(57) **CLAIM**

The ornamental design for a backpack with multiple hoods, as shown and described.

FIG. 1 is a perspective elevational view of a front hood and a back hood of a backpack illustrating both hoods in extended positions and showing our new design.

FIG. 2 is a front elevational view thereof illustrating both hoods in extended positions.

FIG. 3 is a rear elevational view thereof illustrating both hoods in extended positions.

FIG. 4 is a left side elevational view thereof illustrating both hoods in extended positions.

FIG. 5 is a right side elevational view thereof illustrating both hoods in extended positions.

FIG. 6 is a top plan view thereof illustrating both hoods in extended positions.

FIG. 7 is a bottom plan view thereof illustrating both hoods in extended positions.

FIG. 8 is a perspective elevational view thereof illustrating both hoods in the partially stored position.

FIG. 9 is a perspective elevational view thereof illustrating the front hood in a fully stored position and illustrating the back hood in an extended position.

FIG. 10 is a perspective elevational view thereof illustrating both hoods in a fully stored position.

FIG. 11 is a front elevational view thereof illustrating both hoods in a fully stored position.

FIG. 12 is a rear elevational view thereof illustrating both hoods in a fully stored position.

FIG. 13 is a left side elevational view thereof illustrating both hoods in a fully stored position.

FIG. 14 is a right side elevational view thereof illustrating both hoods in a fully stored position.

FIG. 15 is a top plan view thereof illustrating both hoods in a fully stored position; and,

FIG. 16 is a bottom plan view thereof illustrating both hoods in a fully stored position.

The dotted broken lines in the figure drawings illustrate environment and form no part of the claimed design.
