(57) CLAIM

The ornamental design for a touch control panel with groove, as shown and described.

DESCRIPTION

FIG. 1 is a front, left, and bottom side perspective view of a touch control panel with groove showing our new design; and,
FIG. 2 is a rear, right, and top side perspective view thereof. The broken lines in the drawings depict portions of the touch control panel with groove that form no part of the claim. All unshaded surfaces within the broken lines form no part of the claimed design and the unshaded surfaces shown between the solid lines and the broken lines form no part of the claimed design.
