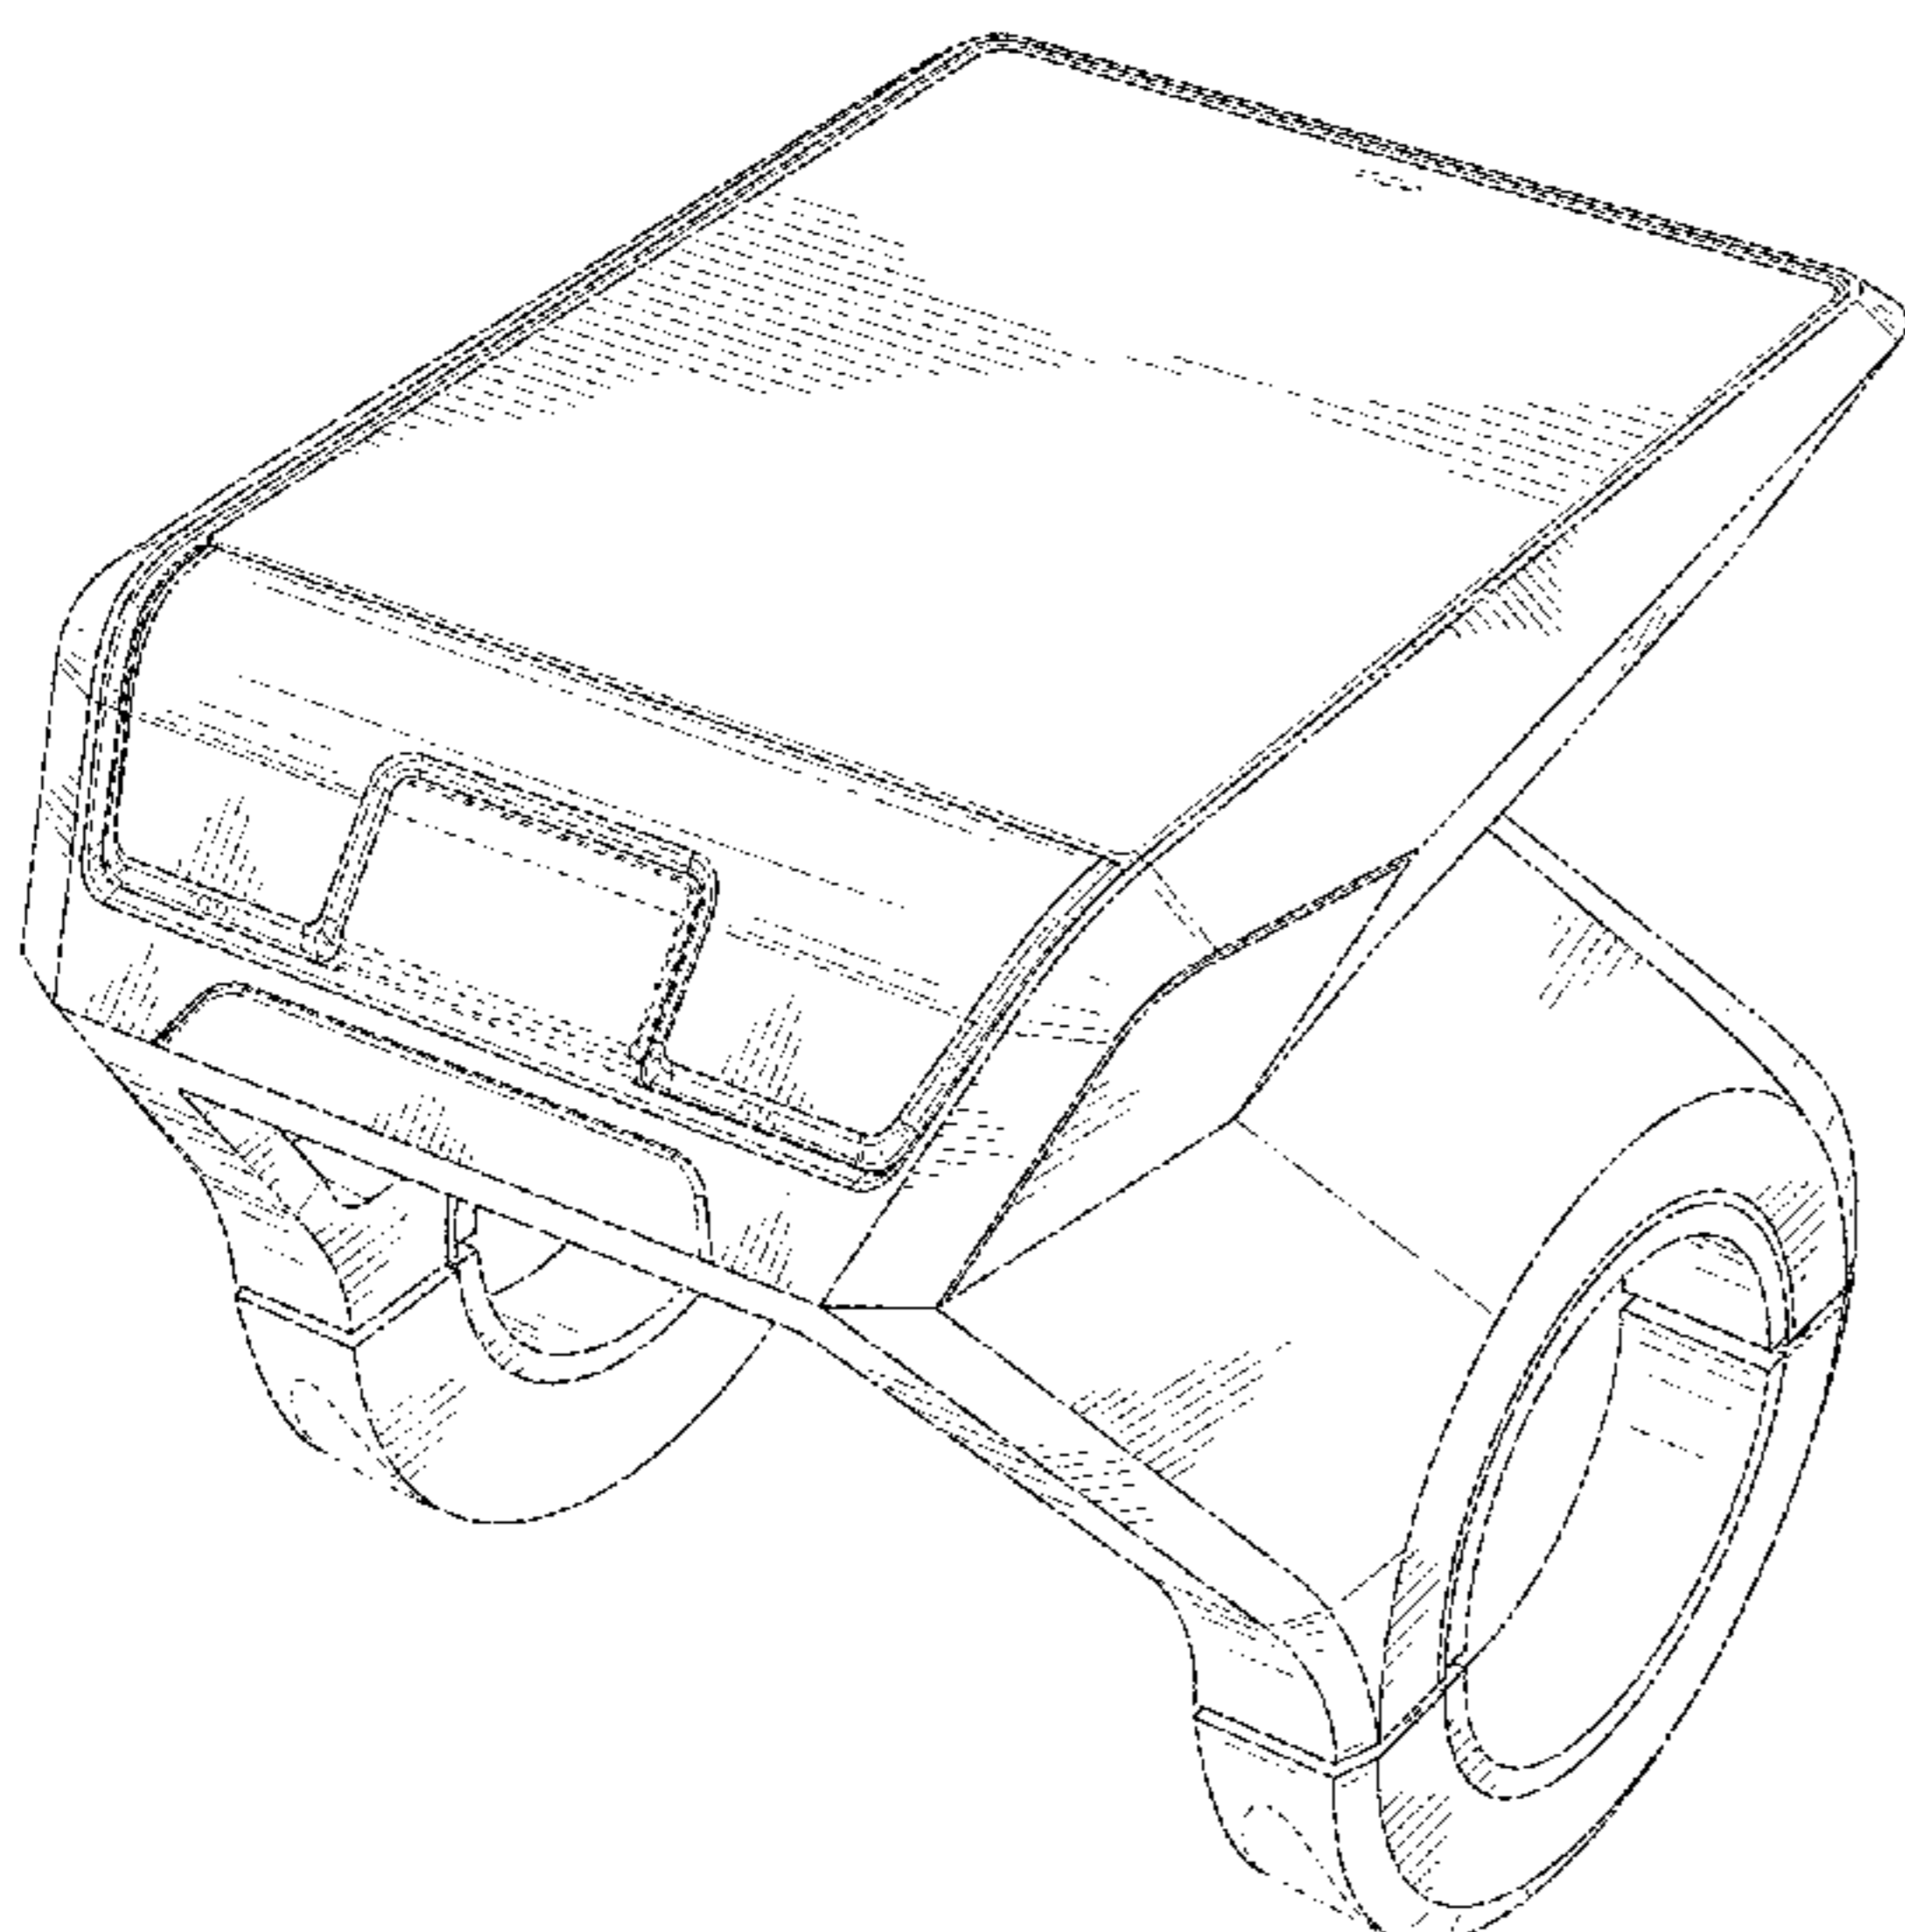

FIG. 5 is a left side elevational view of the combined display and operating device of FIG. 1;

FIG. 6 is a top plan view of the combined display and operating device of FIG. 1; and,

FIG. 7 is a bottom plan view of the combined display and operating device of FIG. 1.

The broken lines shown in the drawings illustrate portions of the combined display and operating device that form no part of the claimed design.
