FIG. 5c is a left-side elevation view thereof in which the spheres or beads are red at a third transient temporal moment

FIG. 6a is a top elevation view thereof in which the spheres or beads are blue at a first transient temporal moment;

FIG. 6b is a top elevation view thereof in which the spheres or beads are white at a second transient temporal moment;

FIG. 6c is a top elevation view thereof in which the spheres or beads are red at a third transient temporal moment;

FIG. 7a is a bottom elevation view thereof in which the spheres or beads are blue at a first transient temporal moment;

The appearance of the therapy pack transitions back and forth sequentially between the appearances depicted in the a, b, and c views of each numbered figure set described above and shown. The process or period in which one appearance transitions to another forms no part of the claimed design. Blue is a claimed color in all "a" views described above and shown. White is a claimed color in all "b" views described above and shown. Red is a claimed color in all "c" views described above and shown.
