(57) **CLAIM**

The ornamental design for a display device with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display device with graphical user interface;

FIG. 2 is a second image thereof;

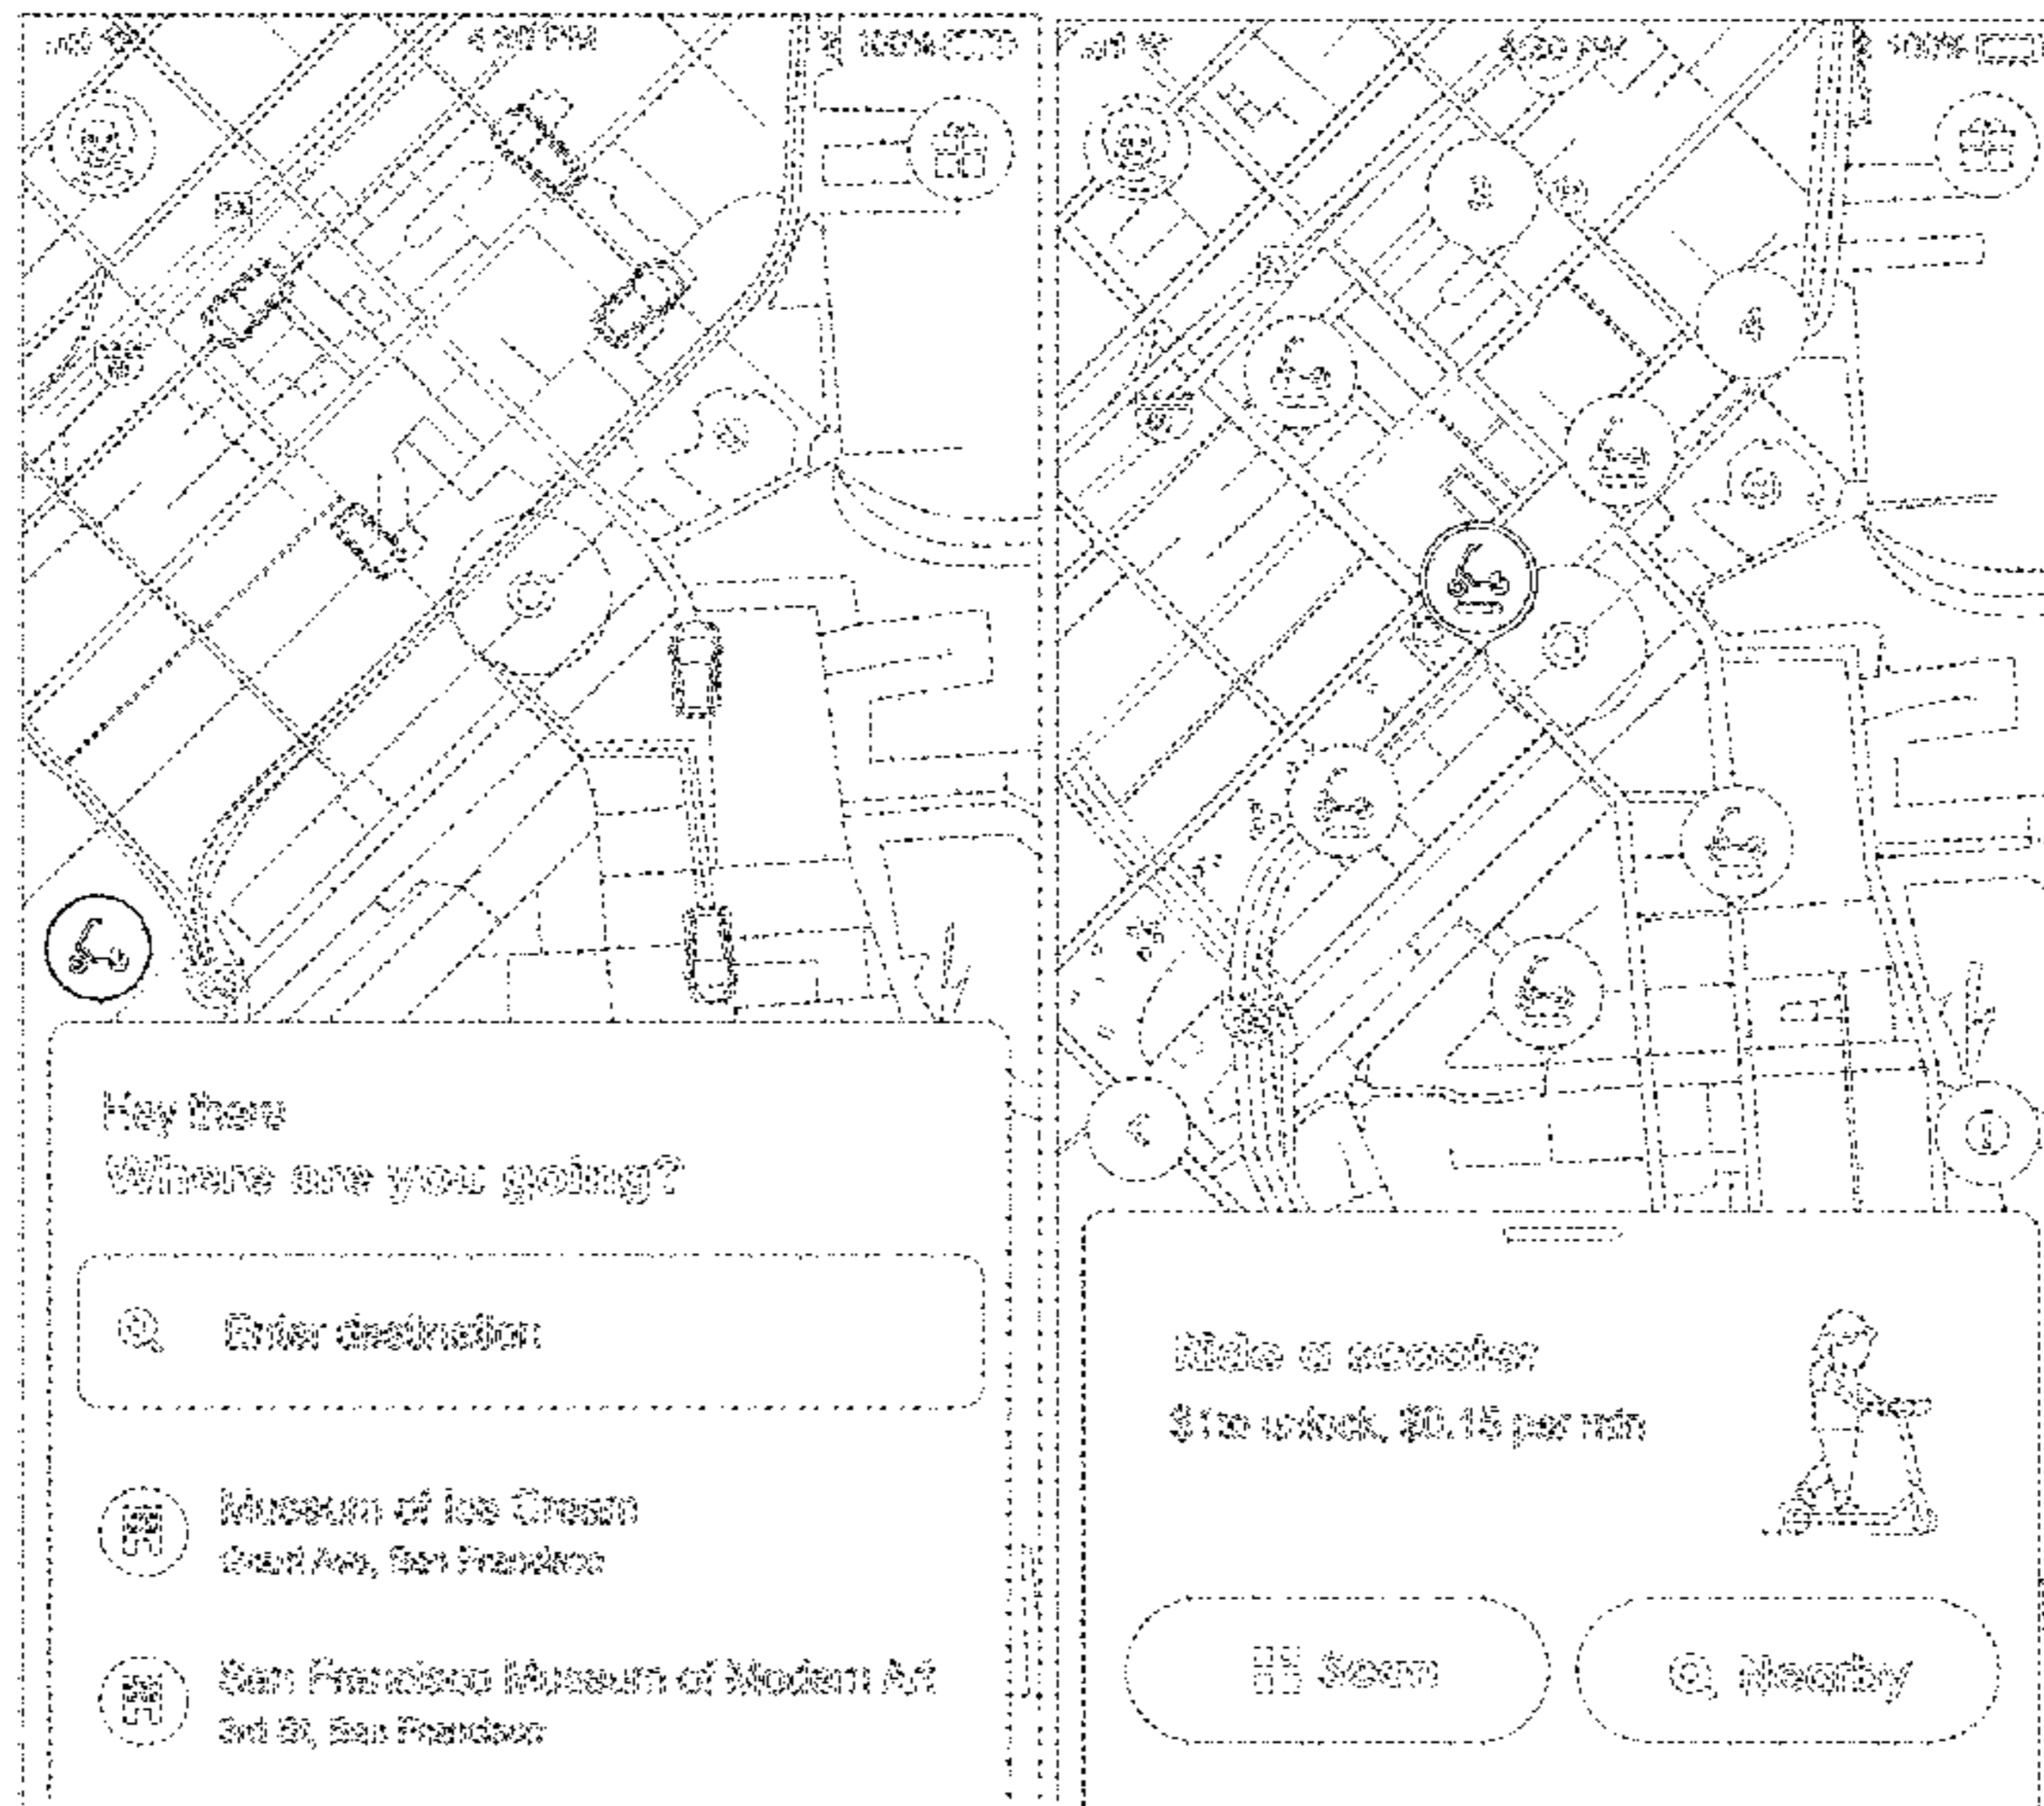

FIG. 3 is a third image thereof; and,

FIG. 4 is a fourth image thereof.

The appearance of the graphical user interface transitions sequentially between the images shown in FIGS. 1-4. The process or period in which one image transitions to the next forms no part of the claimed design.

The broken lines are included for the purpose of showing environmental portions of the display device with graphical user interface and form no part of the claimed design.
