(57) **CLAIM**

The ornamental design for a display screen with graphical
user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen with
graphical user interface, showing the new design.

The uneven-length broken line showing a display screen
defines the boundary of the design and forms no part of the
claim. The even-length dashed lines illustrate portions of the
graphical user interface that form no part of the claimed
design.
