(57) **CLAIM**

We claim the ornamental design for a dual access fluid dispensing lid, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, front and right side perspective view of the dual access fluid dispensing lid of the present invention, in a closed configuration.

FIG. 2 is a front elevational view thereof.

FIG. 3 is a right side elevational view thereof.

FIG. 4 is a rear elevational view thereof.

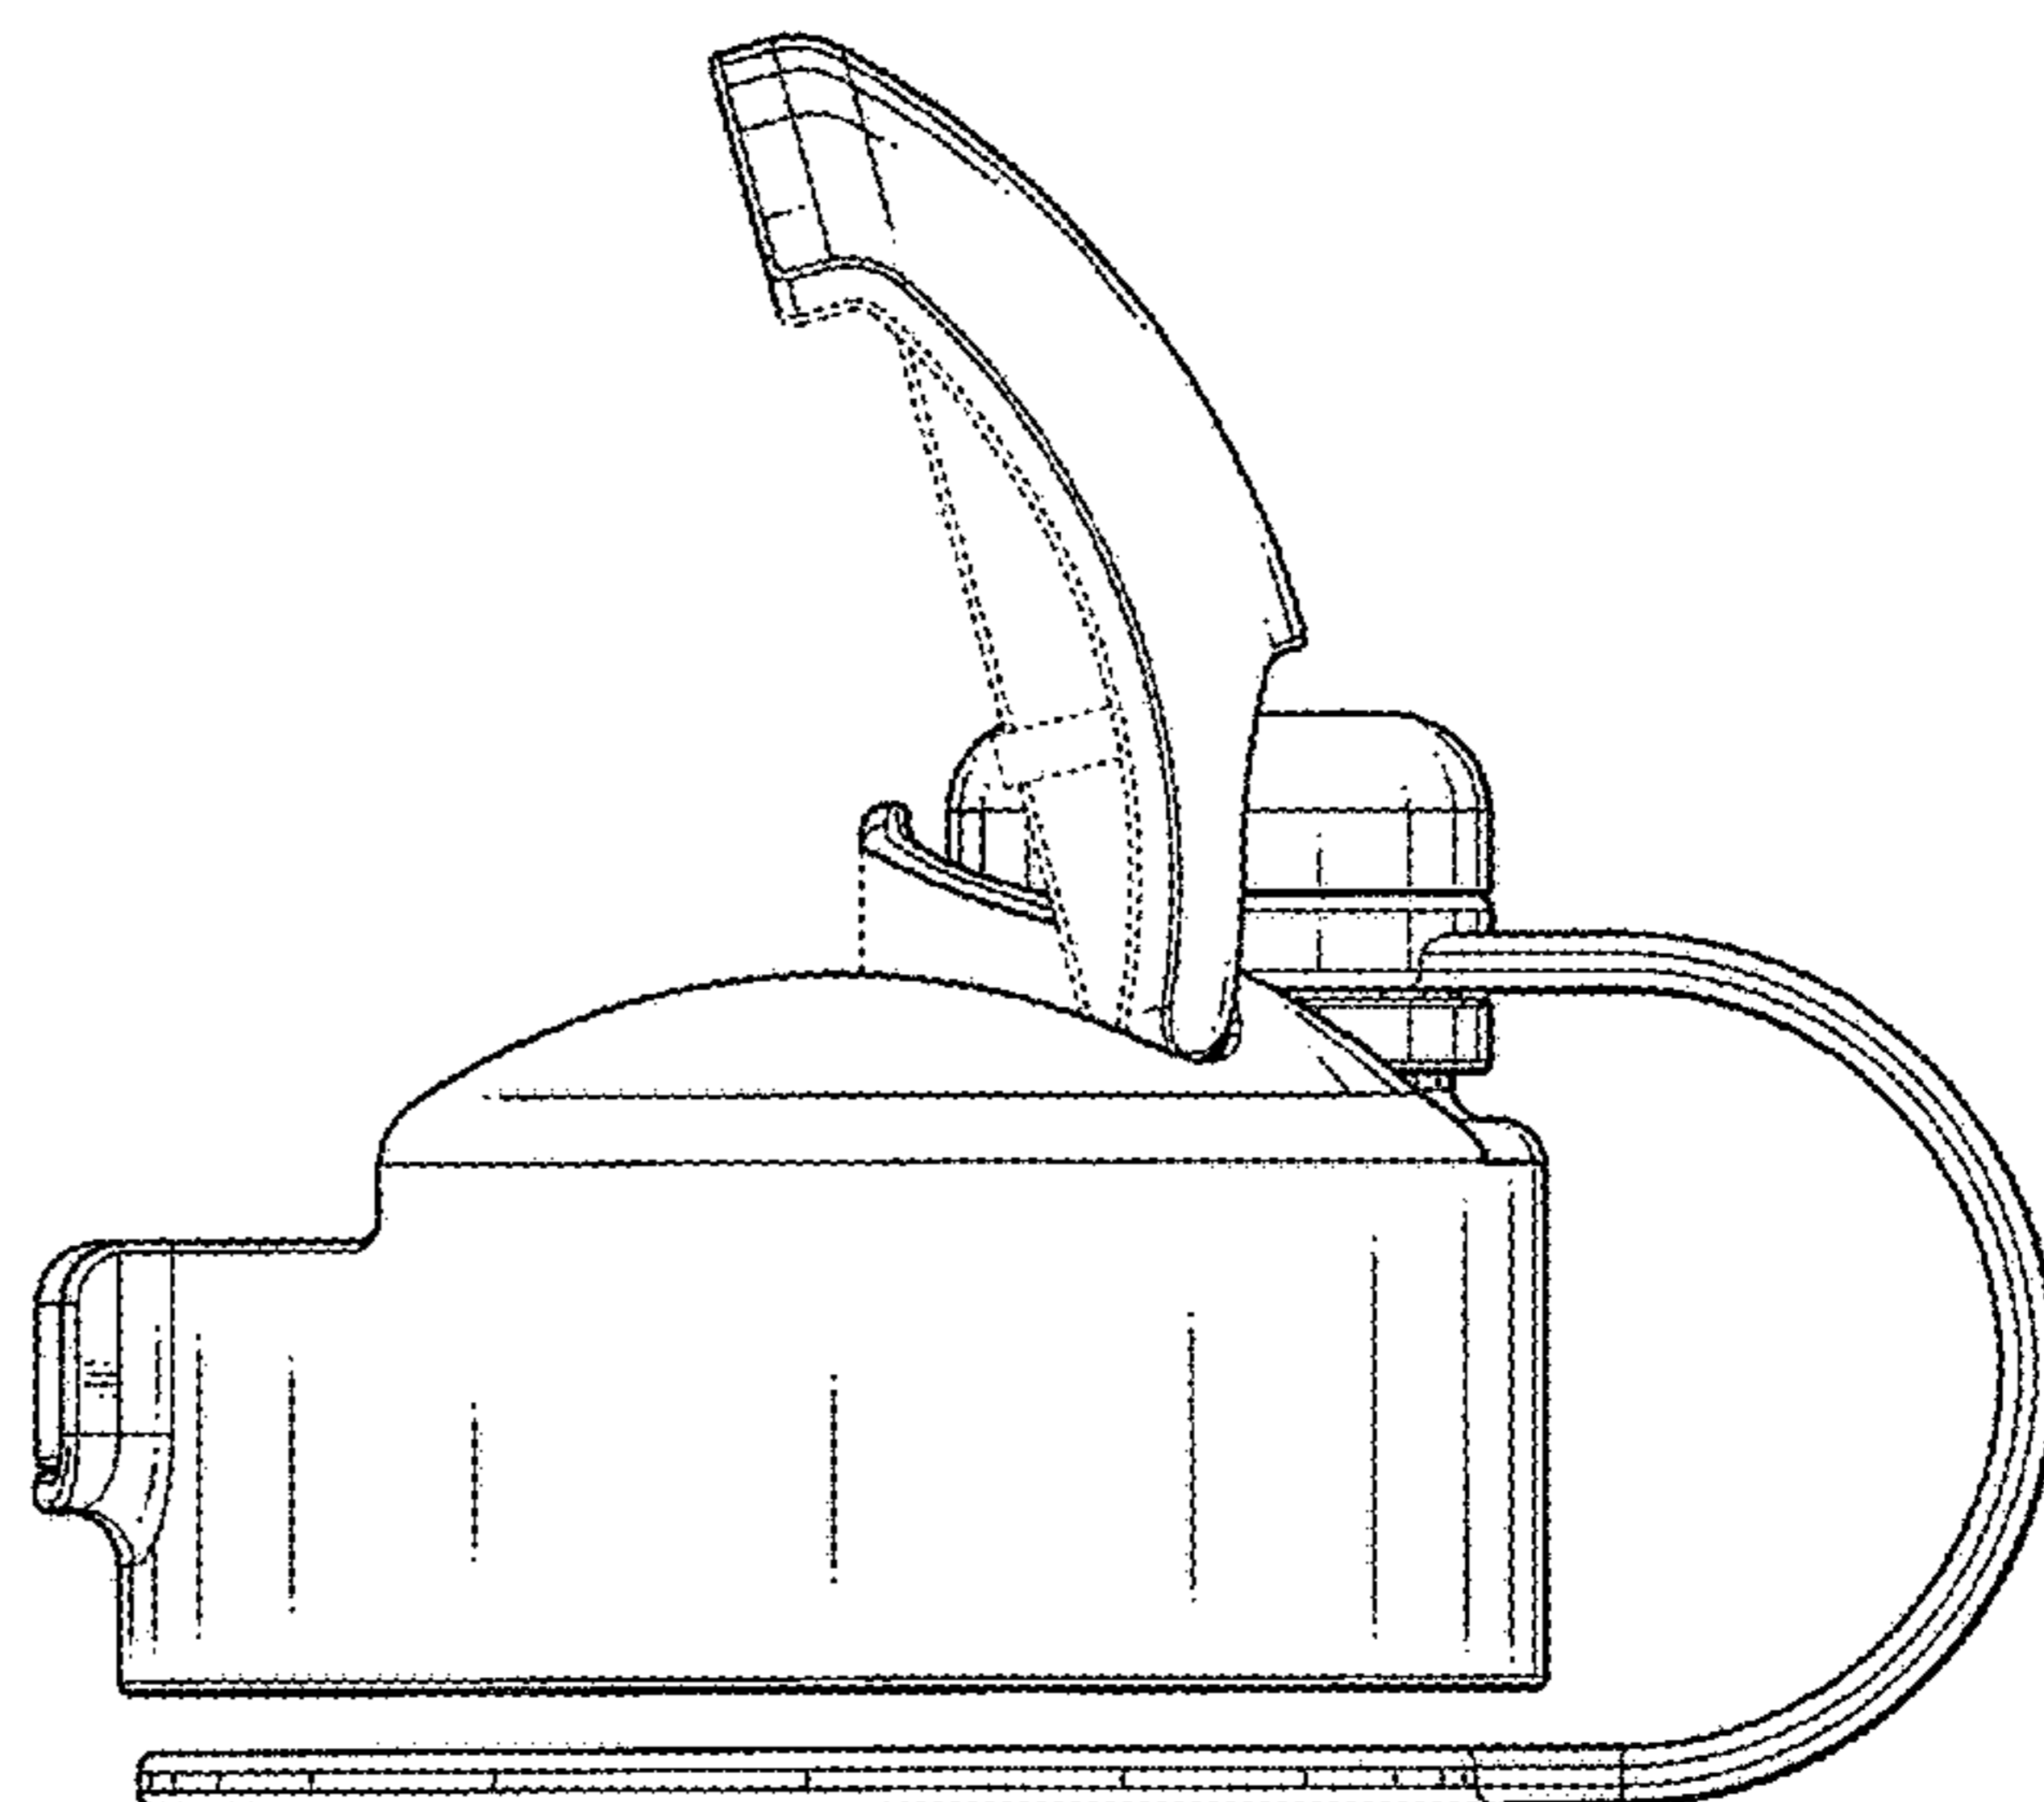

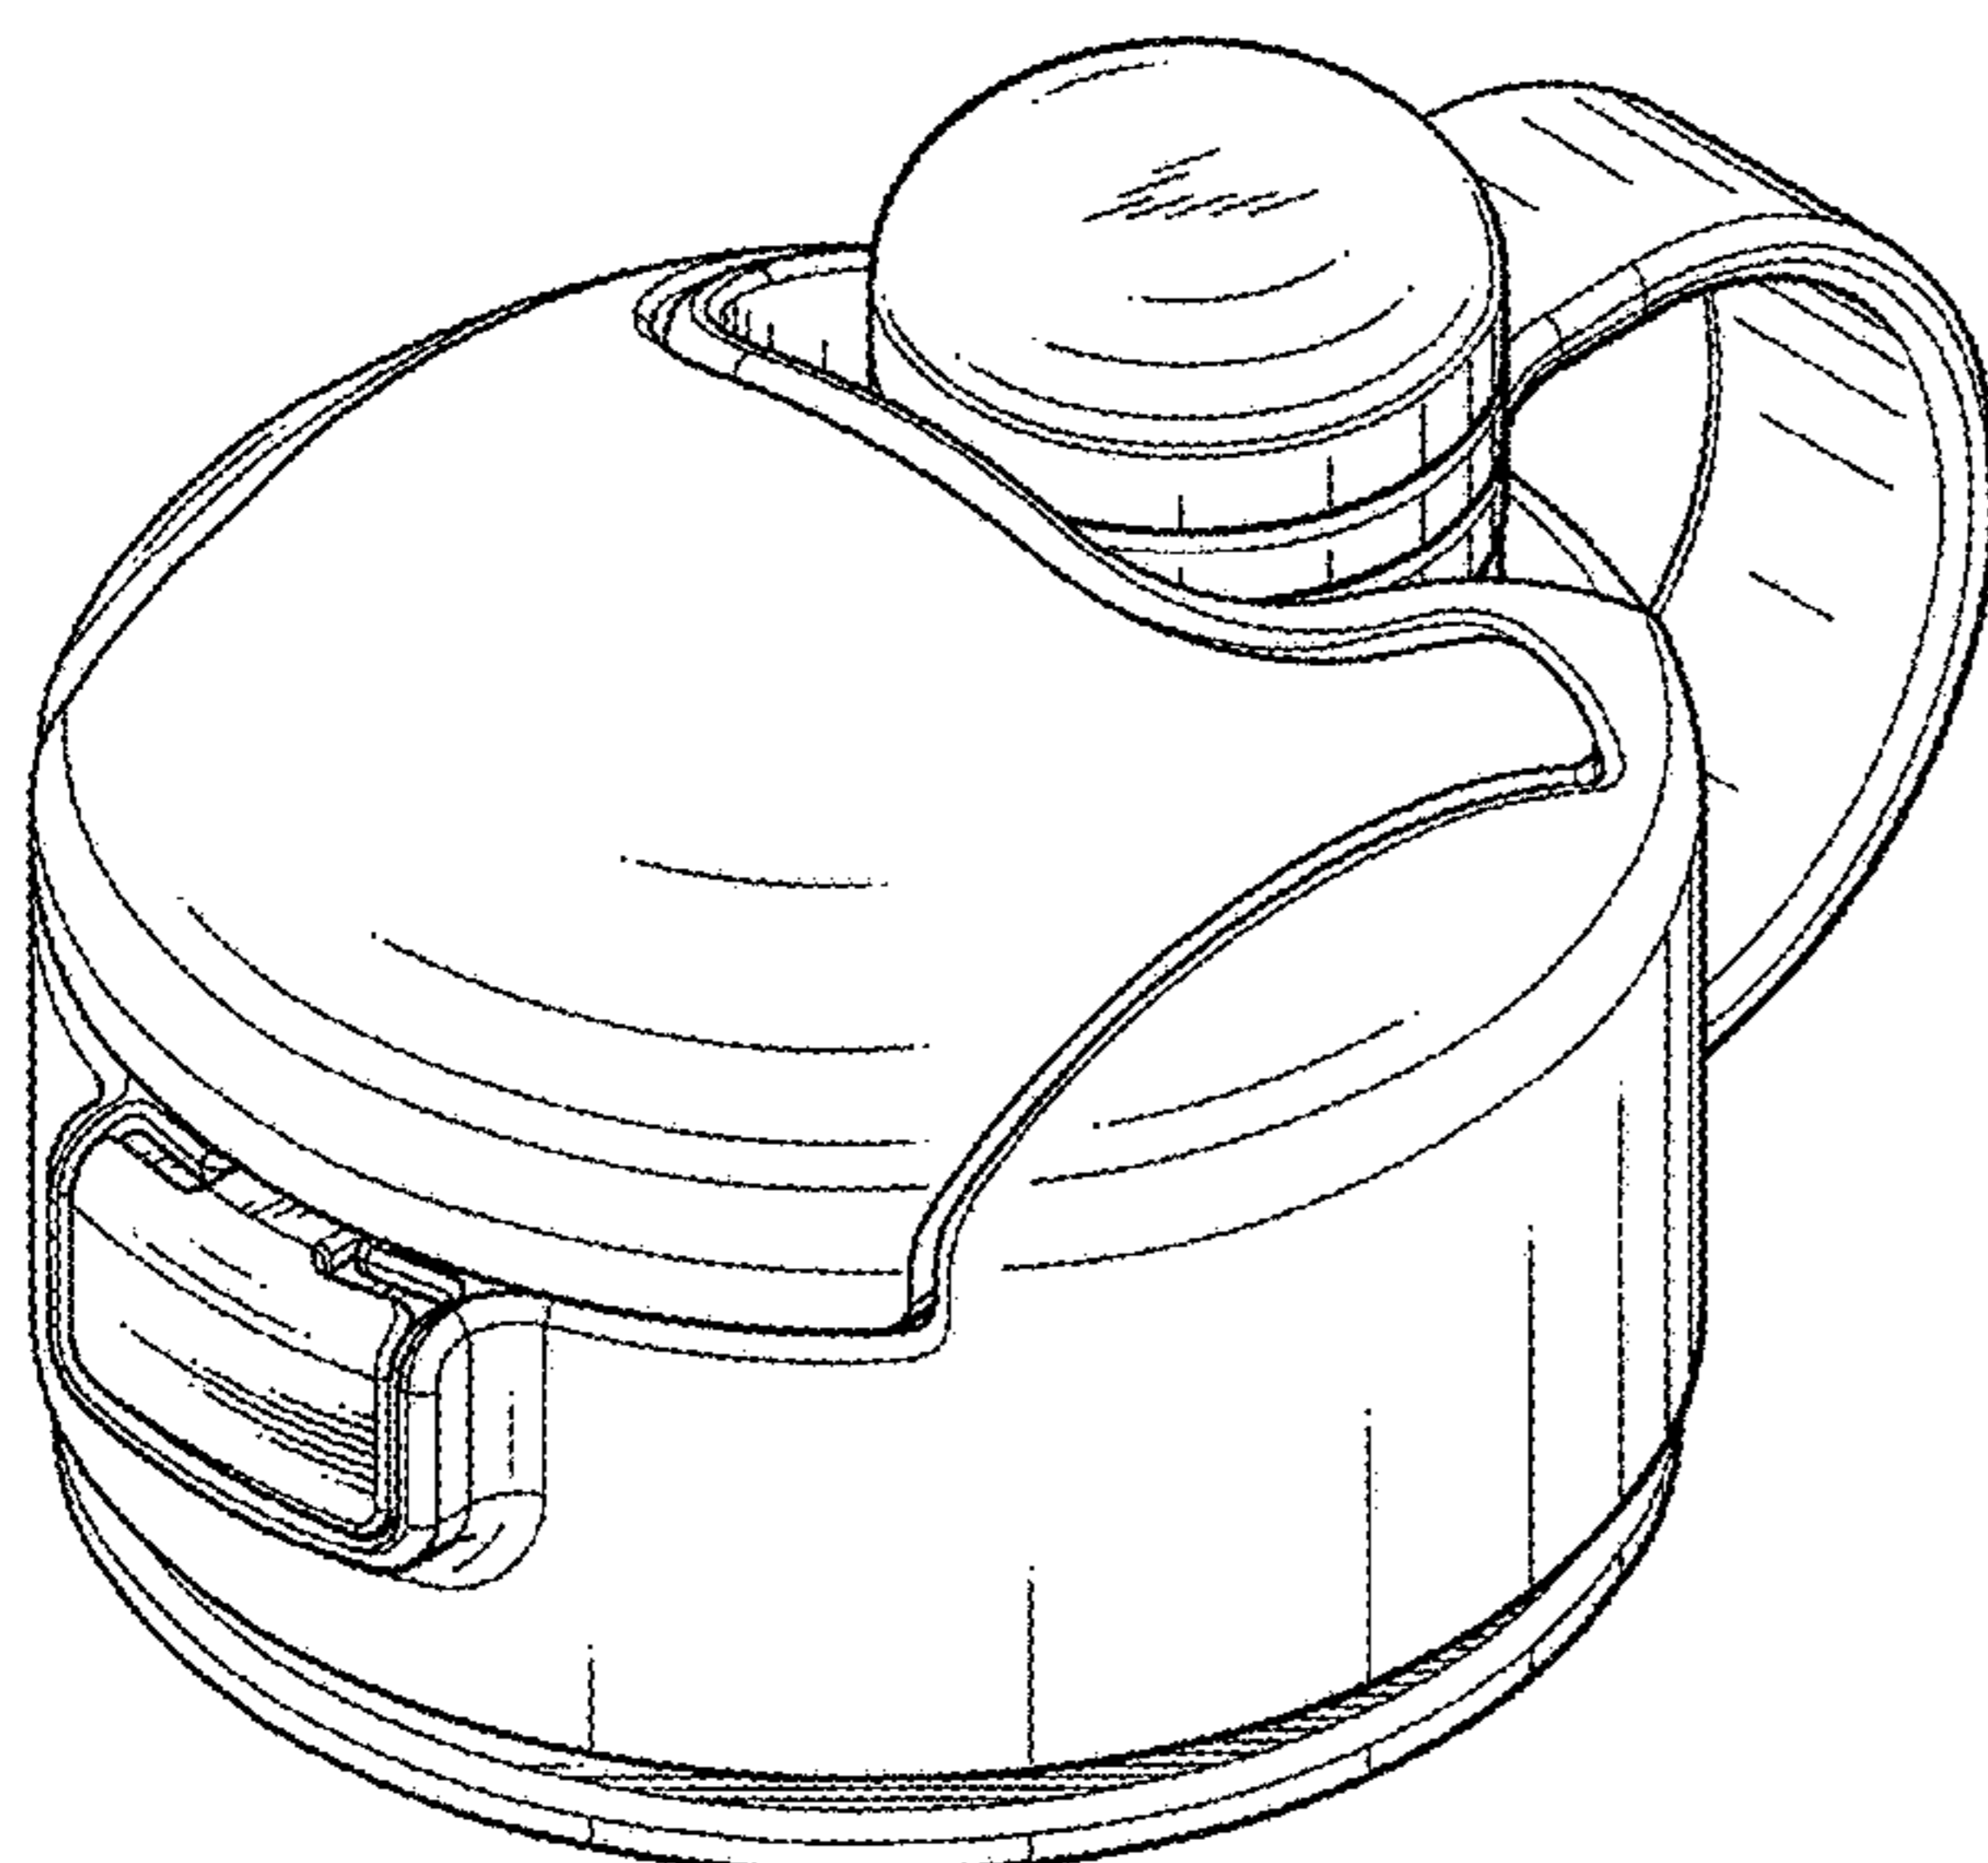

FIG. 5 is a top, plan view thereof.

FIG. 6 is a bottom, plan view thereof.

FIG. 7 is a right side elevational view of the dual access fluid dispensing lid of FIG. 3, in a first open configuration; and, FIG. 8 is a right side elevational view of the dual access fluid dispensing lid of FIG. 3, in a second open configuration.

The broken lines shown in the figures are for the purpose of illustrating portions of the dual access fluid dispensing lid, and form no part of the claimed design.
