(57) **CLAIM**

The ornamental design of the light shade, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a light shade embodying the concepts of the present design invention;
FIG. 2 is a top plan view of the light shade of FIG. 1;
FIG. 3 is a bottom plan view of the light shade of FIG. 1;
FIG. 4 is a top and side perspective view of the light shade of FIG. 1; and,
FIG. 5 is a bottom and side perspective view of the light shade of FIG. 1.
The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.
The light shade is symmetrical around a central axis. Thus, the side elevational view of the light shade of FIG. 1 provides the same view at any side elevational view.
