(57) **CLAIM**

The ornamental design for a display screen or a portion thereof with an animated graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

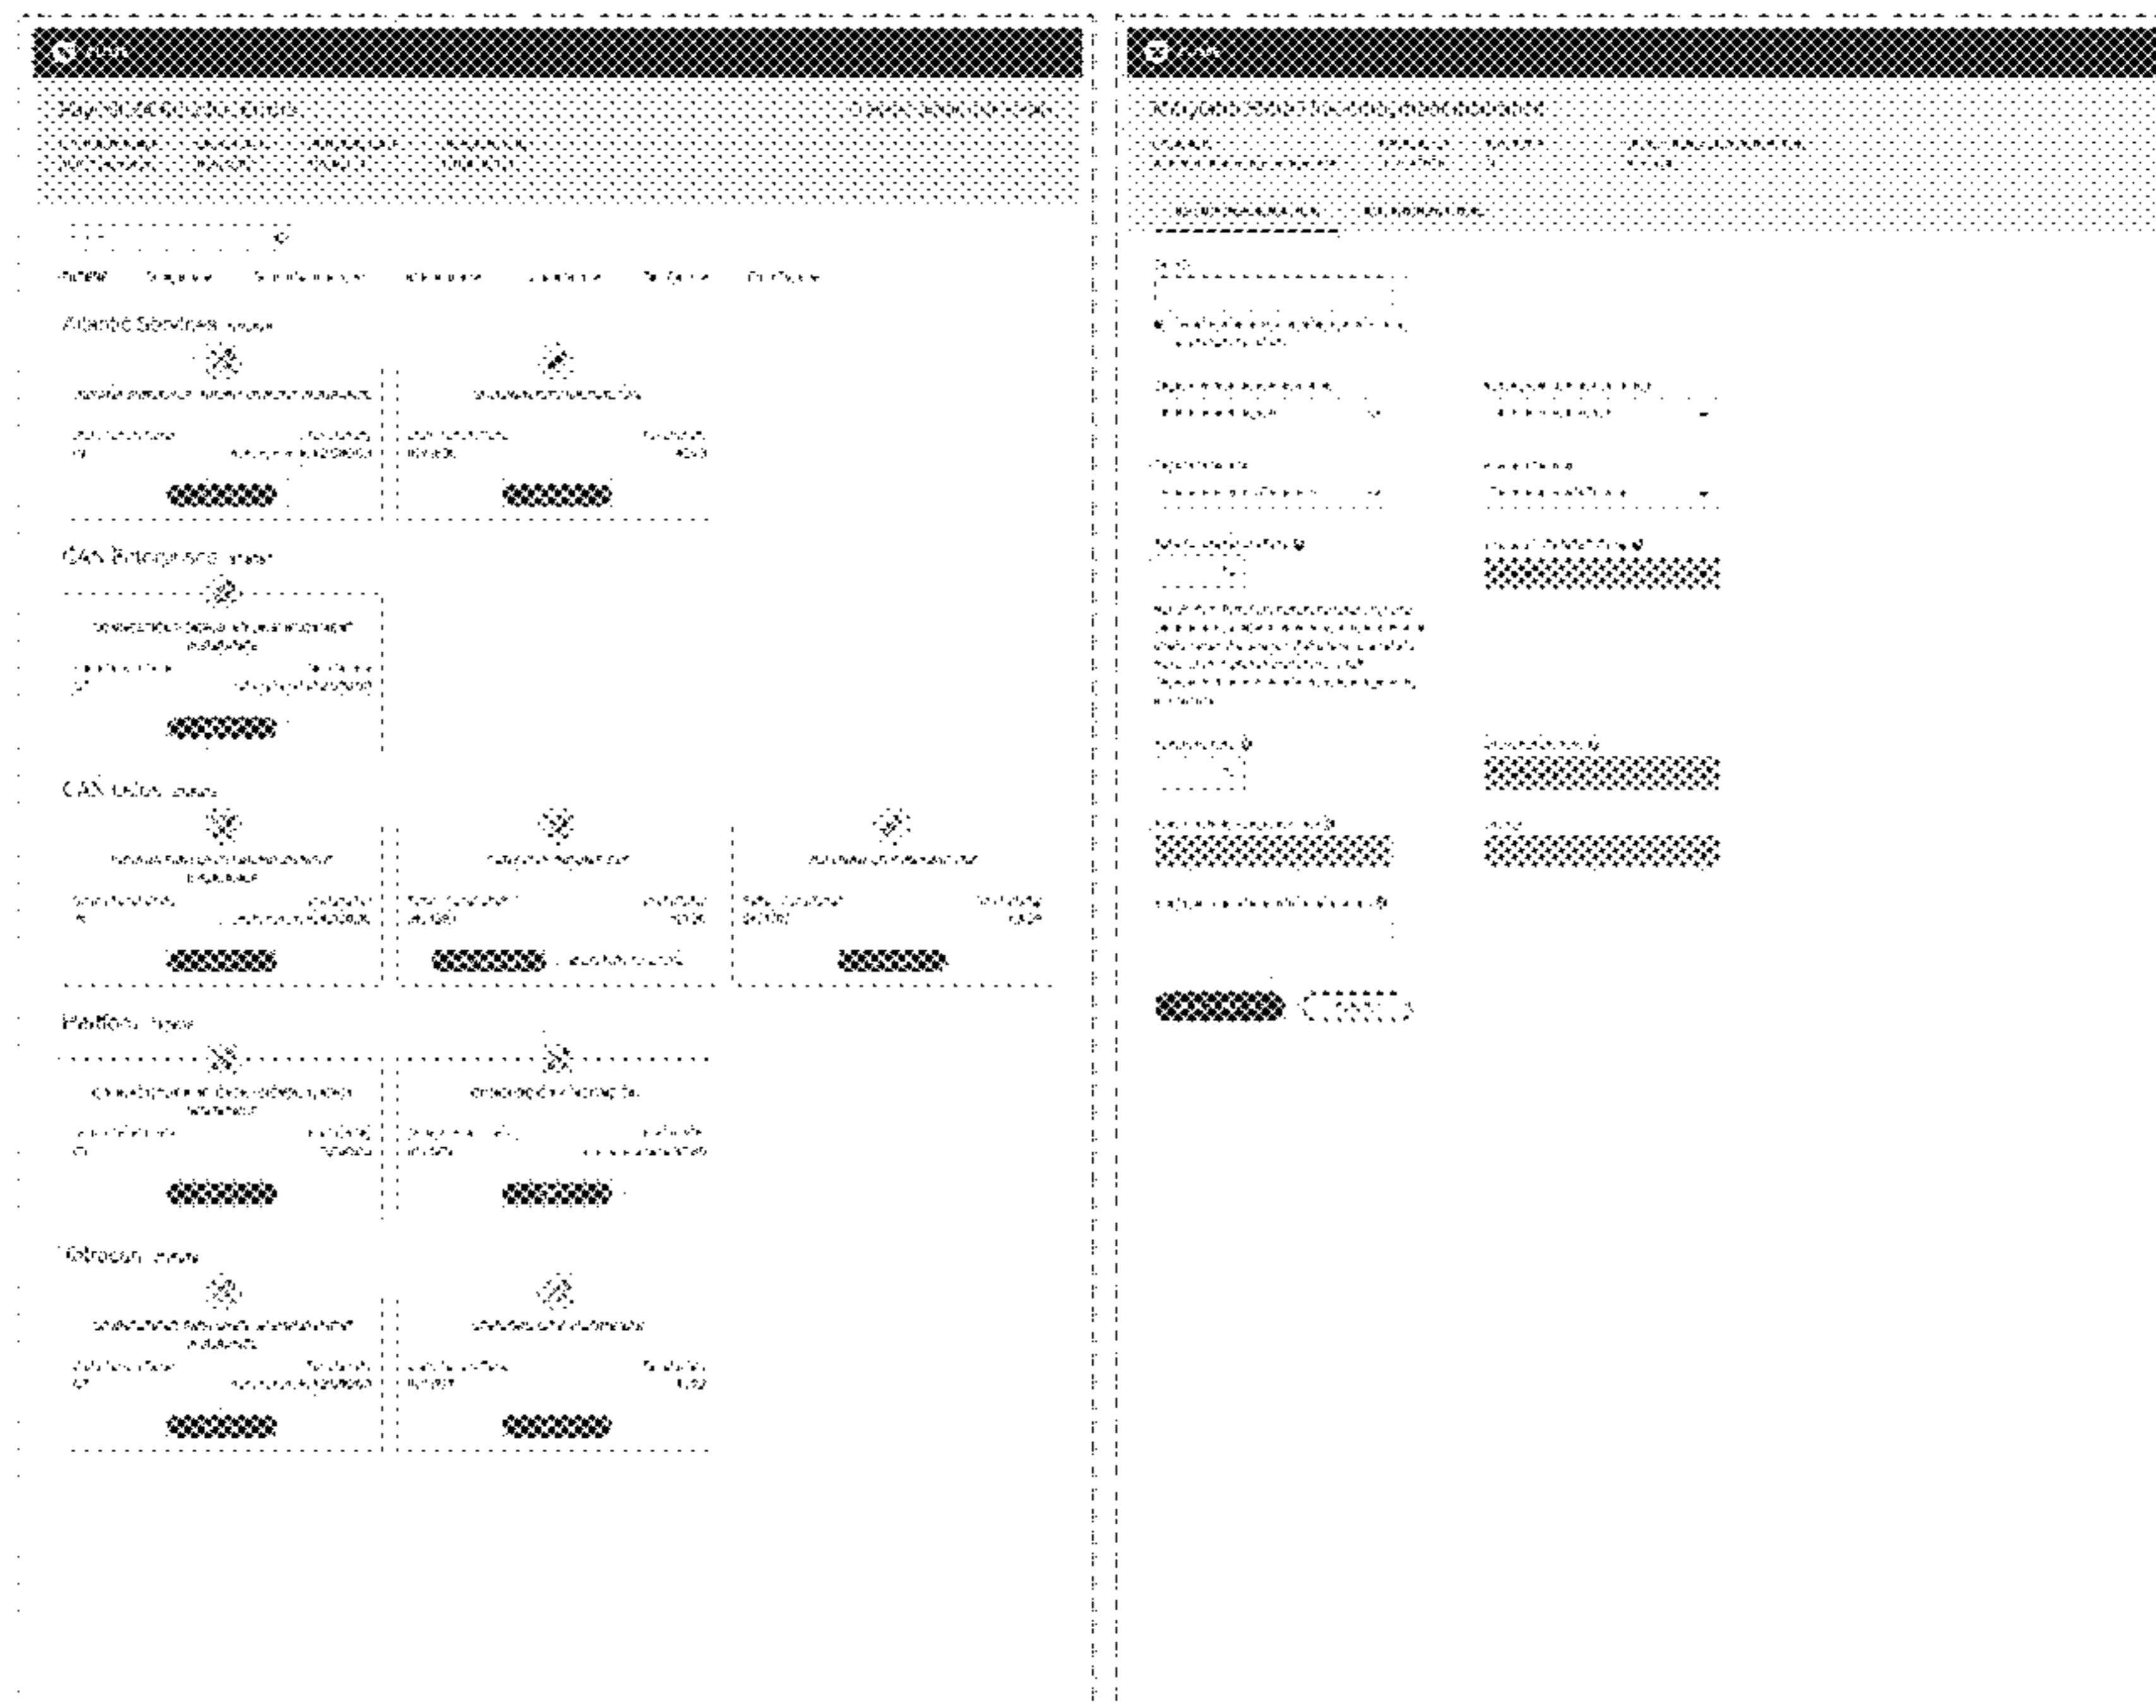

FIG. 1 is a view of a display screen with an animated graphical user interface;

FIG. 2 is a second view of the display screen with the animated graphical user interface; and,

FIG. 3 is a third view of the display screen with the animated graphical user interface.

The broken lines showing a display screen or a portion thereof in all views are for the purpose of illustrating environment and form no part of the claimed design. The appearance of the animated images sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
