DESCRIPTION

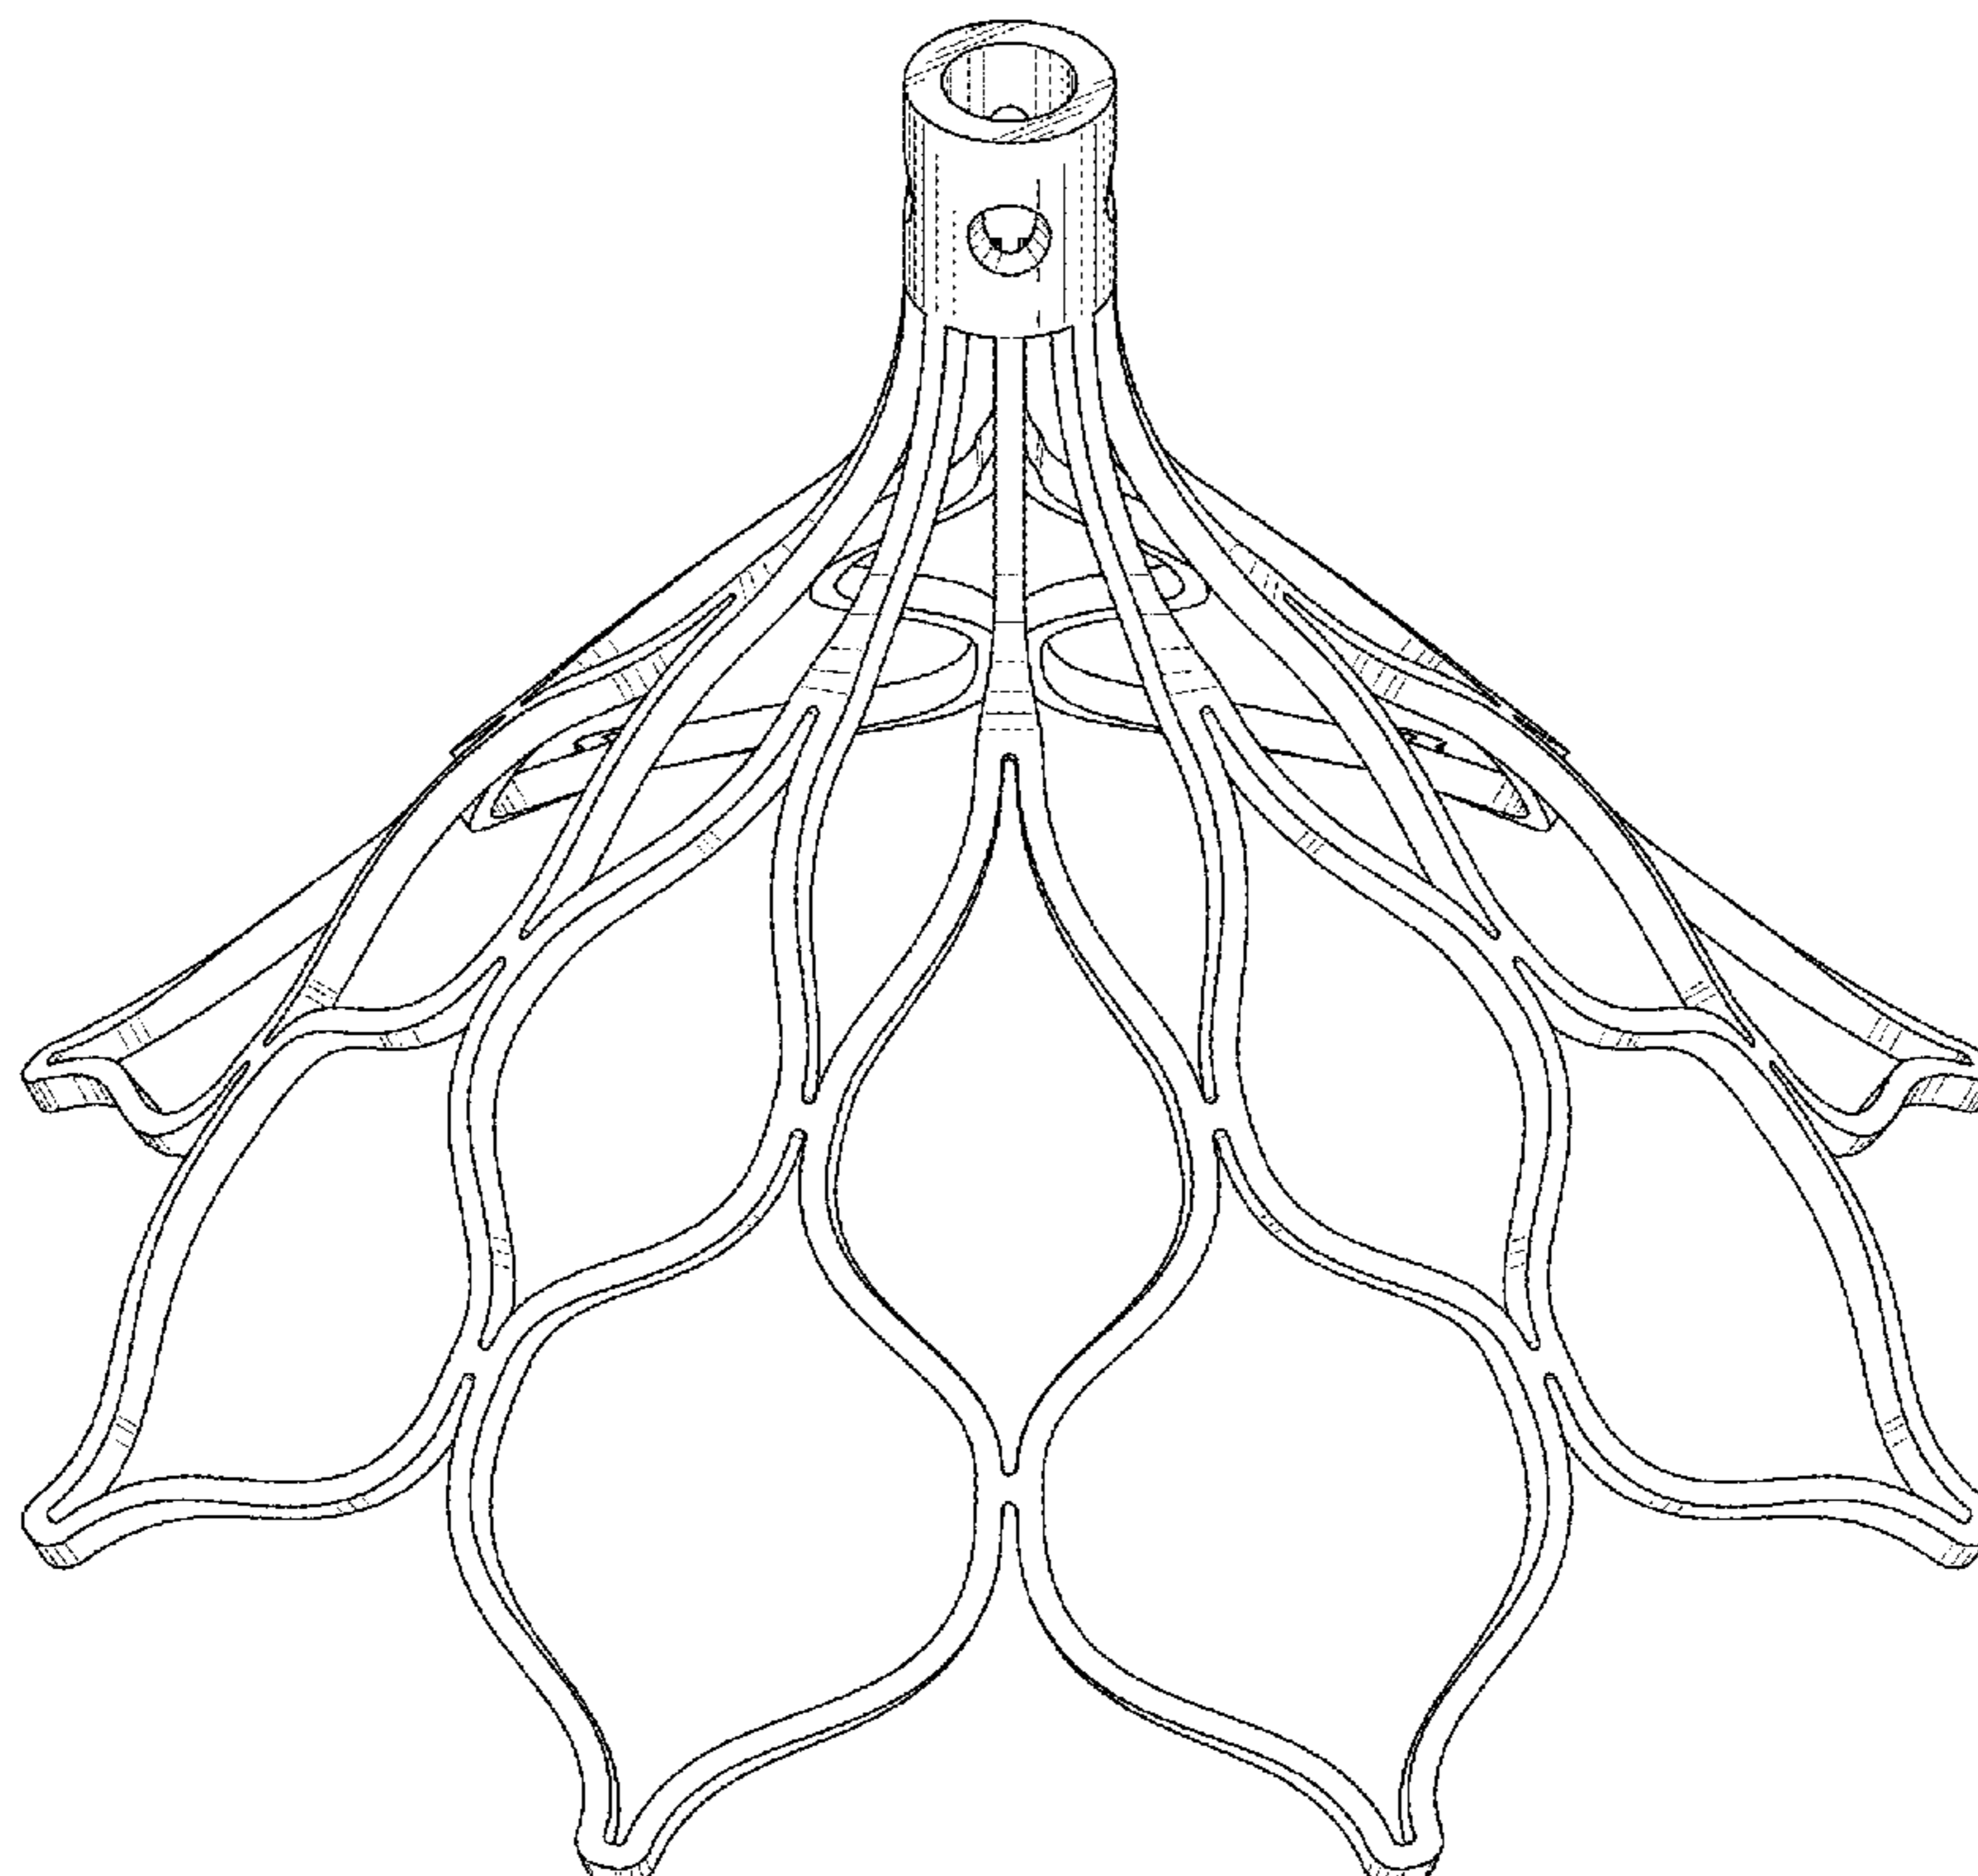

FIG. 1 is a perspective view of the anastomotic hole sealing assembly of the present invention;
FIG. 2 is another perspective view of the anastomotic hole sealing assembly of the present invention;
FIG. 3 is a front side elevational view of the anastomotic hole sealing assembly of the present invention (the back side elevational view is a mirror image of the front side elevational view);
FIG. 4 is a top plan view of the anastomotic hole sealing assembly of the present invention; and,
FIG. 5 is a bottom plan view of the anastomotic hole sealing assembly of the present invention.
