(57) **CLAIM**

The ornamental design for an electronic device with graphical user interface with a shape animation, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of an electronic device with graphical user interface with a shape animation, showing our new design;

FIG. 2 is a front view of a second image thereof;

FIG. 3 is a front view of a third image thereof;

FIG. 4 is a front view of a fourth image thereof; and,

FIG. 5 is a front view of a fifth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 through 5. The process or period in which one image transitions to another image forms no part of the claimed design.

The outermost broken line illustrates an electronic device, which is the environment of the design and forms no part of the claim. The broken line showing of a display screen forms no part of the claimed design. The remaining broken lines, including all text, illustrate portions of the graphical user interface that form no part of the claimed design.

1 Claim, 5 Drawing Sheets
