(57) **CLAIM**

The ornamental design for combined display screens or portions thereof with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first embodiment of combined display screens or portions thereof with graphical user interface showing our new design;

FIG. 2 is a front view of a second embodiment thereof; and, FIG. 3 is a front view of the second embodiment thereof, the broken line showing is omitted.

The even broken lines and the long-dash/short-dash/short-dash broken lines outside of the graphical user interface in all views show a display screen and form no part of the claimed design.

The broken lines within the graphical user interface in FIGS. 1 and 2 show portions of the graphical user interface that form no part of the claimed design.
